To Whom it concerns,

Sorry about the paper but its all I have. I would have called but I have no number, and I do not have a computer. But what I have to say its about Western Mason Co Water wanting to raise there rates again. They just doubled my rate down two years ago, so why raise a gain now? You see we old people are being raised and taped out of our homes, all utilities have a tax the only state in the fifty states. Then they take a charge out for winter care, well it wont be long before they will have a lot of winter care. I think it should be against the law to tax utilities. I was taped 7.36 just on my gas bill for school tax. I do not mean

(2)

to be this upset, but when you live on 95, you have to be concerned. I am going to have to cut maybe a few bills so I can pay taxes. I'm thinking about cutting Cal's my daily ~~newspaper~~, go back to Western water, maybe my phone. You see most people here in my area which is Highland Heights are getting old. Now they are going to put in a sewer, another bill, it can't go on. I could go on and on about the waste in the school system, the ~~Govt~~ Government, the city, but you know all that. But the water rate does not need an increase. Sorry to have bothered you.

Sincerely
William Vantine
