**KENTUCKY CABLE TELECOMMUNICATIONS
ASSOCIATION'S MOTION TO INTERVENE**

The Kentucky Cable Telecommunications Association ("KCTA") moves to intervene in the above-referenced proceeding pursuant to 807 KAR 5:001, § 3 and 5:001, § 10. KCTA is a non-profit organization consisting of more than one hundred cable television systems serving the majority of cable television customers throughout Kentucky. Three of its members, Big Sandy TV Cable, Charter Communications, and Inter Mountain Cable, are utility customers of Big Sandy Rural Electric Cooperative Corporation ("Big Sandy RECC") (i.e., they are attached to Big Sandy RECC's utility poles). These three KCTA members are directly affected by that portion of Big Sandy RECC's Application for an Adjustment that seeks to increase its pole attachment rates.

KCTA's intervention is in lieu of the individual intervention of the three Big Sandy RECC customers named herein. Consequently, KCTA's invention will promote the efficient progress of this proceeding. Further, KCTA seeks full intervention pursuant to 807 KAR 5:001, § 3(a) to allow it to fully participate as a party and to be served with documents related to Big Sandy RECC's Application.

This Commission has regulated pole attachment rates since 1982. In that time KCTA has regularly represented its members in virtually every pole attachment rate case that has

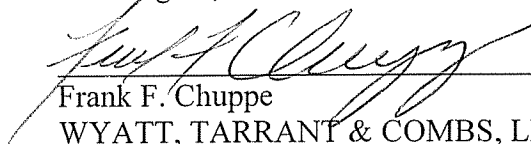

arisen before the Commission. KCTA seeks intervention in this proceeding in lieu of the intervention of its three members named above. Allowing the KCTA's intervention would allow the interests of these three utility customers to be represented without the burden of each being required to retain its own counsel and make its own filings; for the same reasons allowing KCTA's intervention on their behalf will reduce the burden on the other parties and the Commission as well.

KCTA pledges to adhere to all Commission rules and procedures applicable to it as a party intervenor in this proceeding.

WHEREFORE, KCTA moves for full intervention in the above-referenced proceeding.

Respectfully submitted,

Gardner F. Gillespie
