Dear Mr. Burford:

Enclosed you will find the "as-built" drawings for the U.S. 27 Pump Station expansion project as required under Item 5 of the order. You should have previously received the break down of construction costs with our letter dated October 20, 2006.

This should complete the requirements for all items listed on the Order for Case No. 2005-00052. Please feel free to call me with any questions at (859) 426-2715.
