Re: Case No 2006-00349
Filing Deficiencies

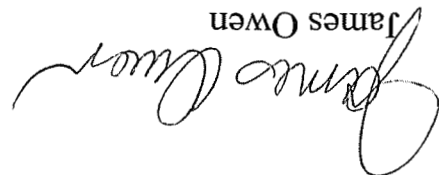

Christian County Water District was deficient in its initial filing with the Public Service Commission (Case No. 2006-00349). Christian County Water District, at the time of filing, failed to include a statement notifying the Commission that the proposed non-recurring charges (tariff revisions), as filed, would not increase its additional revenue by an amount to exceed five (5) percent.

With the permission of the Commission, Christian County Water District hereby makes correction to this deficiency. The proposed tariffs, as originally filed, meet the requirements of 807 KAR 5:011: Section 10(2); and they will not increase the total revenue of the District in excess of five (5) percent.

In an attempt to reduce the duplicated filing of the information in the previously submitted tariff, the District respectfully asks for the Commission's acceptance of the original Tariff revision request, with this deficiency corrective statement added to the original filing.

The filing deficiency was on the part of the District. Therefore, the District understands that, if the effective filing date of September 1, 2006 does not allow sufficient time for review of the proposed tariff, said Commission should establish a new effective date, which will allow for a more sufficient review period.

Sincerely,

A handwritten signature in cursive script that reads "James Owen".
