Re: Case No. 2005-00063

Dear Ms. O'Donnell:

Northern Kentucky Water District submits the responses to the order of March 17th. Because of the voluminous number of pages involved in the response, one paper copy of all of the documents is being provided. The additional eight copies include documents that are not available electronically and a disk of the remaining documents. The District requests that this be accepted in lieu of complete paper copies. The Attorney General has agreed to accept an electronic copy of the response. If additional information is needed, please contact me.

Very truly yours,

John N. Hughes

Attorney for Northern Kentucky
Water District
