Re: Alltel Kentucky and Kentucky Alltel Service Results
August 2005

Dear Mr. Willard:

Enclosed are both Alltel Kentucky's and Kentucky Alltel's service results for the month of August 2005.

As required under the Administrative Regulations, please find enclosed a Report of Corrective Action for Alltel Kentucky. During the months of June, July and August, Alltel failed to meet the service objective for Service Requests within 5 days. A plan of corrective action is enclosed.

Please feel free to contact me at (859)357-6125 if you have any questions.

Sincerely,

Enclosures

Alltel Kentucky Report of Corrective Action

Cause

Poor service order performance in Alltel Kentucky was driven primarily by three issues.

- (1). Relocation of service order assignment functions from Ohio to Kentucky. The new group had to learn the area and there were some significant differences in how information was entered. The resulting learning curve caused more orders to be dispatched to the field.
- (2). Two Shepherdsville, KY technicians were on sick leave for a prolonged period of time.
- (3). The above issues combined with a high trouble volume to exceed the capacity of the group to meet all dates.

Corrective Action Plan

- (1). Most of the issues with the new assignment group have been resolved.
- (2). Technicians on sick leave have returned to duty.
- (3). Additional resources will be provided, either through the use of overtime or more employees on a temporary basis to ensure that the "Service Order in 5 Day" objective is exceeded.
- (4). One week into the October reporting period, service orders in 5 days is at 97.3%.

Re: Alltel Kentucky and Kentucky Alltel Service Results
September 2005

Dear Mr. Willard:

Enclosed are both Alltel Kentucky's and Kentucky Alltel's service results for the month of September 2005. This is the first filing for Kentucky Alltel under the new service standards set forth in Case No. 2005-00107.

A plan of corrective action was filed with the August 2005 results as Alltel Kentucky failed to meet the service objective for Service Requests within 5 days for three consecutive months. The 90% objective was still not attained for the month of September, however, as you can see the objectives are continuing to improve due to the Corrective Action Plans put in place.

ALLTEL is committed to service quality and is working hard everyday to ensure that our customers are satisfied and that we meet the goals that the Commission has established. If you have any questions, please feel free to contact me.

Sincerely,
