NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PER, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PER, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PER, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PER, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

TEMPO TELECOM, LLC LIFELINE SUBSCRIBER ELIGIBILITY VERIFICATION PROCESS

When reviewing a sales order and associated documents, it is imperative that the following guidelines be followed.

Step 1 - Make sure all information is correct and accurate.

**If you have any doubts about the validity of the order or documentation/information provided, do not proceed!

**If there is anything that you do not feel 100% confident in approving, do not proceed!

Make sure if the paperwork is marked as a temporary address, it is marked as such in the Lifeline screen before enrolling in NLAD.

- Applicant must provide photo ID (Driver's license or another state issued ID) with name and household address. It is this address that will be used to qualify them for Lifeline.
- There is only one Lifeline assistance program available per household. If someone else in their household already has Lifeline service, either landline or wireless, they cannot obtain Tempo Lifeline wireless (mobile or home phone) service unless both qualify under the shared/multi-household residence conditions. See Step 3.
- Applicant cannot receive Lifeline service from more than one company. If they have Lifeline service from another company, and are interested in signing up for Tempo Lifeline service, they must immediately cancel their Lifeline service with their previous Lifeline service provider. Advise the customer that Tempo will initiate a benefit transfer via NLAD.
- Applicant cannot receive Lifeline reimbursement for both home phone (landline) and wireless service at the same time in the same household. If they currently have Lifeline service for wireless phone service through a Tempo affiliate, they must immediately cancel that if they wish to obtain Tempo home phone service.
- Applicant can only qualify for Lifeline if they participate in one of the eligible low income programs listed below and on the application for Lifeline.

Step 2 – Program Eligibility

For prospective customers to be eligible for the Tempo Lifeline program, the applicant must participate in one of the eligible programs available in his or her state. The following are the most common eligibility programs:

- Lifeline Supplemental Nutrition Assistance Program (SNAP) – formerly known as Food Stamps

- Federal Public Housing Assistance (FPHA) or Section 8
- National School Lunch Program's free lunch program
- Low Income Home Energy Assistance Program (LIHEAP)
- Temporary Assistance for Needy Families (TANF)
- Supplemental Security Income (SSI)
- Medicaid

The applicant may also be eligible if he or she has a household income at or below 135% of the Federal Poverty Guidelines. The Federal Poverty Guidelines are attached to this Certification document. The following are acceptable types of documentation:

- The prior year's state, federal or Tribal tax return
- A current income statement from an employer or paycheck stub
- A Social Security statement of benefits
- A Veterans Administration statement of benefits
- A retirement or pension statement of benefits
- An Unemployment or Workers' Compensation statement of benefits
- A federal or Tribal notice letter of participation in General Assistance
- A divorce decree, child support award, or other official document containing income information

If the documentation relied on does not cover a full year, such as a current pay stub, the subscriber must present the same type of documentation covering three consecutive months within the previous twelve months.

The Applicant must fill out all information fields on the Tempo Lifeline Enrollment Form. If any of these fields are left blank, the application is not valid.

Applicant must be able to comply with every certification on the application, and applicant must confirm each certification by initialing on the provided line. If any certifications are left blank, or are simply check marked, the application is not valid.

Applicant must sign and date the Tempo Lifeline Enrollment Form, or the application is not valid.

Step 3 – Shared Household

If the applicant has identified their address to be a shared, multi-household residence, the applicant must also complete the **Tempo Lifeline Household Worksheet**.

Applicant must read and complete the worksheet. In this shared, multi-household residence scenario, if the worksheet is not turned in or completed, the Lifeline Enrollment Form will not be valid.

PLEASE make sure the applicant signs and dates the worksheet.
