RE: Case No. 2005-00477
Filing Deficiencies

Dear Mr. Williams:

The Commission staff has reviewed your application in the above case. This filing is rejected for the reasons set forth below. These items are either required to be filed with the application or to be referenced in the application if they are already on file in another case.

1. 807 KAR 5:001 Section 10(2) Utilities with gross annual revenues greater than \$1,000,000 shall file a written notice of intent at least four weeks prior to filing their application. The notice of intent shall state whether the application will be supported by a historical test period or a fully forecasted test period.

2. 807 KAR 5:001 Section 10(6)(r) The monthly managerial reports providing financial results of operations for the 12 months in the test period.

3. 807 KAR 5:001 Section 10(7)(b) The most recent capital construction budget containing at least the period of time as proposed for any pro forma adjustment for plant additions.

4. 807 KAR 5:001 Section 10(7)(d) The operating budget for each month of the period encompassing the pro forma adjustments.

The statutory time period in which the Commission must process this case will not commence until the above mentioned information is filed. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date.
