Dear Mr. Crooks:

The Commission entered the enclosed Final Order in this case on March 10, 2005. It was ordered that "Bath County shall file a copy of the "as-built" drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein."

Also "Bath County shall furnish documentation of the total costs of this project including the cost of construction and all other capitalized costs (engineering, legal, administrative, etc.) within 60 days of the date that construction is substantially completed. Construction costs should be classified into appropriate plant accounts in accordance with the Uniform System of Accounts for Water Utilities prescribed by the Commission."

On September 8, 2006 an initial status request letter was sent but no response was received. This letter is to request a status on the information requested in said Order. We would appreciate receiving a response to this letter within 15 days. Please mail this response to Michael F.
