CASE 2005-00314

Dear Mr. Nienaber:

The Commission has received the 2004 PSC Annual Report of the Grant County Sanitary Sewer District. To ensure that there is no misunderstanding, please be advised that Grant County's requested rate change cannot be processed until additional information is received. Specifically, at the November 2, 2005 informal conference attended by representatives of Grant County Sanitary Sewer District, the Attorney General's Office, and PSC Staff, Staff presented a checklist of sewer rate case filing requirements which must be met (or waived by the Commission if so requested by the utility) before Grant County's application can be accepted for filing. If you have any questions or require additional information, please contact me at (502) 564-3940, extension 261. Thank you for your cooperation in this matter.

Sincerely,

James R. Goff
Staff Attorney
