**SUBJECT: Acknowledgment of PSC Order - Case 2004-00453**

Dear Director O'Donnell;

We received the above order related to our application to construct and finance a new 38 mile, County Expansion Project (New Salem Church Road Project), as well as refund some of our variable rate debt and finance a new Automated Meter Reading (AMR) Project. The NSCR Project will bring potable to almost 400 existing homes in northwest Hardin County.

I again want to thank you and your staff for the expedited and efficient review of this application. We were contacted several times by your staff to clarify information submitted, and ask for additional information. We found your employees to be knowledgeable and interested in approving our project, as well as meeting our deadline required.

Please pass on our appreciation and comments to your staff. If you need any additional information related to this case, please feel free to call me.

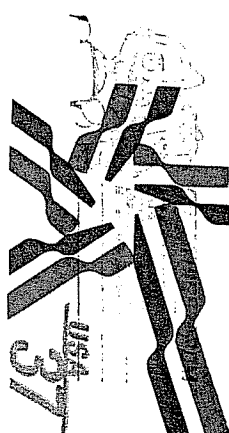

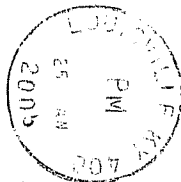

Sincerely,

Jim Bruce, General Manager
