Dear Mr. Owens:

The Commission entered the enclosed Final Order in this case on May 5, 2005. It was ordered that "McCreary County shall furnish documentation of the total costs of this project including the cost of construction and all other capitalized costs (engineering, legal, administrative, etc.) within 60 days of the date that construction is substantially completed."

Also "McCreary County shall file a copy of the "as-built" drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein."

On December 9, 2005, we received a letter from Monarch Engineering, Inc. advising that the project was 75% complete, and that the requested information would be provided when the project was satisfactorily completed.

To date, this information has not been received. This letter is to request a status on the information requested in said Order. We would appreciate receiving a response to this letter within 15 days.
