**PUBLIC SERVICE
COMMISSION**

Kentucky Public Service Commission
Executive Director's Office
211 Sower Boulevard
Frankfort, KY 40602

Attention: Beth A O'Donnell, Executive Director

Dear Ms. O'Donnell:

Big Sandy Rural Electric Cooperative Corporation was granted a deviation from the requirements of 807 KAR 5:041, Section 15 (3); Case No. 2005-00048 for a period of either four (4) years or until our meter replacement project was completed. This is notification that the meter replacement project has been completed and the deviation can now be lifted.

An additional deviation was requested by Big Sandy Rural Electric Cooperative Corporation in Case No. 2007-00472 concerning a return to the eight year meter test cycle. At this time, we wish to withdraw that request for deviation as we feel it is no longer a necessity.

By testing 1/8th of our meters per year beginning in the calendar year of 2008 and continuing thru 2015, we can return to the eight year periodic test cycle without the deviation requested in Case No. 2007-00472.

We regret any inconvenience we might have caused the Commission with either request and thank you for your assistance.

Sincerely,

A handwritten signature in black ink that reads "Roger Akers".

Roger Akers
Maintenance Superintendent
