Re: Docket Number 2004-00186

June 22, 2004

To Whom It May Concern:

I am writing today to express my support for the above referenced application for construction of a new wireless communications facility.

As County Judge/Executive and resident of a rural eastern Kentucky County, I am reminded daily of the need for such a facility. With the mountainous terrain of our county, the use of cellular phones often ends in broken connections.

I strongly feel that the construction of this tower will benefit the residents of this and surrounding counties and will assist them greatly in improving the quality of their wireless services.

Respectfully,

Wallace C. Taylor  
Estill County Judge/Executive
