Case No. 2004-00508

Dear W. Brent Rice:

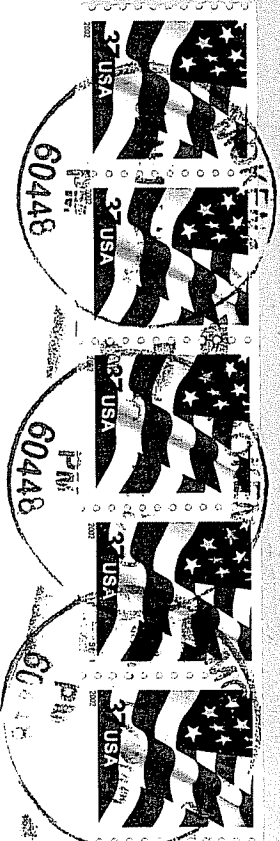

I have reviewed the proposed location of the Celco/Verizon cell tower against the plats of my properties (lots #10 and #11) of Morning View Subdivision. The 500' buffer zone of the installation does in fact fall well within these two properties. It is not in my best interest due to possible health hazard's (microwave emissions) or just the unsightliness of the tower itself to allow this to continue without protest unless fair and proper compensation is considered. For now I wish to protest this proposal until the matter can be settled to the satisfaction of both parties involved. Included are specific locations of the two properties involved.

Sincerely,

Mr. and Mrs. James F. Howard
