Dear Mr. Burford,

Construction for the New Salem Church County Expansion Project for the referenced case was deemed substantially complete on December 9, 2005. We are in the process of addressing punch list items with the contractors, reviewing final payment requests and preparing "as-built drawings".

We anticipate these close out items and the final engineering certification will be ready for submittal to the PSC no later than February 9, 2006.

Should you have any questions or need additional information please give me a call at 502-584-4118.

Sincerely,

Kevin J. Brian, P.E.
Project Manager
