O R D E R

On October 27, 1999, the Commission approved an interconnection agreement between BellSouth Telecommunications, Inc. ("BellSouth") and IntraLEC, Inc. ("IntraLEC").

On January 14, 2000, BellSouth and IntraLEC submitted to the Commission an amendment to their interconnection agreement. The agreement was negotiated pursuant to the Telecommunications Act of 1996 ("1996 Act"), 47 U.S.C. Sections 251 and 252. Section 252(e) of the 1996 Act requires the parties to an interconnection agreement adopted by negotiation to submit the agreement for approval to the Commission.

The Commission has reviewed the amendment and finds that no portion of the amendment discriminates against a telecommunications carrier not a party to the agreement. The Commission also finds that the implementation of this amendment is consistent with the public interest, convenience, and necessity.

The Commission, having been otherwise sufficiently advised, HEREBY ORDERS
that the amendment is approved.

Done at Frankfort, Kentucky, this 15th day of February, 2000.

ATTACHMENT TO TRANSMITTAL LETTER

The Agreement entered into by and between IntraLEC, Inc. and BellSouth Telecommunications, Inc., dated 11/29/1999, for the state(s) of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee consists of the following:

ITEM	NO. PAGES
Amendment	2
TOTAL	2

**AMENDMENT TO THE
INTRALEC, INC. AND
BELLSOUTH INTERCONNECTION AGREEMENT
DATED
JULY 22, 1999**

Pursuant to this Amendment to the IntraLEC, Inc./BellSouth Interconnection Agreement (the "Amendment"), for the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee, IntraLEC, Inc. ("IntraLEC") and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend the IntraLEC/BellSouth Interconnection Agreement dated July 22, 1999 ("Interconnection Agreement").

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, IntraLEC and BellSouth hereby covenant and agree as follows:

1. The Parties agree that BellSouth will, upon request, provide IntraLEC Multiple Tandem Access for Local Interconnection as set forth below. The following provisions are hereby added to Attachment 3 of the Interconnection Agreement:

3.1 Multiple Tandem Access (MTA). BellSouth **Multiple Tandem Access (MTA)** provides for LATA wide BellSouth transport and termination of IntraLEC-originated intraLATA toll and local traffic, that is transported by BellSouth, by establishing a Point of Interconnection at a BellSouth access tandem with routing through multiple BellSouth access tandems as required. However, IntraLEC must still establish Points of Interconnection at all BellSouth access tandems where IntraLEC NXXs are "homed". If IntraLEC does not have NXXs homed at a BellSouth access tandem within a LATA and elects not to establish Points of Interconnection at such BellSouth access tandem, IntraLEC can order MTA in each BellSouth access tandem within the LATA where it does have a Point of Interconnection and BellSouth will terminate traffic to end-users served through those BellSouth access tandems where IntraLEC does not have a Point of Interconnection. MTA shall be provisioned in accordance with BellSouth's Ordering Guidelines.

3.1.1 MTA does not include switched access traffic that transits the BellSouth network to an Interexchange Carrier (IXC). Switched Access traffic will be delivered to and by IXCs based on IntraLEC's NXX Access Tandem homing arrangement as specified by IntraLEC in the national Local Exchange Routing Guide (LERG).

3.1.2 For IntraLEC-originated local and intraLATA toll traffic that BellSouth transports but is destined for termination by a third Party network (transit traffic), BellSouth MTA is required if multiple BellSouth access tandems are necessary to deliver the call to the third Party network.

3.1.3 The Parties agree that compensation for the BellSouth transport and/or termination of IntraLEC's local and intraLATA toll traffic will be billed on a

statewide basis at the applicable rates specified in Attachment 11 to this Agreement for local traffic and at the BellSouth intrastate switched access tariff rates for intraLATA toll traffic.

3.1.4 To the extent IntraLEC does not purchase MTA in a calling area that has multiple access tandems serving the calling area as defined by BellSouth, IntraLEC must establish Points of Interconnection to every access tandem in the calling area in order to serve the entire calling area. To the extent IntraLEC does not purchase MTA and provides intraLATA toll service to its customers, it may be necessary for it to establish a Point of Interconnection to additional BellSouth access tandems that serve end offices outside the local calling area. To the extent IntraLEC routes its traffic in such a way that utilizes BellSouth's MTA service without properly ordering MTA service, IntraLEC agrees to pay BellSouth the associated transport and termination charges.

2. All of the other provisions of the Agreement shall remain unchanged and in full force and effect.

3. Either or both of the Parties is authorized to submit this Amendment to the appropriate State Public Service Commissions or other Regulatory Agencies for approval subject to Section 252 (e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.
