Enclosures

cc: Parties of Record

Complainant requests an extension of time of no less than fourteen days in which to serve the initial discovery requests. Due to the shortness of the procedural schedule, an extension of time for serving initial requests for discovery will affect the other dates in the procedural schedule. Therefore, complainant requests also that all subsequent dates on the procedural schedule be similarly extended by no less than fourteen days.

WHEREFORE, complainant respectfully requests the Commission to grant this request for an extension of time of no less than fourteen days to serve initial requests for production of documents and written interrogatories and that the Commission make additional adjustments of no less than fourteen days to the subsequent dates in the procedural schedule.

Respectfully submitted,
