**REVISED PETITION OF KENTUCKY UTILITIES COMPANY**  
**FOR CONFIDENTIAL PROTECTION**

Kentucky Utilities Company (“KU” or the “Company”) filed a Petition for Confidential Protection on February 20, 2017, which requested protection for certain information provided in response to the Kentucky Public Service Commission (“Commission”) Staff’s Third Request for Information; the Attorney General’s Supplemental Data Requests; and the Lexington Fayette Urban County Government’s (“LFUCG”) Second Request for Information. The Petition included a request for confidential protection of documents provided in response to LFUCG Item 2-52. In the Petition filed on February 20, 2017, KU requested confidential protection for the *entirety* of the documents provided in response to LFUCG Item 2-52.

Based on further review, KU respectfully files a revision to its February 20, 2017 Petition to request confidential protection for only a *portion* of the documents provided in response to LFUCG Item 2-52.

On March 3, 2017, LFUCG filed the testimony of Douglas Jester and a Petition for Confidential Protection of Exhibit DJ-8. In the Petition, LFUCG explained that it sought confidential protection because the “documents that are contained in Exhibit DJ-8 to the testimony of Douglas Jester are product specification sheets for the light offerings that Kentucky

Utilities identified in response to LFUCG 2-52.”<sup>1</sup> LFUCG then noted that the product specification sheets are publicly available. After receiving LFUCG’s Petition, KU investigated LFUCG’s claim that some information provided in response to LFUCG Item 2-52 was publicly available and determined that some of the information in fact is publically available. The pricing information, however, contained in KU’s response to LFUCG Item 2-52 is not publicly available and should remain confidential for the reasons described in KU’s Petition for Confidential Protection filed on February 20, 2017.

KU files a revision to its Petition for Confidential Protection filed on February 20, 2017. KU requests confidential protection for only a portion of the documents provided in response to LFUCG Item 2-52 instead of the entirety of the documents as was requested on February 20, 2017. KU is filing a revised response and attachments to LFUCG Item 2-52 on this date. No other revisions to KU’s Petition are necessary and KU restates the unrevised requests for confidential protection filed on February 20, 2017 and KU incorporates the unrevised requests by reference to the Petition for Confidential Protection filed on February 20, 2017.

**WHEREFORE**, Kentucky Utilities Company respectfully requests that the Commission grant the revised Petition for Confidential Protection as described herein.

Dated: March 13, 2017

Respectfully submitted,

---
