

The Kentucky Public Service Commission:

Through the years I have always thought the Louisville Gas and Electric Co. was fair and provided us with excellent service. But, I have been disappointed and afraid

**RECEIVED**

**MAY 07 2004**

**PUBLIC SERVICE COMMISSION**

heard all the merger rumors that it would come to this (sky high charges)

So please, L G & E, continue to be a friend and think of all the consequences of such a raise in rates. Retired and low income people are already battling high prices on nearly everything. Sometimes I think we can't take one more disappointment. This would truly be a hardship for those on a fixed income and the very poor.

Please think hard and give this every consideration while you are negotiating. Give us a break!!  
Retired and on a fixed income
