Real Estate and Right of Way Department
Kentucky Utilities Company PO Box 32032
Louisville, KY 40202-2020

Dear Ms. Slay:

I received your letter dated May 30, 2006 on Thursday, June 1, 2006. In your letter you indicate "The enclosed route map shows approximate beginning and termination points of the line." This letter is to inform you that no map was enclosed; therefore, I am unable to determine whether to sign the survey permission form. Please send me a map so that I can determine whether my land is actually on the proposed 42 miles of 345KV electric transmission line from Mill Creek to Hardin County. To the best of my knowledge, my property was not considered initially and I did not hear of my property being on the line until after I was included on a Motion for Full Intervention in the matter of Docket Number 2005-00467 with the Public Service Commission. Please let me know whether my property is now being considered and if so, please include the map to which you refer in your letter dated May 30, 2006. Thank you for your attention to this matter.

Sincerely,

W. Diane Owsley
