Dear Ms. O'Donnell:

RE: Case No. 2006-00315 - Northern Kentucky Water District
Sub district F

On February 6, 2007, I received your letter of January 3, 2007, along with a copy of a letter from Mrs. Jim Baird and other residents of Grandview Drive in Alexandria, Kentucky, dated December 10, 2006.

Please kindly reconsider your initial ruling in this case to allow the affected homeowners to pay for this improvement incrementally. This will enable most, if not all, of the residents to obtain (and afford) water service.

Thank you in advance for your reconsideration.

Sincerely,

A handwritten signature in cursive script that reads "Joseph M. Fischer".

Re: Case No. 2006-00315 -- Northern Kentucky Water District
Sub-district F

Dear Mrs. Baird:

The Commission is in receipt of your letter concerning Northern Kentucky Water District's proposed surcharge. Since this matter is before the Commission for reconsideration of the initial ruling, your letter has been placed in the official case file of this proceeding.

Additionally, please be advised that the Attorney General represents residents in issues such as these. You may wish to contact the Attorney General's office toll free 888-432-9257 and request assistance in this matter.

Once again, thank you for your interest and concern.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Beth O'Donnell".

Dear Beth O'Donnell:

We are homeowners along Grandview Rd. and Amy Lou Dr. in Campbell Co. near Alexandria KY. We have been trying to get public water service for our homes for a very long time, some as long as 35 years.

Finally, we are getting a water line down our roads! We were told by the Northern KY Water District we would be assessed a surcharge of about \$30 a month to help pay for it.

Many of us signed up for that. Now we are told the KY Public Service Commission doesn't want the cost to be paid this way. Instead, we would have to pay a large amount (\$4,000. to \$6,000. or more) up front when we hook into the service. This is besides the connection fee of \$750.

That will cause most all of us to back out or at least re-consider. Especially if, as we have heard, we wait for about 5 years to connect we wouldn't have to pay that fee. If that happens, how WILL it be paid for then?

Shouldn't a more fair way to pay for this be by the surcharge so that whoever lives in the homes in the next years help pay for the service instead of just those who happen to live there now?

We ask you as the Executive Director and all of the Commission to reconsider your position on this and let us go with the surcharge. Many before us have done it this way and we ask to be allowed the same consideration.

Sincerely,
Mrs. Jim Baird
