PETITION

Kentucky Public Service Commission
Executive Director
211 Sower Boulevard
P.O. Box 615
Frankfort, Kentucky 40602

Docket Number # 2004-00241

This Petition is to stop the proposed tower site for BellSouth Mobility, LLC, d/b/a Cingular Wireless-Kentucky from being erected on the proposed site on Crown Rock Rd., Big Clifty, Kentucky.

We do not like this tower being put up in front of houses where you have to look at it every time you look out the door or drive down the road, or walk down the road. This is a private community where we are all friends and we don't want an eyesore in front of us. We are not opposed to the tower being put up on the road but feel that it could be placed somewhere besides in front of the houses.
