STAFF REPORT

ON

PINEWOOD SUBDIVISION, INC. d/b/a PINEWOOD SUBDIVISION SEWER

CASE NO. 2006-00029

Pursuant to a request by Pinewood Subdivision, Inc. d/b/a Pinewood Subdivision Sewer ("Pinewood") for assistance with the preparation of a rate application to adjust sewer service rates and establish certain non-recurring charges, Commission Staff ("Staff") performed a limited financial review of Pinewood's test year operations, the calendar year ended December 31, 2004. The scope of Staff's review was limited to obtaining information as to whether the test period operating revenues and expenses were representative of normal operations. Insignificant or immaterial discrepancies were not pursued and are not addressed herein.

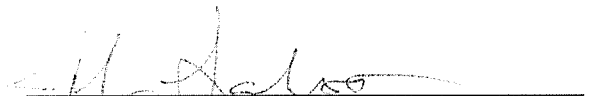

Upon completion of the review, Staff assisted Pinewood in the development and preparation of an application to adjust sewer service rates and establish certain non-recurring charges. The application included an adjusted pro forma operating income statement wherein adjustments were made to test year operating revenues and expenses that were known and measurable and deemed to be reasonable. Attachment A of the application included a pro forma income statement and revenue requirement and rate calculation worksheets. The monthly flat rate per customer calculated in the application was \$22.05, a \$7.45 or 51 percent increase over the current flat rate of \$14.60.

Also included in the application was a request to establish a \$25 returned check charge and a 10 percent late payment penalty. Cost justification for the \$25 returned

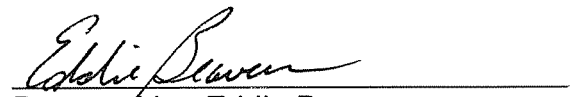

check charge was included in the Application at Attachment B. No justification was necessary for the 10 percent late payment penalty. A late penalty of up to 10 percent is allowed by the Commission with no specific justification.

On January 17, 2006, Pinewood filed the Staff assisted rate application with no revisions to the Commission for consideration. Staff is hereby adopting the contents of this application as its recommendation in this report as if fully set out herein. Eddie Beavers is responsible for all revenue adjustments and calculation of the proposed rates and non-recurring charges. Scott Lawless is responsible for the determination of the revenue requirement. Based on the information included in Pinewood's application, Staff is of the opinion that the rates proposed by Pinewood, as shown in Attachment A of this report, are reasonable and should be approved by this Commission.
