Re: CC Docket No. 96-45, USF Certification as Required by 47 C.F.R.  
Sections 54.313, 54.314; Kentucky Commission Case No. 2006-00312

Dear Ms. Dortch and Ms. Majcher:

Pursuant to 47 C.F.R. Sections 54.313 and 54.314 and on the basis described below, the Kentucky Public Service Commission (the "Kentucky Commission") has received an affidavit from a representative of West Virginia PCS Alliance d/b/a NTELOS ("NTELOS") certifying that federal high-cost support funds will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, as required by 47 U.S.C. § 254(e).

The Kentucky Commission granted NTELOS' petition for ETC designation on October 24, 2006. A copy of the order is enclosed, as is a copy of the certification received from NTELOS. The Kentucky Commission certifies NTELOS' compliance with 47 U.S.C. § 254(e) and 47 C.F.R. §§ 54.313 and 54.314 based on the corporate officer certification.

This certification is timely provided within 60 days of the ETC grant to permit NTELOS to receive high-cost support retroactive to the date of its grant as provided in 47 C.F.R. §§ 54.313 and 54.314, as amended in the FCC's Report and Order, FCC 05-46 (released March 17, 2005). Accordingly, this certification applies to support received in calendar year 2006.

If you have any questions regarding this letter, please contact Amy E. Dougherty at the Kentucky Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky, 40602, (502)564-3940, ext. 257, or by e-mail at [amy.e.dougherty@ky.gov](mailto:amy.e.dougherty@ky.gov).

Sincerely,

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PETITION OF WEST VIRGINIA PCS )  
ALLIANCE LC DBA NTELOS FOR )  
DESIGNATION AS AN ELIGIBLE ) CASE NO. 2006-00312  
TELECOMMUNICATIONS CARRIER )  
PURSUANT TO SECTION 214(E) OF THE )  
TELECOMMUNICATIONS ACT )

O R D E R

On June 20, 2006, West Virginia PCS Alliance LC d/b/a NTELOS ("NTELOS") filed an application seeking Eligible Telecommunications Carrier ("ETC") status within the territory for which it is licensed to operate.

The Commission set a procedural schedule in this case that allowed for public comments, data requests, and requests for a hearing. No comments on the application have been filed and no request for hearing has been made.

DISCUSSION

47 U.S.C. § 254(e) provides that "only an eligible telecommunications carrier designated under Section 214(e) shall be eligible to receive specific Federal universal service support." Pursuant to Section 214(e)(1), a common carrier designated as an ETC must offer and advertise the services supported by the federal universal service mechanisms throughout the designated service area.

Section 214(e)(2) of the Act provides state commissions with the primary responsibility for performing ETC designations. The Commission may, with respect to an area served by a rural telephone company, and shall, in all other cases, designate more than one common carrier as an ETC for a designated service area, consistent with

the public interest, convenience, and necessity, so long as the requesting carrier meets the requirements of Section 214(e)(1). Before designating an additional ETC for an area served by a rural telephone company, the Commission must determine that the designation is in the public interest.<sup>1</sup>

An ETC petition must contain the following: (1) a certification that the petitioner offers or intends to offer all services designated for support by the Commission pursuant to Section 254(c); (2) a certification that the petitioner offers or intends to offer the supported services “either using its own facilities or a combination of its own facilities and resale of another carrier’s services”; (3) a description of how the petitioner “advertise[s] the availability of [supported] services and the charges therefor using media of general distribution”; and (4) if the petitioner meets the definition of a “rural telephone company” pursuant to Section 153(37) of the Act, the petitioner must identify its study area, or, if the petitioner is not a rural telephone company, it must include a detailed description of the geographic service area for which it requests an ETC designation from the Commission.

#### OFFERING THE SERVICES DESIGNATED FOR SUPPORT

NTELOS has demonstrated through the required certifications and related filings that it now offers, or will offer upon designation as an ETC, the services supported by the federal universal service mechanism. As noted in its petition, NTELOS is authorized to provide digital personal communication service (“PCS”) and is a common carrier as defined by 47 U.S.C. § 153(10). NTELOS certifies that it now provides or will provide

<sup>1</sup> 47 U.S.C. § 214(e)(2).

throughout its designated service area the services and functionalities enumerated in 47 C.F.R. § 54.101(a) of the Federal Communications Commission's ("FCC") rules. NTELOS has also certified that, in compliance with 47 C.F.R. § 54.405, it will make available and advertise Lifeline service to qualifying low-income consumers.

#### OFFERING THE SUPPORTED SERVICES USING A CARRIER'S OWN FACILITIES

NTELOS states that it intends to provide the supported services using its existing network infrastructure. NTELOS currently provides the service using its facilities-based digital network infrastructure and licensed PCS area in Kentucky.

The Commission finds that NTELOS has demonstrated that it satisfies the requirement of Section 214(e)(1)(A) that it offer the supported services using either its own facilities or a combination of its own facilities and resale of another carrier's services.

#### ADVERTISING SUPPORTED SERVICES

NTELOS has demonstrated that it satisfies the requirement of Section 214(e)(1)(B) to advertise the availability of the supported services and the charges therefor using media of general distribution. In its petition, NTELOS states that it currently advertises the availability of its services, and will do so for each of the supported services on a regular basis, in newspapers, magazines, television, and radio in accordance with 47 C.F.R. § 54.201(d)(2).

#### NON-RURAL STUDY AREAS

The FCC previously has found designation of additional ETCs in areas served by non-rural telephone companies to be *per se* in the public interest based upon a demonstration that the requesting carrier complies with the statutory eligibility

obligations of Section 214(e)(1) of the Act.<sup>2</sup> The Commission finds that NTELOS's public interest showing here is sufficient based on the detailed commitments NTELOS has made to ensure that it provides high quality service throughout the non-rural service areas.

#### DESIGNATED SERVICE AREAS

The Commission finds that NTELOS should be certified as an ETC in the requested service areas served by the non-rural telephone company, as listed in application.

#### REGULATORY OVERSIGHT

In addition to its annual certification filing under Sections 54.513 and 54.314 NPCR, Inc. d/b/a Nextel Partners, the first wireless carrier to qualify as an ETC agreed to submit records and documentation on an annual basis detailing: (1) its progress towards meeting its build-out plans; (2) the number of complaints per 1,000 handsets; and (3) information detailing how many requests for service from potential customers were unfulfilled for the past year.<sup>3</sup> The Commission finds that NTELOS should be required to file this information and make any other information as it relates to service available to the Commission.

<sup>3</sup> Case No. 2003-00143, Petition of NPCR, Inc. D/B/A Nextel Partners for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Kentucky, (December 16, 2004).

IT IS THEREFORE ORDERED that:

1. NTELOS shall be designated an ETC in the geographic areas requested and as listed in Appendix A, attached hereto and incorporated herein.
2. NTELOS shall offer universal support services to consumers in its service area.
3. NTELOS shall offer these services using its own facilities or a combination of its own facilities and resale of another carrier's services, including services offered by another.
4. NTELOS shall advertise the availability of and charges for these services using media of general distribution.
5. NTELOS is hereby certified as complying with the FCC's criteria, in accordance with 47 U.S.C. § 254(e), and therefore eligible to receive Universal Service Fund support for the current certification period.
6. By September 1, 2007, and each September 1 thereafter, NTELOS shall make its annual certification filing in Administrative Case No. 381<sup>4</sup> and shall submit additional records as described herein.
7. A copy of this Order shall be served upon the FCC and the Universal Service Administration Company.
