Dear Sirs:

I am writing to register a complaint regarding the proposed increase in electrical rates.

Surely there will not be approval given for a more than 300% increase in monthly service charges and a total 9.65% increase in rates — more than that for commercial customers. Here in Madisonville we have just been hit with a 50% increase in natural gas rates and in our water/sewer charges. How can lower income customers or retirees, such as ourselves, afford all these increases — especially all at the same time?

We would appreciate your giving this matter serious consideration.

Sincerely,

Carolyn & John Henfe
