PUBLIC SERVICE  
COMMISSION

Dear Kentucky Public Service Commission:

In response to case number 2006-00237 Nextel WIP Lease Corp., we are very much in favor of this wireless telecommunications facility. Our church is within the 500' radius and we believe that it will allow better communication in a rural area that has been hard to receive wireless signals until now. Many of our members live in the local area and are glad to see a tower being put so close to where they work and live.

We appreciate the opportunity to express our feelings about this wireless facility and hope that the rest of our community supports it also.

Sincerely,

George Hourigan  
New Beginnings Community Church Pastor
