Kentucky Public Service Commission
Executive Director of the Commission
Attention - Elizabeth O'Donnell,

I would like to bring this to your attention PSC Docket 200500207 East Ky. Power Cooperative Inc. say a portion of the line will cross our property. We are in the process of trying to sell our property for a rock-quarry. The people we are trying to sell to don't want the line to cross and we don't either. This will interfere with the sale of our property. I am disabled and 75 years old. Any help you can give us will be appreciated.

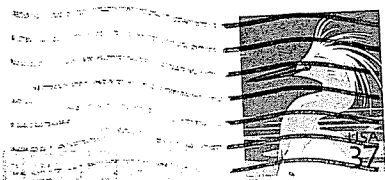

Thank you for your help.
