O R D E R

On October 1, 1999, the Complainant, Dr. Tobianna Huddleston, filed a formal complaint against the Lake Village Water Association, Inc., ("Lake Village"). Dr. Huddleston alleged in her complaint that Lake Village failed to repair a leak she reported to them and that this failure to repair said leak resulted in damage to personal and real property. Dr. Huddleston also alleged that the meter on the property was inaccurate and this caused Lake Village to overcharge for her actual water use. Dr. Huddleston requested that Lake Village replace the allegedly malfunctioning meter and repair the alleged leak in the pipes. Dr. Huddleston, in additional written correspondence with the Commission, further requested compensation for property damage caused by the alleged leak.

In its answer dated October 27, 1999, Lake Village specifically denied that a leak existed at the location referenced by Dr. Huddleston and further denied that it had

overcharged Dr. Huddleston for actual water usage measured through the allegedly malfunctioning meter. Lake Village further claimed that it had examined the property for the alleged leak several times, each time finding no leak. Lake Village also claimed that it had tested the disputed meter and had in fact replaced the meter in Dr. Huddleston's property three times prior to the filing of this formal complaint, testing all removed meters for accuracy. Lake Village claims that all of the tests resulted in finding that all three meters fell within the prescribed requirements promulgated by the Commission.

Pursuant to procedure, the Commission entered a procedural order ordering a discovery schedule and a hearing on the matter scheduled for April 7, 2000 at 9:00 a.m., Eastern Daylight Time, in the Commission's offices located at 211 Sower Boulevard in Frankfort, Kentucky.

On March 2, 2000, the Commission received a letter from Dr. Huddleston requesting that her complaint be dismissed upon her own motion. In this letter, Dr Huddleston states that she had been informed by a third party that the Commission does not have the jurisdiction to grant the relief she sought, to wit, compensation for damages allegedly caused by Lake Village's negligence.

The Commission, having reviewed the evidence of record and having been otherwise sufficiently advised, **HEREBY ORDERS** that the Complainant's motion is granted and the complaint herein is dismissed.

Done at Frankfort, Kentucky, this 10th day of March, 2000.

LAKE VILLAGE WATER ASSOCIATION, INC.,

DEFENDANT

CASE NO. 99-416

ANSWER OF DEFENDANT LAKE VILLAGE WATER ASSOCIATION, INC.

Comes now the Defendant, Lake Village Water Association, Inc. (Lake Village), by counsel, and for its answer to the Formal Complaint filed in the above styled case would state as follows:

1. That Lake Village denies that a leak exists at the location referenced by Dr. Huddleston.
2. That Lake Village denies that Dr. Huddleston has been over-charged for water usage through the meter located upon her property.
3. That Lake Village has conducted a leak survey of the location indicated by Dr. Huddleston and the surrounding area. The survey was conducted both visually and with electronic leak detection equipment and no leak was found.
4. That Lake Village has undertaken a number of steps in efforts to resolve the continuing complaints from Dr. Huddleston that she was being over-charged for water. On July 10, 1998, Lake Village removed manual read meter #39295467 and installed touch read meter #38104534.

5. That, following installation of the touch read meter, Dr. Huddleston filed informal complaints with the Public Service Commission alleging that the touch read system was not reliable. The Public Service Commission, forwarded this complaint and Lake Village removed meter #38104534 and installed meter #39430426, a manual read meter on the 5<sup>th</sup> day of November, 1998.

6. That Dr. Huddleston continued to voice complaints about the accuracy of the readings, following the installation of the third meter and Lake Village personnel began to suffer physical injuries while reading the meter as a result of the condition of Dr. Huddleston's property.

7. That Lake Village ordered a new touch read meter, #54725428, had it tested by Sensus Technologies, Inc., the manufacturer, and installed it April 2, 1999, on Dr. Huddleston's property where it remains in service.

8. That Lake Village tested all of the above referenced four (4) meters prior to installation and tested the three that have been removed. Following removal, all tests were well within the required accuracy range; copies of those test results are attached as Lake Village Exhibit 1.

9. That attached as Lake Village Exhibit 2 are copies of the meter readings of Dr. Huddleston's meter for the past fourteen (14) months.

10. That attached as Lake Village Exhibit 3 is a list of Dr. Huddleston's monthly bills for the last fourteen (14) months.

11. That Lake Village has attempted, on numerous occasions, to respond to Dr. Huddleston's objections, concerns, and fears but has been unable to satisfactorily resolve those issues or verify the factual existence of the problems of which she complains.

12. That Lake Village is without further recourse to address the concerns of Dr. Huddleston.

WHEREFORE the Defendant, Lake Village Water Association, Inc., respectfully demands that the Formal Complaint be dismissed and that Lake Village Water Association, Inc, be relieved of taking any further action in conjunction with the allegations contained therein.

Respectfully submitted this 27<sup>th</sup> day of October, 1999.
