BEFORE THE PUBLIC SERVICE COMMISSION

RECEIVED
JUN 20 2007
PUBLIC SERVICE
COMMISSION

In the Matter of:

EXAMINATION OF THE OPERATION AND)
REASONABLENESS OF THE OFFSETTING) CASE NO. 2006-00191
IMPROVEMENT CHARGE OF HENRY COUNTY)
WATER DISTRICT NO. 2)

MOTION

Comes the Henry County Water District No. 2 (hereinafter "Henry District"), by counsel, and respectfully moves the Commission for an Order rescheduling the hearing in the above-captioned matter. In support hereof, counsel states as follows:

1. That the original hearing scheduled in this matter was rescheduled at the request of the Office of the Attorney General due to a scheduling conflict.
2. At the time the hearing was rescheduled, at the request of Attorney Wuetcher, of the Public Service Commission, Henry District provided available dates for counsel and witnesses which primarily occurred in June of 2007.
3. Thereafter, the Commission scheduled a hearing in this matter to be conducted on July 31, 2007, which was not one of the dates provided by counsel as available dates for witnesses in this matter.
4. In particular, Tom Green, of the District's engineering firm, Tetra Tech, who has worked on the offsetting improvement chart and is familiar with the calculations that support utilizing the method proposed by Henry District is scheduled to be in New York at a family reunion during that week and is unavailable to testify. Mr. Green is an indispensable witness for Henry District and, as such, the District is not in a position to go forward without having Mr. Green available. Should the Commission require additional supporting documentation such as an itinerary or plane ticket information counsel is willing to provide same.

WHEREFORE, the Henry County Water District No. Two respectfully requests that the

hearing scheduled for July 31, 2007, be rescheduled and that Commission staff seek agreeable dates from both Henry District and the Office of the Attorney General prior to the hearing.
