Re: Atmos Energy Corporation
Case No. 2015-00343

Dear Mr. Derouen:

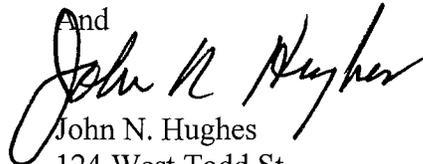

Pursuant to the Commission's order of January 8th, Atmos Energy Corporation submits the notice of publication for the R&D rate and the letter and certification of mailing of the T-4 rate. I certify that the electronic documents are true and correct copies of the original documents.

If you have any questions about this filing, please contact me.

Attorneys for Atmos Energy Corporation

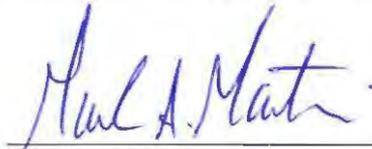

COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

IN THE MATTER OF)
RATE APPLICATION OF) Case No. 2015-00343
ATMOS ENERGY CORPORATION)

CERTIFICATE AND AFFIDAVIT

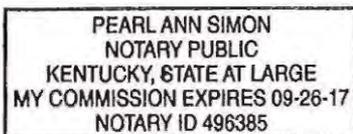

The Affiant, Mark A. Martin, being duly sworn, deposes and states that in accordance with the Commission's Order in Case No. 2015-00343 dated January 8, 2015, an abbreviated notice was supplied to the Kentucky Press Association on January 12, 2015 and will be published based on each newspaper's circulation schedule. A copy of those letters are submitted herewith. The letters to transportation customers were all mailed on January 14, 2015.

Mark A. Martin

STATE OF KENTUCKY
COUNTY OF DAVIESS

SUBSCRIBED AND SWORN to before me by Mark A. Martin on this the 15th day of January, 2016.

Notary Public - State of Kentucky at Large
My Commission Expires: September 26, 2017
Notary ID: 496385

**SUPPLEMENTAL NOTICE OF PROPOSED CHANGES IN GAS TARIFFS
WHICH WILL RESULT IN INCREASED CHARGES**

Supplemental Notice is hereby given that Atmos Energy Corporation ("Atmos Energy"), a public utility furnishing natural gas service within the Commonwealth of Kentucky, on or about the 23rd day of November, 2015 pursuant to Kentucky Revised Statute 278.180 and the Rules of the Public Service Commission of Kentucky respecting tariffs filed its notice with the Kentucky Public Service Commission ("KPSC"), proposing to change its gas rates effective December 23, 2015. The Supplemental Notice is being published to be in compliance with the Kentucky Public Service Commission's Order in Case No. 2015-00343 dated January 8, 2016.

Atmos Energy also is proposing a tariff modification:

1) Update the Company's Research & Development Rider (R&D) unit charge. The current R&D unit charge is \$0.0035/Mcf. The Company is proposing to increase the R&D unit charge to \$0.0174/Mcf.

Customer Class	Average Monthly Usage (Mcf)	Average Monthly Bill (Present Rates)	Average Monthly Bill (Proposed Rates)	Increase In Average Monthly Bill (\$)	Increase In Average Monthly Bill (%)
Residential	5.5	\$51.15	\$52.27	\$1.12	2.19%
Commercial/Pub Auth	27.3	\$207.80	\$211.36	\$3.56	1.72%
Industrial/transportation	6,209	\$4,416.88	\$4,541.17	\$124.28	2.81%

The impact on each customer's average bill will vary according to individual consumption levels. However, this impact can be determined by each customer by applying the proposed rates listed above to their respective average consumption levels.

The rates contained in this notice are the rates proposed by Atmos Energy Corporation, however, the KPSC may order rates to be charged that differ from the proposed rates contained in this notice. Such action may result in rates for customers higher or lower than the rates included in this notice.

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
Next 5% of $Dth_{Customer}$	110% of Index Price	90% of Index Price
Over 10% of $Dth_{Customer}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
5% - 10% of $Dth_{Customer}$	85% of Index Price	115% of Index Price
10% - 15% of $Dth_{Customer}$	70% of Index Price	130% of Index Price
15% - 20% of $Dth_{Customer}$	60% of Index Price	140% of Index Price
Over 20% of $Dth_{Customer}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
Next 5% of $Dth_{Customer}$	110% of Index Price	90% of Index Price
Over 10% of $Dth_{Customer}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
5% - 10% of $Dth_{Customer}$	85% of Index Price	115% of Index Price
10% - 15% of $Dth_{Customer}$	70% of Index Price	130% of Index Price
15% - 20% of $Dth_{Customer}$	60% of Index Price	140% of Index Price
Over 20% of $Dth_{Customer}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
Next 5% of $Dth_{Customer}$	110% of Index Price	90% of Index Price
Over 10% of $Dth_{Customer}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
5% - 10% of $Dth_{Customer}$	85% of Index Price	115% of Index Price
10% - 15% of $Dth_{Customer}$	70% of Index Price	130% of Index Price
15% - 20% of $Dth_{Customer}$	60% of Index Price	140% of Index Price
Over 20% of $Dth_{Customer}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

PO BOX 127
CALVERT CITY, KY 42029

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
Next 5% of $Dth_{Customer}$	110% of Index Price	90% of Index Price
Over 10% of $Dth_{Customer}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $Dth_{Customer}$	100% of Index Price	100% of Index Price
5% - 10% of $Dth_{Customer}$	85% of Index Price	115% of Index Price
10% - 15% of $Dth_{Customer}$	70% of Index Price	130% of Index Price
15% - 20% of $Dth_{Customer}$	60% of Index Price	140% of Index Price
Over 20% of $Dth_{Customer}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Owensboro Grain Edible Oils, Inc.
P O Box 1787
Owensboro, KY 42302-1787

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
Next 5% of Dth _{Customer}	110% of Index Price	90% of Index Price
Over 10% of Dth _{Customer}	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of Dth _{Customer}	100% of Index Price	100% of Index Price
5% - 10% of Dth _{Customer}	85% of Index Price	115% of Index Price
10% - 15% of Dth _{Customer}	70% of Index Price	130% of Index Price
15% - 20% of Dth _{Customer}	60% of Index Price	140% of Index Price
Over 20% of Dth _{Customer}	50% of Index Price	150% of Index Price

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.

A person may also examine the application at the Public Service Commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Public Service Commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Public Service Commission does not receive a written request for intervention within thirty (30) days of initial publication of this Notice, it may take final action on Atmos Energy's application.

Subject: Case No. 2015-00343

Dear Sir/Madam:

On November 23, 2015, Atmos Energy Corporation (Company) tendered an application seeking an adjustment of rates and tariff modifications. On or about that same time, the Company filed public notices in all of the newspapers that cover the Company's service areas. The public notices contained a current rate slightly differently than the actual current rate in the Company's tariff and inadvertently omitted any discussion related to new cashout tiers. The Company apologizes for the oversight and is sending you this letter to correct those areas of concern.

In the public notice, the monthly base charge for T-4 service listed the current rate as \$390.09; however, the correct current rate is \$390.12. All other rates outlined in the Company's public notice were correct.

Also, the Company is proposing to mirror the upstream pipeline's cashout tiers. The Company's current cashout tiers are as follows:

	Negative Imbalance	Positive Imbalance
Imbalance volumes	Cash-Out Price	Cash-Out Price
First 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
Next 5% of $D_{th_{Customer}}$	110% of Index Price	90% of Index Price
Over 10% of $D_{th_{Customer}}$	120% of Index Price	80% of Index Price

The Company proposed cashout tiers would be as follows:

	Cash-Out Price	Cash-Out Price
Imbalance volumes	For Positive Imbalances	For Negative Imbalances
0% - 5% of $D_{th_{Customer}}$	100% of Index Price	100% of Index Price
5% - 10% of $D_{th_{Customer}}$	85% of Index Price	115% of Index Price
10% - 15% of $D_{th_{Customer}}$	70% of Index Price	130% of Index Price
15% - 20% of $D_{th_{Customer}}$	60% of Index Price	140% of Index Price
Over 20% of $D_{th_{Customer}}$	50% of Index Price	150% of Index Price

Atmos Energy's application for rate adjustment is available for examination at its offices listed below. Any person may obtain a copy of the application, testimony or other documents or examine the rate application and any related filings at the offices of Atmos Energy listed below or at its website www.atmosenergy.com or the Commission office or its website listed below.
