RE: Case No. 2005-00033

Dear Mr. Burford:

The construction of the 156,000-gallon water storage tank and pump station serving the residents of the Means area of Menifee County was substantially complete September 24, 2005. The as-built drawings are enclosed.

The final costs of the project were as follows:

Table with 2 columns: Line Item, Cost. Rows include Contract No. 3, Engineering, GADD Administration Fee, Property Purchase, Misc. (advertising; filing fees), and Total.

The District has completed a statement regarding the completion of construction and it is enclosed with this documentation.

Should you have any questions or need additional information please contact either Jim Thompson, PE at O'Brien & Gere, 859.223.0137 ext. 12 or Jeanette Walton, Manager, Bath County Water District at 606.683.6363.

We apologize for having overlooked the requirement of the PSC in filing these documents within 60 days of substantial completion.

Sincerely,
Holly L. Nicholas
Sr. Project Financing Specialist

RE: Substantial Completion
Contract No. 3 – Means Water Storage Tank Facility
O'Brien & Gere Project No. 36326

Dear Jeanette:

This letter is notification that the above referenced construction contract was substantially complete and in operation on September 24, 2005. A one year warranty period is required by the contractor Kentucky Glass Lined Tank Systems, Inc. The one year warranty period will began on September 24, 2005 and expire on September 24, 2006. Should their be any problems arise during this period with the items under this contract you should contact Kentucky Glass Lined Tank Systems, Inc. directly for warranty repair work.

Before the one year warranty period expires we will make a warranty inspection of the facilities to determine if there are any items that should be taken care of under the warranty.

If you have any questions or need any additional information please contact me.

Sincerely,

O'BRIEN AND GERE ENGINEERS, INC.

James C. Thompson, PE
Project Engineer
