Attention: Beth O'Donald
and Dale Wright

This is my third letter to
you concerning the proposed
construction of a cellular
telephone tower right off Ky. 90 (old
Loop #3, Monticello, Ky. Case
Number 2005-00445).

The proposed location is
very close to our home and in
a location which is not much
of the time.

We are opposed to construc-
tion at this site (see our first
letter for reasons).

Please let us know when
there will be a public hearing
on this proposal and the
location.

Sincerely,
Mr. & Mrs. John Cooper
