Re: Case No. 2005-00325

Dear Ms. O'Donnell:

Please file the attached revised customer notice published in the Clinton and Middlesboro newspapers. An affidavit of publication is provided for the Clinton paper, but one has not been provided by Middlesboro and the Company has been unable to obtain one. The third publication tear sheet is also missing from Middlesboro and the Company is attempting to obtain that sheet. The notice of the hearing scheduled for August 24 has been sent to each newspaper for publication prior to August 17. When confirmation of the publication is received, it will be filed.

Also, two copies of a disk with the electronic version of billing information, along with the billing codes and a representative service contract are being filed.

Copies of this information are being provided to the Attorney General.

AGREEMENT

Agreement dated September 30, 2002 between Water Service Corp., a Delaware corporation (hereinafter called the "**Service Company**") and **Water Service Corporation of Kentucky**, hereinafter called the "**Operating Company**");

WHEREAS, both the Service Company and the Operating Company are subsidiaries of or affiliated with Utilities, Inc., an Illinois corporation (hereinafter called the "**Parent**"); and

WHEREAS, the Service Company maintains an organization which includes among its officers and employees, persons who are familiar with the development, business and property of the Operating Company and are experienced in the conduct, management, financing, construction, accounting and operation of water and sewer properties and are qualified to be of great aid and assistance to the Operating Company through the services to be performed under this Agreement; and

WHEREAS, the Service Company has or proposes to enter into agreements similar to this Agreement with certain affiliated water and/or sewer companies (hereinafter referred to collectively as the "**Operating Companies**"); and

WHEREAS, the services to be rendered under this Agreement are to be rendered at cost and without profit to the Service Company;

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties hereto agree as follows:

The Service Company will furnish to the Operating Company, upon the terms and conditions hereinafter set forth, the following services:

- A. EXECUTIVE: The principal executive officers of the Service Company, such as the Chairman of the Board, President and Vice Presidents, and Treasurer will assist and advise the Operating Company in respect to corporate, financial, operating, engineering, organization, regulatory, and other problems. They will keep themselves informed in regard to the operation, maintenance and financial condition of, and other matters relating to, the Operating Company through contacts with the officers, directors and other representatives of the Operating Company. Such officers of the Service Company will visit the property of the Operating Company when necessary to the proper furnishing of the services provided for in this Agreement. They will also supervise the personnel of the Service Company to the end that services under this Agreement shall be performed efficiently, economically and satisfactorily to the Operating Company.

- B. ENGINEERING: The Service Company will supply engineering services as required in all areas of design, construction, operation and management of the Operating Company.
- C. OPERATING: The Service Company will furnish competent personnel to perform and/or control all normal operating functions, including pumping, treatment, and distribution as well as maintenance of all equipment and facilities. These responsibilities will include testing and record keeping to insure compliance with all state and local regulatory agency requirements.
- D. ACCOUNTING: The Service Company will provide total accounting service, including bookkeeping, payroll, tax determination, financial statement preparation, budgets, credit, P.S.C. annual reports, etc. Periodic analyses will be made for purposes of planning and measurement of efficiency.
- E. LEGAL: The Service Company will employ general counsel as necessary to advise and assist it in the performance of the services herein provided for and to aid the operating company in all matters where such assistance may be desired.
- F. BILLING AND CUSTOMER RELATIONS: The Service Company will handle all billing and collections. It will serve as the link between the customer and the Operating Company in all areas such as new accounts, deposits, meter reading, inquiries, and complaints.
- G. CONSTRUCTION: The Service Company will perform directly or supervise all construction, including customer connections, meter installations, main extensions, plant expansions, or capital additions of any nature as required by the Operating Company.
- H. ALL OTHER SERVICES AS PROVIDED FOR IN APPENDIX A: In addition to items (A) through (G), the Service Company will employ or provide personnel to perform the attached services, or in the instance of assets, liabilities, and associated non-cash items, has incurred costs associated with providing service to the corporate headquarters, regional areas, or to all operating companies as a whole. The allocated costs from these services will be for costs attributable to all operating companies, costs attributable to the Service Company, or for costs that cannot, without excessive effort and expense, be directly identified and related to services rendered to a particular operating company.

In consideration for the services to be rendered by the Service Company as hereinabove provided, the Operating Company agrees to pay to the Service Company the cost of said services. Said cost shall not include a markup for profit. In addition, the

investment in the Service Company rate base, including depreciation, amortization, interest on debt and a return on the equity invested does not include markup.

All costs of the Service Company, including salaries and other expenses, incurred in connection with services rendered by the Service Company for the Operating Companies which can, without excessive effort or expense, be identified and related to services rendered to a particular Operating Company, shall be charged directly to such company. Examples of such costs to be directly allocated include salary and other expenses incurred for specific projects such as rate cases, construction projects, legal proceedings, etc. Similarly, all such costs which may be identified and related to services rendered to a particular group of the Operating Companies shall be charged directly to such group of the Operating Companies.

All such costs which, because of their nature, cannot, without excessive effort or expense, be identified and related to services rendered to a particular Operating Company, shall be allocated among all the Operating Companies, or, in the case of costs incurred with respect to a particular group of the Operating Companies, among the members of such group, in the manner hereinafter set forth.

First, the allocable costs shall be distributed on an annual basis, unless the Parent should elect to make a supplementary analysis for a special purpose.

Secondly, with the exception of insurance expense (which is driven by property values, miles of main, consumption, operator payroll, and insured vehicles) these costs will be prorated in proportion to the number of customer equivalents at year-end. For purposes of this determination each using customer of a water company and each customer of a sewer company will be counted as one. Each customer of a water company, which is a distribution company only, or a sewer company, which is a collection company only, that is having no source of supply facilities, shall be counted as one-half. Each customer whose charge is for the availability of water or sewer service shall be counted as one-quarter. Each customer whose charge is for the availability of water and sewer service shall be counted as one-half. Each customer of a company that provides water and sewer shall be counted as one and one-half. Further adjustments shall be made as necessary to assure the just and reasonable distribution of expenses. Customer equivalents calculations are listed in their own section of the Water Service Corporation Distribution of Expenses Allocation Book.

With regard to costs of maintaining and operating the company's corporate headquarters facilities in Illinois, such costs will be allocated to reflect the fact that the corporate headquarters is also the base of operations for Illinois, Indiana and Ohio. Costs will be allocated to Illinois, Indiana, and Ohio based on a calculation of three allocations and the number of employees in each area of service (accounting/administrative, customer service, and computer services). The three

allocations are as follows: Code 1 is the percentage of customer equivalents for each operating company based on the number of total customer equivalents for all operating companies. Accounting/administration services apply to Code 1, since these Northbrook employees perform work and duties for all operating companies. Code 2 is the percentage of customer equivalents for each Illinois, Indiana, and Ohio operating company based on the number of total customer equivalents for all Illinois, Indiana, and Ohio operating companies. Customer service applies to Code 2, since these Northbrook employees perform work and duties for only Illinois, Indiana, and Ohio companies. Code 4 is the percentage of total bills sent and invoices received for each operating company based on the number of total bills sent and invoices received for all operating companies. Computer services apply to Code 4, since these Northbrook employees perform work and duties for all operating companies, and since these costs can be weighted based on the amount of computer services provided to each operating company. Codes 1, 2, and 4, along with the percentage of employees that work in each sector, combine together to create Code 5. Code 5 is calculated as follows:

$$(\% \text{ of accounting/administrative employees} * \text{Code 1}) + (\% \text{ of customer service employees} * \text{Code 2}) + (\% \text{ of computer service employees} * \text{Code 4}).$$

Please note that the percentage of employees is calculated based on the number of employees in the Northbrook office. For example, if the Northbrook office has 35 employees in total, and 28 of them are accounting/administrative, 2 of them are customer services, and 5 of them are computer service, then the calculation would be:

$$(28/35 * \text{Code 1}) + (2/35 * \text{Code 2}) + (5/35 * \text{Code 4}).$$

All codes are listed in a separate section of the Water Service Corporation Distribution of Expenses Allocation Book.

The Service Company will also at any time, upon request of the Operating Company, furnish to it any and all information required by the Operating Company or by any governmental authorities having jurisdiction over the Operating Company with respect to the services rendered by the Service Company hereunder, the cost thereof and the allocation of such cost among the Operating Companies. In the case of services in connection with construction, the Service Company will, to the extent practicable, furnish to the Operating Company such information as shall be necessary to permit the allocation of charges for such services to particular work orders.

This Agreement shall be in full force and effect from the date as hereinabove mentioned and shall continue in full force and effect until termination by either of the parties hereto upon ninety days notice in writing.

IN WITNESS WHEREOF, the Service Company and the Operating Company have caused these presence to be signed in their respective corporate names by their

Assistant Secretaries, all as of the day and year first above written.
respective Presidents or Vice Presidents, and attest by their respective Secretaries or

**WATER SERVICE CORPORATION OF KENTUCKY
CLINTON AREA
NOTICE TO CUSTOMERS
WATER RATE ADJUSTMENT**

Pursuant to the regulations of the Public Service Commission (Commission), Water Service Corporation of Kentucky (WSCK) gives notice to its customers in Clinton that it intends to adopt an increase/decrease in its water rates. The rates listed below are to be effective June 9, 2006, or sooner if approved by the Commission. The average customer bill for all meter sizes is shown below. Further information may be obtained from the Commission or WSCK. The rates proposed in this Notice may be modified by the Commission. Such action by the commission may result in the rates being higher or lower than those proposed by WSCK.

Any Corporation, association, body politic or person may by timely motion, within 30 days of this Notice, request intervention in this case. Intervention beyond the 30 day period may be granted for good cause shown. The Motion must be submitted to the Public Service Commission, 211 Sower Blvd., Box 615, Frankfort, Ky. 40602 and should state the grounds for the request, including the interest and status of the party. Intervenors may obtain copies of the Application and any testimony filed by contacting WSCK at the address below. A copy of the Application is available for public review at the office of WSCK and at the Public Service Commission, 211 Sower Blvd., Frankfort, Ky. 40601, (502) 564-3940.

**WATER SERVICE CORPORATION OF KENTUCKY
MIDDLESBORO AREA
NOTICE TO CUSTOMERS
WATER RATE ADJUSTMENT**

Pursuant to the regulations of the Public Service Commission (Commission), Water Service Corporation of Kentucky (WSCK) gives notice to its customers in Middlesboro that it intends to adopt an increase in its water rates. The rates listed below are to be effective June 9, 2006, or sooner if approved by the Commission. The average customer bill for all meter sizes is shown below. Further information may be obtained from the Commission or WSCK. The rates proposed in this Notice may be modified by the Commission. Such action by the Commission may result in the rates being higher or lower than those proposed by the WSCK.

Any corporation, association, body politic or person may by timely motion, within 30 days of this Notice, request intervention in this case. Intervention beyond the 30 day period may be granted for good cause shown. The Motion must be submitted to the Public Service Commission, 211 Sower Blvd., Box 615, Frankfort, Ky. 40602 and should state the grounds for the request, including the interest and status of the party. Intervenor may obtain copies of the Application and any testimony filed by contacting WSCK at the address below. A copy of the Application is available for public review at the office of WSCK and at the Public Service Commission, 211 Sower Blvd., Frankfort, Ky. 40601, (502) 564-3940.
