I am writing concerning
proposed sewer rate increase
by the Farndale Development
Corporation in Louisville Ky,
case file # 2006-00028.

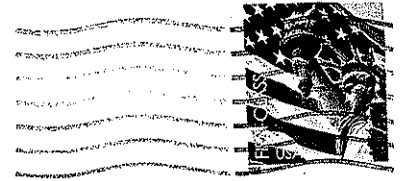

We live close to the treatment
plant and have called numerous
times to report the foul odor from
the plant that makes the air
unbearable to be outside.

I noticed it today around
3:30 P.M.

I know something needs done,
but, I'm protesting the rate increase
of 19.05 per month. This is
way too much for me and
the community of poor people
who live here.
