To Whom It May Concern:

My name is Stephanie DeWitt. I am writing about the increase rates from Louisville Gas and Electric. I am a nurse aid, I live in a two bedroom apartment and keep my furnace set at 42° (very cold) and I use 25 watts lights. I make \$11.89 hr. In Nov. my bill was \$30⁰⁰, Dec. my bill was \$80⁰⁰, Jan my bill was \$105⁰⁰. I try to save any way I can. I also walk to work to make ends meet. Please tell me how working people can make ends meet when you have to give up food or medical care to pay an electric bill as high as I have. Please don't let this increase in rates take place. Working people like myself will have to give up some basic needs to pay our gas and electric bills.

Thank you for your time in reading my letter.
