PUBLIC SERVICE
COMMISSION

Dear Mr. Thomas Dolman

I hear there will be an increase in our K.U. bill soon.

I would like to write and share my feeling about this increase in our K.U. bill.

First, I feel there is a lot of people on the K.U. and there is a lot of income for this point so why do there need to be a "increase"?

Second, everything goes up day by day why does K.U. feel they need the same.

Third, also there has been a lot of people who have left the K.U. Company and has not been replaced because they were no need for them.

Fourth, New trucks have been going to employees to drive why cant they drive there on as instead of using company truck??

Fifth, I feel there is a lot of things that need looking into on the company's part before they ~~can~~ start increase our K.U. Bill. Thank You
Amita Summers
