## SELECTED ECONOMIC CHARACTERISTICS

## 2011-2015 American Community Survey 5-Year Estimates

Note: This is a modified view of the original table.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Tell us what you think. Provide feedback to help make American Community Survey data more useful for you.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Subject	Jefferson County, Kentucky				
	Estimate	Margin of Error	Percent	Percent Margin of Error	
EMPLOYMENT STATUS					
Population 16 years and over	602,071	+/-487	602,071	(X)	
In labor force	395,319	+/-2,060	65.7%	+/-0.3	
Civilian labor force	394,720	+/-2,040	65.6%	+/-0.3	
Unemployed	33,210	+/-1,390	5.5%	+/-0.2	
Civilian labor force	394,720	+/-2,040	394,720	(X)	
Unemployment Rate	(X)	(X)	8.4%	+/-0.3	
Females 16 years and over	315,896	+/-345	315,896	(X)	
In labor force	193,121	+/-1,557	61.1%	+/-0.5	
Civilian labor force	193,013	+/-1,550	61.1%	+/-0.5	
Employed	177,419	+/-1,504	56.2%	+/-0.5	
Own children of the householder under 6 years	56,124	+/-817	56,124	(X)	
All parents in family in labor force	40,579	+/-1,076	72.3%	+/-1.8	
Own children of the householder 6 to 17 years	104,773	+/-865	104,773	(X)	
All parents in family in labor force	79,578	+/-1,501	76.0%	+/-1.2	
COMMUTING TO WORK					
Workers 16 years and over	354,543	+/-2,390	354,543	(X)	
Public transportation (excluding taxicab)	9,651	+/-635	2.7%	+/-0.2	
Other means	5,336	+/-570	1.5%	+/-0.2	
Mean travel time to work (minutes)	22.1	+/-0.2	(X)	(X)	
OCCUPATION					
Civilian employed population 16 years and over	361,510	+/-2,325	361,510	(X)	
Management, business, science, and arts occupations	133,627	+/-2,261	37.0%	+/-0.6	
Service occupations	59,407	+/-1,583	16.4%	+/-0.4	

Subject	Jefferson County, Kentucky				
	Estimate	Margin of Error	Percent	Percent Margin o Error	
Sales and office occupations	89,497	+/-1,771	24.8%	+/-0.5	
Natural resources, construction, and maintenance	23,794	+/-1,367	6.6%	+/-0.4	
occupations Production, transportation, and material moving	55,185	+/-1,635	15.3%	+/-0.4	
occupations	33,103	+/-1,000	13.570	7/-0.	
NDUSTRY					
Civilian employed population 16 years and over	361,510	+/-2,325	361,510	(X	
Agriculture, forestry, fishing and hunting, and mining	1,600	+/-388	0.4%	+/-0.	
Construction	16,864	+/-1,142	4.7%	+/-0.	
Manufacturing	40,848	+/-1,457	11.3%	+/-0.	
Wholesale trade	11,396	+/-672	3.2%	+/-0.	
Retail trade	37,947	+/-1,218	10.5%	+/-0.	
Transportation and warehousing, and utilities	27,699	+/-1,203	7.7%	+/-0.	
Information	7,455	+/-571	2.1%	+/-0.	
Finance and insurance, and real estate and rental	29,661	+/-1,087	8.2%	+/-0.	
and leasing Professional, scientific, and management, and	35,825	+/-1,236	9.9%	+/-0.	
administrative and waste management services  Educational services, and health care and social					
assistance	88,421	+/-1,814	24.5%	+/-0.	
Arts, entertainment, and recreation, and accommodation and food services	35,309	+/-1,502	9.8%	+/-0.	
Other services, except public administration	16,951	+/-934	4.7%	+/-0.	
Public administration	11,534	+/-729	3.2%	+/-0.	
CLASS OF WORKER					
Civilian employed population 16 years and over	361,510	+/-2,325	361,510	()	
Private wage and salary workers	303,675	+/-2,441	84.0%	+/-0.

ERCENTAGE OF FAMILIES AND PEOPLE WHOSE NCOME IN THE PAST 12 MONTHS IS BELOW THE OVERTY LEVEL				
All families	(X)	(X)	11.8%	+/-0

Subject	Jefferson County, Kentucky			
	Estimate	Margin of Error	Percent	Percent Margin of Error
With related children of the householder under 18 years	(X)	(X)	19.9%	+/-0.9
With related children of the householder under 5 years only	(X)	(X)	19.3%	+/-2.4
Married couple families	(X)	(X)	4.5%	+/-0.4
With related children of the householder under 18 years	(X)	(X)	7.2%	+/-0.7
With related children of the householder under 5 years only	(X)	(X)	5.6%	+/-1.6
Families with female householder, no husband present	(X)	(X)	30.7%	+/-1.5
With related children of the householder under 18 years	(X)	(X)	40.5%	+/-2.0
With related children of the householder under 5 years only	(X)	(X)	46.3%	+/-5.1
All people	(X)	(X)	16.4%	+/-0.5
Under 18 years	(X)	(X)	24.2%	+/-1.1
Related children of the householder under 18 years	(X)	(X)	23.9%	+/-1.1
Related children of the householder under 5 years	(X)	(X)	27.1%	+/-1.7
Related children of the householder 5 to 17 years	(X)	(X)	22.6%	+/-1.2
18 years and over	(X)	(X)	14.1%	+/-0.5
18 to 64 years	(X)	(X)	15.3%	+/-0.5
65 years and over	(X)	(X)	9.0%	+/-0.5
People in families	(X)	(X)	13.5%	+/-0.6
Unrelated individuals 15 years and over	(X)	(X)	26.7%	+/-0.9

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Employment and unemployment estimates may vary from the official labor force data released by the Bureau of Labor Statistics because of differences in survey design and data collection. For guidance on differences in employment and unemployment estimates from different sources go to Labor Force Guidance.

Workers include members of the Armed Forces and civilians who were at work last week.

Occupation codes are 4-digit codes and are based on Standard Occupational Classification 2010.

Industry codes are 4-digit codes and are based on the North American Industry Classification System (NAICS). The Census industry codes for 2013 and later years are based on the 2012 revision of the NAICS. To allow for the creation of 2011-2015 tables, industry data in the multiyear files (2011-2015) were recoded to 2013 Census industry codes. We recommend using caution when comparing data coded using 2013 Census industry codes with data coded using Census industry codes prior to 2013. For more information on the Census industry code changes, please visit our website at https://www.census.gov/people/io/methodology/.

Logical coverage edits applying a rules-based assignment of Medicaid, Medicare and military health coverage were added as of 2009 -- please see https://www.census.gov/library/working-papers/2010/demo/coverage\_edits\_final.html for more details. The 2008 data table in American FactFinder does not incorporate these edits. Therefore, the estimates that appear in these tables are not comparable to the estimates in the 2009 and later tables. Select geographies of 2008 data comparable to the 2009 and later tables are available at https://www.census.gov/data/tables/time-series/acs/1-year-re-run-health-insurance.html. The health insurance coverage category names were modified in 2010. See https://www.census.gov/topics/health/health-insurance/about/glossary.html#par\_textimage\_18 for a list of the insurance type definitions.

While the 2011-2015 American Community Survey (ACS) data generally reflect the February 2013 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

## Explanation of Symbols:

- 1. An '\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- 2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
  - 3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
  - 4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
- 5. An '\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
  - 6. An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- 7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
  - 8. An '(X)' means that the estimate is not applicable or not available.
