PUBLIC SERVICE  
COMMISSION

to whom it may concern,  
I oppose the rate increase L.G. + E. Co  
asking for. I haven't had a raise for ever  
within a job for (T.A.G.)

my husband is on a fix income.  
like hundreds of others.

Example - I see U of L needs to raise tuition of the  
students. before that, head line come out  
U of L. was paying about \$375,000 to have  
some muslims explaining islamic religion.  
then 265,000 somewhere in that neighbor-  
hood for a planner. while U of L is  
spending money, they don't have. the  
students are paying. (just raise their tuition)  
the coaches are our paid raise!! again  
now L.G. + E. need a pay increase! so,  
just raise Gas + electric.

people have a fix income. too bad,  
do we buy medication?  
" " " food,

can we stay warm? we turned our  
head down, put sweaters or robes. our  
our clothes. I'd still freeze just go to bed.  
our Gas + electric would still be  
\$285.00 to \$300.00. how about you C.E.O.  
+ lawyer do you + your family freeze?

what are people on first income  
are to do?

Thanks

You will have a good day  
Airs will be cold in  
the winter time.
