Subject: Atmos Rebuttal Testimony - Spreadsheets

Jack,
The recently filed rebuttal testimony contained a number of spreadsheets in pdf format. I would appreciate it if you would get us the spreadsheets in excel format - with cells intact - just as soon as you can.

Should your client have any reluctance with complying with this request, I would urge them to review AG discovery request 1-86 which states "Provide copies of working Excel versions of all Filing Requirements, all attachments to Atmos' testimony, and Atmos' responses to all parties' data requests." In conjunction with AG 1-86, I suggest also referencing paragraph four (4) in the AG's 8/14/2013 filing, which states "These requests shall be deemed continuing so as to require further and supplemental responses if the company receives or generates additional information within the scope of these requests between the time of the response and the time of any hearing conducted hereon."

I look forward to hearing from you.

Greg
