- 7. Submits 911 update information via web based systems.
- 8. Assists with the submittal of all other documentation required to convert customers to the FPB telephone system.
- 9. Coordinates service order activity with other FPB employees and representatives from other companies,

Non-Essential:

- 1. Assists other Divisions as requested.
- 2. Assist as required with all other functions in the Telecom Division.

MINIMUM QUALIFICATIONS

<u>Training and Experience:</u> Graduation from high school or equivalent supplemented by one year directly related telecommunications work experience. Attends training as required to maintain proficiency with systems used to transmit LSR's and ASR's. Training includes attendance and satisfactory completion of BellSouth local service order initiation training and BAPCO directory assistance order entry training.

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Knowledge of or ability to learn, the policies and procedures for submittal of ASR's and LSR's.
- 2. Knowledge of Telecommunications terms and descriptions.
- 3. Knowledge of or ability to learn Plant Board service order flow and processing.
- 4. Knowledge of or ability to learn the procedures for Local Number Portability (LNP) submittal.
- 5. Knowledge of or ability to learn the method for submittal of new 911 addresses to the national database.
- 6. Ability to learn compliance with safety requirements.

Abilities:

- Good Communications skills both verbal and written. The ability to establish and maintain effective working relationships with officers in other Plant Board departments / divisions, other telecommunications companies, and the general public.
- 2. Good typing and data entry skills.

- 3. Ability to work with BellSouth and other telecom company counterparts to achieve desired due date for orders or earliest due date available in system.
- 4. Ability to insure compliance with safety standards and practices.
- 5. Ability to coordinate and resolve issues/problems with different telecom carriers for moving customer telephone numbers to and from FPB.
- 6. Ability to understand and use complex data entry processes from other carriers.

<u>Instructions</u>: Instructions are initially very specific but become more general with work experience.

<u>Processes:</u> Generally follows specific guidelines to ensure job completion. Must occasionally consider different course of action or deviate from standard procedures to get job done.

Review of Work: The nature of the complex data entry work and need for coordination with other company representatives requires that the FPB Telephone Order Representative assume responsibility for successful management of work to completion. Manager offers guidance and assistance as needed.

Analytical Requirements: Assignments involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required. This position must comprehend and be able to accurately execute lengthy and complex data entry processes as required by other companies. These processes are unique to telecom operations and require an understanding of telephone terminology and process flows.

<u>Physical Demands of the Job:</u> Work is performed primarily indoors including walking and standing, must operate normal office equipment, may be exposed to sharp tools; noise, fumes, chemicals and toxic substances. May be required to be in high places using stairs and ladders in order to complete work assignments.

Tools and/or Equipment Used: Normal office equipment.

<u>Contacts:</u> Frequent public and internal contacts requiring tact and diplomacy is a job requirement. The position also requires the need to daily coordinate and direct work activities of representatives from other companies, including BellSouth, Qwest, Neustar and Intrado, Contacts with many wireline and wireless carriers must be initiated to manage the process for handling number porting requests.

<u>Confidential Information</u>: Regular use of extremely confidential information is a job requirement (unlisted telephone numbers, court order of records).

Interruptions: Frequent

<u>Special Licensing Requirements:</u> Must possess and maintain a valid Commonwealth of Kentucky drivers license.

<u>Certification Requirements:</u> Certificates of training in: basic first aid and CPR, blood-borne pathogens.

Additional Requirements: Must possess advanced problem solving skills and flexibility to develop and manage previously undefined work processes in a changing telecom environment.

Overtime Provision: Non-Exempt

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Telephone Order Representative

Department: Cable / Telecommunications, Telecommunications Division

Supervisor: Telephone Manager

Supervises: None

Grade: 26

Revised: 9/21/2004

<u>Class Characteristics:</u> Under general supervision, performs clerical and administrative duties, with reference to intiating service orders, handling customer questions and complaints, and ordering of services to convert customers to Plant Board local exchange and long distance telephone services. Performs related work as required, including the initiation and management of coordination activities with representatives from outside companies such as BellSouth, Qwest (long distance), Neustar (number porting) Intrado (911), and other wireline and wireless carriers

General Duties and Responsibilities:

Essential:

- Deals directly with FPB customers to initiate service orders, answer customer questions, and resolve customer issues. Handles incoming daily service requests from FPB Customer Service Representatives for conversion of customers to FPB telephone system. Completes service requests via web based systems interconnected to BellSouth.
- 2. Interprets details of service order requests to ensure that the appropriate Local Service Requests (LSR's) are completed correctly and submitted to BellSouth in a timely manner.
- Updates the service order system to reflect any changes to Firm Order Commitment (FOC) date received from BellSouth, and after order has been accepted.
- Serves as the Liaison to BellSouth for Negotiation of FOC's and changes to FOC's for all LSR's and Access Service Requests (ASR's).
- 5. Maintains records of LSRs and ASRs submitted and files in appropriate locations.
- 6. Completes and submits Local Number Portability (LNP) orders via web based systems for customers choosing LNP.

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Traffic/Billing/PPV Coordinator

Department: Media Services

Supervisor: Media Services Manager

Supervises: None

Grade: 25

Revised: 8/1/2003

<u>Class Characteristics</u>: Under general direction, serves as Traffic/ Billing/PPV Coordinator; Inputs sales orders, generates order confirmations, verifies insertions and build daily schedules for commercial insertion. Inputs checks, applies to appropriate account and delivers reports and checks to Finance Department. Maintains pay-per-view invoicing. Manages Node database. Performs general office duties and serves as department receptionist. Performs other duties as assigned.

General Duties and Responsibilities:

Essential:

Traffic/Billing Duties:

- 1. Inputs Sales Orders
- 2. Verifies insertions from prior day
- 3. Processes monthly billing
- 4. Produces order confirmations
- 5. Builds daily commercial insertion schedule.
- 6. Schedules make goods as needed
- 7. Inputs checks and applies to proper account
- 8. Produces weekly report for Friday meeting
- 9. Generates accounts receivable billing reports and collection information and delivers to Finance Department.
- 10. Maintains client list.
- 11. Produces notarized affidavits for clients.
- 12. Performs secretarial duties; answers phone; serves as departmental receptionist, etc.
- 13. Coordinates and inserts video crawls on insertable channels

Traffic/Billing/PPV Coordinator, Page 2

PPV Duties

- 1. Maintains pay per view invoicing on a monthly basis
- 2. Manages Node address data base and facilitates FSN mailings for residential customers.
- 3. Works with Bluegrass Mailing to ensure mailings

Non-Essential: 1. Coordinates special events for Cable Advertising Department

MINIMUM QUALIFICATIONS

<u>Training and Experience</u>: Graduation from high school or equivalent Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Knowledge of federal, state and local laws and administrative regulations regarding advertising on cable-broadcast television.
- 2. Knowledge of the Cable TV industry, including equipment, television production, and operations.
- 3. Knowledge of Plant Board operating policies and procedures.
- 4. Knowledge of work hazards and applicable safety precautions associated with equipment.
- 5. Knowledge of computer hardware and applicable software programs.
- 6. Knowledge of accounting and inventory management.
- 7. Knowledge of PPV marketing industry.

Skills:

- 1. Organizational skills.
- 2. Public relations skills.
- 3. PC skills
- 4. Time Management skills

Traffic/Billing/PPV Coordinator, Page 3

Abilities:

- 1. Ability to effectively coordinate client needs with available inventory...
- 3. Ability to communicate effectively, orally and in writing.
- 4. Ability to establish and maintain effective working relationship with Plant Board officers and employees, and members of the community.

<u>Instructions</u>: Somewhat general; many aspects of work are covered specifically, but must use some of own judgment.

<u>Processes</u>: Must occasionally consider different courses of action, or deviate from standard operating procedures, to get the job done.

Review of Work: Completed work is spot-checked.

<u>Analytical Requirements</u>: Assignments frequently involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required.

<u>Physical Demands of the Job</u>: Work is performed indoors at a desk or table, with intermittent sitting, standing and stooping; lifting light objects weighing less than 25 pounds are a requirement of the job.

<u>Tools and/or Equipment Used</u>: Advertising management systems; advertising billing system,normal office equipment (fax, copier, VCR, etc.) PPV management system.

<u>Contacts</u>: Public and internal contacts requiring tact and diplomacy are requirements of the job.

<u>Confidential Information</u>: Regular use of confidential information is a requirement of the job.

Interruptions: Constant.

Special Licensing Requirements: None

Additional Requirements: Must be able to respond to emergency situations at all hours.

Certification Requirements: None.

Overtime Provision: Non-exempt.

166

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Underground Electric Supervisor

Department: Electric

Supervisor: Electric Superintendent or Assistant Superintendent

Supervises: All Assigned Personnel

Grade: 35

Revised: 7/1/2002

<u>Class Characteristics</u>: Under general direction, supervises and assists in the construction and maintenance of underground division of utility; performs related work as required.

General Duties and Responsibilities:

Essential:

- Supervises employees assigned to the Division and assists in the construction and/or maintenance of underground electric utility, insuring that work is completed in accordance with federal and state regulations and Plant Board standards.
- 2. Troubleshoots and repairs underground electric facilities to maintain service.
- 3. Assigns personnel, equipment and material to work to be completed.
- 4. Insures that production, projects, and goals are met.
- 5. Assists with system design upgrades; assists with developing new standards and specifications for new programs.
- 6. Assists with preparation of estimates for job costs and job lay-out; insures sufficient stock of materials and supplies are on-hand at all times; prepares daily reports of materials used for each job; maintains accurate records and maps.
- 7. Responsible for employee safety, including issuance of safety equipment and scheduling of employees for safety training; conducts safety training.
- 8. Responsible for protection of job-site for general public and public property.
- 9. Attends to problems as they arise daily.
- 10. Supervises and trains employees; completes performance evaluations; responsible for daily time and attendance for subordinates; recommends disciplinary action to Superintendent.
- 11. Works high voltage and instructs employees to work high voltage safely and efficiently.
- 12. Detects malfunctions in equipment and vehicles, and makes minor system repairs; insures that preventive maintenance standards are followed; recommends major repairs to Superintendent.
- 13. Insures production, projects, and goals are met.
- 14. Conducts investigations for all accidents.
- 15. Attends safety and other seminars on a regular basis.
- 16. Responsible for up-to-date maps, tagging, etc.

Non-Essential: None.

MINIMUM QUALIFICATIONS

<u>Training and Experience</u>: Graduation from high school or equivalent supplemented by eight years directly related work experience. (See Certification Requirements for additional requirements.)

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Thorough knowledge of underground electric utility system, including equipment, materials, methods and techniques used in operations, construction and maintenance.
- 2. Thorough knowledge of federal, state and local laws and administrative regulations regarding underground section of utility; ability to insure compliance with the same.
- 3. Thorough knowledge of functions and servicing and maintenance requirements of mechanical equipment and machinery.
- 4. Thorough knowledge of and ability to insure compliance with safety requirements.

Skills:

- 1. Problem-solving skills.
- 2. Pole climbing skills.

Abilities:

- Ability to supervise subordinates while assisting with the required duties.
- 2. Ability to detect mechanical flaws and make minor repairs to equipment.
- 3. Ability to monitor and remain in compliance with preventive maintenance and servicing programs.
- 4. Ability to recognize work hazards and maintain safety standards and practices.
- Ability to work in highly stressful situations, such as working with Ahot≅ wires.
- 6. Ability to use pole climbing equipment and to climb poles.
- 7. Ability to communicate effectively, orally and in writing.
- 8. Ability to establish and maintain effective working relationships with Plant Board department directors, and the general public.
- Ability to operate electronic or detection equipment needed in performance of duties.

Instructions: Very general; must use own judgment most of the time.

<u>Processes</u>: Must occasionally consider different courses of action, or deviate from standard operating procedures, to get the job done.

Review of Work: Completed projects may be discussed with supervisor, but work is generally not reviewed.

<u>Analytical Requirements</u>: Assignments involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required.

Underground Electric Supervisor, Page 3

Physical Demands of the Job: Work is performed primarily outdoors, regardless of weather conditions; sitting, standing, stooping and climbing poles are job requirements; must operate equipment and vehicle; must lift objects weighing in excess of twenty-five (25) pounds; exposed to machinery and its moving parts; exposed to dangerous machinery and sharp tools; exposed to noise, fumes, chemicals and toxic substances; required to be in high places, confined spaces, and using stairs and ladders.

Tools and/or Equipment Used: Bucket truck; backhoe; bobcat; trencher; cable radar fault locating equipment; voltage meter; hydraulic tools (jackhammer, drill, pump); winches; wire pullers; pole climbing tools; pipe bender; pipe threader; ladders; computer; fax machine; copier; various hand tools assigned to department.

<u>Contacts</u>: Public and internal contacts are a requirement of the job.

Confidential Information: Limited use of confidential information.

Interruptions: Constant.

<u>Special Licensing Requirements</u>: Must possess and maintain a commercial drivers license.

Additional Requirements: Must be able to respond to calls in emergency situations at all hours.

<u>Certification Requirements</u>: Must possess First-Aid Responder & CPR Certification. Must have completed TVPPA Certification or equivalent.

Overtime Provision: Non-exempt.

2078

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Video Producer/Director

Department: Marketing, Public Relations and Community TV

<u>Supervisor:</u> Production Supervisor/Webmaster

Supervises: May Supervise Production (Edit) Assistant

Grade 26

Revised: 7/1/2002

<u>Class Characteristics:</u> Under general supervision, evaluates client needs and requirements, writes scripts, operates video equipment for commercial/industrial production, edits production on non-linear editor; submits work for client review and approval; performs related work as required.

General Duties and Responsibilities:

Essential:

- 1. Operates equipment for production of programming (camera, audio, switcher, lighting, character generator, non-linear editing,
- 2. Produces (shoots, writes, and edits) commercials for advertising clients.
- 3. Performs crew assignments for production, including set-up, floor directing, clean-up, and both pre- and post-production activities.
- 4. Constructs and/or designs sets for productions.
- 5. May coordinate finished product with traffic/billing for insertion onto cable system.
- 6. Performs preventive maintenance on equipment utilized in production of commercials.
- 7. Attends continuing education classes as required for system and equipment updates and new/or processes are implemented.
- 8. Serves as Cable 10 production resource.
- 9. Works with public access groups, when applicable.
- 10. Performs other duties as assigned.

Non-Essential: None.

Video Producer/Director, Page 2

MINIMUM QUALIFICATIONS

<u>Training and Experience</u>: Bachelors degree in Telecommunications or Video Production; directly related work experience may be substituted for the education requirements on a year-for-year basis up to a maximum of two years. Advanced training in Media 100 Editor certification classes.

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Knowledge of, or ability to learn, federal, state and local laws and administrative regulations governing commercials.
- 2. Knowledge of script writing.
- 3. Knowledge of lighting.
- 4. Knowledge of, or ability to learn, Plant Board operating policies and procedures.
- 5. Knowledge of cable television production and operations.
- 6. Knowledge of work hazards and applicable safety precautions associated with equipment.
- 7. Knowledge of ,or ability to demonstrate and utilize 2D animation programs such as Adobe After Effects.
- 8. Knowledge of photo-shop.

Skills:

- 1. Skill in the use of departmental equipment, including non-linear editing system, character generator, audio mixer, field and studio camera operation, lighting, etc.
- 2. Communication skills.
- 3. Skill in producing quality products.
- 4. Problem-solving skills.
- 5. Editing skills.
- 6. Graphic design and layout.
- 7. Skill in producing multi-layered motion graphics.

Abilities:

- 1. Ability to write script, produce, shoot and edit commercials.
- 2. Ability to prepare and maintain effective record keeping system.
- 3. Ability to communicate effectively, orally and in writing.

- 4. Ability to establish and maintain effective working relationship with Plant Board officers and employees, and members of the community.
- 5. Ability to work independently.
- 6. Excellent vision; manual dexterity; attention to detail; good balance and muscle control; ability to adapt to frequent change.

<u>Instructions</u>: <u>Instructions</u> are initially very specific, but become more general with additional work experience.

<u>Processes:</u> Must frequently refine existing work methods and develop new techniques, concepts or programs within established limits.

Review of Work: All completed work is reviewed initially, but review is reduced with work experience.

<u>Analytical Requirements:</u> Assignments frequently involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required.

<u>Physical Demands of the Job</u>: Work is performed in an office at a desk, table, or piece of video equipment; must lift objects weighing in excess of 25 pounds as a job requirement; must operate vehicle and other equipment; exposed to machinery and its moving parts; must work in high places, confined spaces, and use stairs and ladders.

Tools and/or Equipment Used: Non-linear editing system, character generator (CG), audio mixer, field and studio camera operation, lighting; normal office equipment (computer, copier, phone, etc).

<u>Contacts:</u> Public and internal contacts requiring tact and diplomacy are requirements of the job.

Confidential Information: Limited use of confidential information.

Mental Effort: Heavy.

Interruptions: Constant.

<u>Special Licensing Requirements:</u> Must possess and maintain valid drivers license.

Certification Requirements: None.

Video Producer/Director, Page 4

Additional Requirements: Since the employee in this class performs on-call duties, the employee must be able to respond in the event of emergency situations within 30-minutes from the time the call is received.

Overtime Provision: Non-exempt.

FRANKFORT PLANT BOARD CLASS SPECIFICATION

<u>Class Title</u>: VoIP Technologies Coordinator

Department: Cable / Telecommunications, Telecommunications Division

Supervisor: Telephone Manager

<u>Supervises</u>: None Grade: 34

Created: 10/19/2004

Revised:

<u>Class Characteristics</u>: Under general supervision, performs the maintenance, test, and repair of telephone switching circuits. Provides provisioning and trunking translations for the programming of customer and interconnection traffic from FPB's switch. Provisions multimedia terminal adapters for telephone operation. Researches and implements new broadband technology applications for FPB customers. Performs related work as required.

General Duties and Responsibilities:

Essential:

- 1. Performs all complex telecommunications switch translations for customer telephone service requests.
- 2. Uses test equipment to analyze, repair, and maintain telephone switching circuits and equipment. Responsible for translation and routing trouble resolution.
- 3. Assists telephone installers in trouble determination and resolution.
- 4. Researches new Voice over Internet Protocol (VoIP) and broadband wireless technology for potential consumer applications.
- 5. Communicates with vendors/manufacturers on RF network requirements and evaluates products/technologies related to a wireless solution within a telecommunications network.
- 6. Assists in the implementation and configuration of the network elements being deployed in a city or urban area.
- 7. Provisions multimedia terminal adapters for telephone service.
- 8. Performs first level troubleshooting and works with IT to resolve high level issues on the multimedia terminal adapters.
- 9. Assists IT in the testing and deployment of new hardware and software for the multimedia terminal adapters.
- 10. May be required to work some weekends and respond to trouble calls after normal working hours.

Non-Essential:

1. Updates records with completed work.

VoIP Technologies Coordinator, Page 2

2. Assists other Divisions as required.

MINIMUM QUALIFICATIONS

<u>Training and Experience</u>: Two year degree in Electronics or equivalent training and education. Extensive knowledge in dealing with telecommunications broadband technology, including wireless Internet and VoIP, is required. Experience in provisioning of trunking, switch monitoring/analysis, switch repair/maintenance, customer service provisioning and repair, and complex switch translations a plus.

Experience with Wireless and VoIP technologies to evaluate, define and assist in the development of 802.x standards, requirements and recommendation of standard configurations for wireless network elements is desired. This includes deployment of routers, switching, transport, and access point devices on a system or regional level. Extensive knowledge of Wireless LANs, (WiFi) 802.11a/b/g and 802.16a (WiMax) protocol is required.

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Previous knowledge of telecommunications switches (5e, 1A, DMS)
- 2. Knowledge of electronic switching systems from a capacity management perspective.
- 3. Strong computer skills and an in-depth knowledge of Internet broadband technology.

Abilities:

- 1. Good communications skills both verbal and written. The ability to establish and maintain effective working relationships with coworkers in other Plant Board departments / divisions,
- 2. Ability to deal effectively with representatives of other telecommunications companies and the general public.
- 3. Ability to perform and assist in the installation of telecommunications network equipment.
- 4. Ability to perform testing, troubleshooting, and component replacement of telecommunications switching equipment.
- 5. Ability to keep abreast of technological changes impacting telecommunication service.
- 6. Ability to detect mechanical flaws and make minor repairs to equipment.

VoIP Technologies Coordinator, Page 3

- 7. Ability to work as a team and to perform job with little or no supervision.
- 8. Ability to insure compliance with preventive maintenance and servicing programs.
- 9. Ability to insure compliance with safety standards and practices.

Instructions: Instructions are very general: must use own judgement..

<u>Processes</u>: Must occasionally consider different course of action, and develop new techniques, concepts or programs within established limits.

Review of Work: Completed work may be spot checked by supervisor, but work is generally not reviewed.

<u>Analytical Requirements</u>: Assignments involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required.

<u>Physical Demands of the Job</u>: Work is performed primarily indoors including sitting at a desk or table, walking and standing; must operate test equipment and vehicle.

<u>Tools and/or Equipment Used</u>: Normal office equipment, hand tools, vehicle, telecommunications equipment and test equipment assigned to Division. May occasionally use special equipment associated with the industry.

<u>Contacts</u>: Frequent public and internal contacts requiring tact and diplomacy is a job requirement.

<u>Confidential Information</u>: Regular use of extremely confidential information is a job requirement.

Interruptions: Frequent.

<u>Special Licensing Requirements</u>: Must possess and maintain a valid Commonwealth of Kentucky drivers license.

Additional Requirements: Must be able to respond to calls in emergency situations at all hours.

Overtime Provision: Non-Exempt.

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Water Analyst IV

Department: Water Distribution

Supervisor: System Maintenance Supervisor

Supervises: None. -

Grade:

30

Revised: 1/19/2006

Class Characteristics: Under general supervision, collects water samples; may analyze samples; performs related work as required.

General Duties and Responsibilities:

Essential:

- 1. Collects water samples, including routine and new-line bacteriological samples; collects samples of water off over 30-days.
- Responds to all water quality complaints and analyzes problem. 2.
- Flushes dead-ends, blow-offs and low-use areas to maintain water 3. quality.
- Keeps superiors advised of water quality. 4.
- 5. Establish and maintain records of samples collected and analyzed or forwarded for analysis.
- Assists other departmental personnel as requested and approved 6. by Supervisor.
- 7. Monitors, operates, and maintains mobile computerized water analyzing equipment.
- Responsible for dechlorination of new water mains by EPA 8. standards, hydrostatically testing of new mains, and bacteriological sampling of new mains.

Non-essential: None.

Water Analyst IV, Page 2

DESIRABLE QUALIFICATIONS

<u>Training and Experience</u>: Graduation from high school or equivalent supplemented by eight years related work experience. Job related technical training or college level courses in chemistry preferred. Promotion to Water Analyst IV is made only upon the recommendation of the Superintendent and approval of the General manager.

Special Knowledge, Skills and Abilities:

Knowledge:

- Extensive knowledge of equipment, materials, methods and techniques used in the construction and maintenance of the water distribution system.
- 2. Extensive knowledge of federal, state and local laws and administrative regulations reference water quality.
- 3. Extensive knowledge of sampling techniques.
- 4. Extensive knowledge of water chemistry.
- 5. Extensive knowledge of the work hazards and applicable safety precautions associated with the operation of equipment.
- 6. Extensive knowledge of the operating characteristics and servicing requirements of vehicles and equipment.
- 7. Extensive knowledge of the geography of the service area.

Abilities:

- 1. Ability to work independently.
- 2. Ability to recognize operating deficiencies and make minor repairs to equipment.
- 3. Ability to establish and maintain effective working relationships with employees and the general public.
- 4. Ability to perform heavy labor for extended periods of time, often under adverse weather conditions.
- 5. Possess water distribution operational aptitude, mechanical aptitude, manual dexterity and good in physical condition.
- 6. Ability to maintain and operate computerized water analyzing equipment.

<u>Instructions</u>: Instructions are somewhat general; many aspects are covered specifically, but must use some of own judgment.

Water Analyst IV, Page 3

<u>Processes</u>: Must occasionally consider different course of action or deviate from standard operating procedures to get the job done.

Review of Work: Superviser may spot- check work.

<u>Analytical Requirements</u>: Assignments involve decisions based on a wide knowledge of many factors where the application of advanced or technical concepts are required.

Physical Demands of the Job: Work is performed primarily outdoors, regardless of weather conditions; must operate equipment and vehicle; exposed to machinery and its moving parts; exposed to dangerous machinery and sharp tools; exposed to noise, fumes, chemicals and toxic substances; required to be in high places, confined spaces, and using stairs and ladder.

<u>Tools and/or Equipment Used</u>: Testing equipment, computer, hand tools, vehicle.

<u>Contacts</u>: Frequent public and internal contacts requiring tact and diplomacy are requirements of the job.

Confidential Information: Limited use of confidential information.

Interruptions: Frequent.

<u>Special Licensing Requirements</u>: Must possess and maintain a Class IV Distribution License issued by the Commonwealth of Kentucky. Must possess and maintain a valid driver's license.

<u>Certification Requirements</u>: Must possess First-Aid Responder (CPR) Certification.

<u>Additional Requirements</u>: Must be able to respond to calls in emergency situations at all hours.

Overtime Provision: Non-exempt.

FRANKFORT PLANT AOARD CLASS SPECIFICATION

290, 289, 1940, -194

Class Title: Water Plant Operator IV

Department: Water Plant

Supervisor: Chief Water Plant Operator

Supervises: May Supervise Water Plant Operators III, II, I, Plant Maintenance

/Operator in the Absence of a Higher Authority

Grade: 31

<u> 10.</u>

Revised: 7/1/2002

<u>Class Characteristics</u>: Under general direction, assumes responsible charge of the daily operation and maintenance of the water plant; may supervise other plant operators in the absence of higher authority; performs related work as required.

General Duties and Responsibilities:

Essential:

- 1. Responsible charge of the daily operation and maintenance of the water plant, including start-up and/or shut-down of plant and equipment, involving collection and distribution of water in compliance with established procedures and standards and federal and state laws and administrative regulations.
- 2. May supervise water plant operators in absence of higher authority.
- 3. Inspects and/or monitors computerized equipment, pumps, charts, gauges and meters daily.
- 4. Collects samples from designated points plus additional points; analyzes samples and interprets results to maintain water quality.
- 5. Accepts inquiries about water quality and provides information or assistance.
- 6. Adds chemicals in accordance with prescribed standards; may assist lab personnel in collection of water samples; insures proper adjustment of feeder equipment; adjusts chemicals as necessary.
- 7. Prepares and maintains accurate reports/records.
- 8. Insures that water samples and reports are forwarded as required.
- 9. Insures that servicing and preventive maintenance programs on plant and equipment are followed; makes minor repairs and/or adjustments on plant and equipment; forwards requests for major repairs and/or equipment and tools to superiors.

Water Plant Operator IV, Page 2

- 10. Assists with creating computer generated forms and log sheets.
- 11. Assists with providing plant tours.
- 12. Insures adequate inventory of spare parts, chemicals, equipment and tools.
- 13. Assists with minor construction projects.
- 14 Assists with cleaning of plant and grounds.
- 15. Assists in evalution and implementation of new or different treatment chemicals/procedures.

MINIMUM QUALIFICATIONS

Non-Essential: None.

<u>Training and Experience</u>: Graduation from high school or equivalent supplemented by five seven years work experience as a Plant Operator. (See Certification Requirements for additional requirements.)

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Extensive knowledge of water plant operations.
- 2. Extensive knowledge of federal, state laws and administrative regulations with reference to water treatment.
- 3. Extensive knowledge of functions, servicing and maintenance requirements of mechanical equipment and machinery.
- 4. Knowledge of and ability to comply with safety standards.
- 5. Working knowledge of computer hardware and applicable software programs.
- 6. Knowledge of "hazardous" and "extremely hazardous" chemicals.

Abilities:

- 1. Ability to detect mechanical flaws and make minor repairs to plant and equipment.
- 2. Ability to prepare and maintain preventive maintenance and servicing program.
- 3. Ability to run laboratory equipment.
- 4. Ability to prepare and maintain accurate reports.
- 5. Ability to maintain inventory of chemicals, spare parts and tools.
- 6. Ability to supervise the work of water plant operators.
- 7. Ability to establish and maintain effective working relationships with officers, other employees, and the general public.
- 8. Physical ability to perform heavy labor for extended periods of time, often under adverse weather conditions.

- 9. Ability to work independently or as part of a team.
- 10. Ability to base decisions on-line equipment.
- 11. Ability to learn and utilize new technology and processes (equipment, chemicals, etc.)

<u>Instructions</u>: Instructions are very general; must use own judgment most of the time.

<u>Processes</u>: Must occasionally consider different information and analysis from courses of action, or deviate from standard operating procedures, to get the job done.

Review of Work: Completed work is spot checked.

<u>Analytical Requirements</u>: Assignments frequently involve decisions based on a wide knowledge of many factors where application of advanced or technical concepts are required.

Physical Demands of the Job: Work requires sitting at desk with intermittent standing, walking, stooping; must lift objects over 25 pounds; some work is performed outdoors regardless of weather conditions; must operate vehicle and equipment; required to be in high places, confined spaces, and using stairs and ladders; exposed to fumes, chemicals and toxic substances. Must load and unload chlorine cylinders from chemical delivery trucks.

<u>Tools and/or Equipment Used</u>: Construction and/or mechanical tools and equipment (hand tools, power tools, etc.), laboratory equipment, normal office equipment (phone, computer, calculator, etc.), computerized chemical feeders, safety equipment, vehicles.

<u>Contacts</u>: Occasional contacts with the public and employees or supervisors from other departments.

Confidential Information: Little or no use of confidential information.

Mental Effort: Moderate/heavy.

Interruptions: Frequent.

<u>Special Licensing Requirements</u>: Must possess and maintain a valid drivers license.

<u>Certification Requirements</u>: Must possess and maintain a Class IVA Water Treatment Plant Operators License issued by the Commonwealth of Kentucky. Must have completed training in basic first-aid, bloodborne pathogens, and CPR.

Must obtain 24 continuing education hours for bi-annual license renewal. Must pass physical for and complete 40 hour emergency responder and technician course, in compliance with 29 CFR 1910, 120 and must maintain certification with 8 hour annual training. Must complete confined space training and rescue course.

Water Plant Operator IV, Page 4

Additional Requirements: Must use self-contained breathing apparatus (SCAA) for prolonged periods of time; must be able to wear level A chemical suit for prolonged periods. Must be able to respond to emergency situations at all hours. May be required to work additional hours without advance notice. Must be able to work alternating schedules and swing shifts (nights-days-weekends, etc.).

Overtime Provision: Non-exempt.

224

FRANKFORT PLANT BOARD CLASS SPECIFICATION

Class Title: Water Quality Specialist IV

Department: Water Distribution

<u>Supervisor</u>: Assistant Water Superintendent

Supervises: None

Grade: 30

Revised: 1/19/2006

<u>Class Characteristics</u>: Under general supervision, monitors collection and results of samples to assure water quality in distribution system; keeps Superintendent aware of water quality; assists with coordinating some activities of the department; assists with monitoring some special related projects; performs related work as required.

General Duties and Responsibilities:

Essential:

- 1. Monitors all water quality results and keeps Superintendent aware of tests.
- 2. Records bacteriological sampling and monitors for state testing requirements.
- 3. Records chlorine checks.
- Records and track water analysis of systems.
- 5. Records all incoming special tests, and inform Superintendent of any problems.
- 6. Monitors new analysis testing equipment for use in water quality control.
- 7. Assists the Superintendent and Assistant Superintendent in forwarding approved implementations to person or persons of interest in coordinating activities and programs of the department.
- 8. Assists with monitoring some special projects of the department.

Non-essential:

- 1. Records all service orders for department.
- 2. Records all work orders for department.
- 3. Tracks all purchase orders for department.

Water Quality Specialist IV, Page 2

- 4. Keeps records of daily time sheets, and vacation and sick leave time for employees in department.
- 5. Maintains records for hydrants.
- 6. Maintains records of departmental activities; forward to persons requesting information upon approval of the Superintendent.

DESIRABLE QUALIFICATIONS

<u>Training and Experience</u>: Graduation from high school or equivalent supplemented by eight years related work experience. Promotion to Water Quality Specialist IV is made only upon the recommendation of the Superintendent and approval of the General Manager.

Special Knowledge, Skills and Abilities:

Knowledge:

- 1. Extensive knowledge of equipment, materials, methods and techniques used in the construction and maintenance of the water distribution system.
- 2. Extensive knowledge of federal, state and local laws and administrative regulations reference water quality.
- 3. Extensive knowledge of sampling techniques.
- 4. Extensive knowledge of water chemistry.
- 5. Extensive knowledge of the work hazards and applicable safety precautions associated with the operation of equipment.
- 6. Extensive knowledge of the operating characteristics and servicing requirements of vehicles and equipment.
- 7. Extensive knowledge of the geography of the service area.

Abilities:

- 1. Ability to work independently.
- 2. Ability to recognize operating deficiencies and make minor repairs to equipment.
- 3. Ability to establish and maintain effective working relationships with employees and the general public.
- 4. Possess water distribution operational aptitude, mechanical aptitude, manual dexterity and good physical condition.

<u>Instructions</u>: Instructions are somewhat general; many aspects are covered specifically, but must use some of own judgment.

Water Quality Specialist IV, Page 3

<u>Processes</u>: Must occasionally consider different course of action or deviate from standard operating procedures to get the job done.

Review of Work: Completed projects may be discussed with supervisor, but work is generally reviewed.

Analytical Requirements: Problems require analysis based on precedent.

<u>Physical Demands of the Job</u>: Work is performed primarily indoors, but outdoor work is required. Must operate equipment and vehicle in completing job tasks.

<u>Tools and/or Equipment Used</u>: Testing equipment, computer and office equipment, hand tools, vehicle.

<u>Contacts</u>: Frequent public and internal contacts requiring tact and diplomacy are requirements of the job.

Confidential Information: Regular use of confidential information.

Interruptions: Constant...

<u>Special Licensing Requirements</u>: Must possess and maintain a Class IV Distribution License issued by the Commonwealth of Kentucky. Must possess and maintain a valid drivers license.

<u>Additional Requirements</u>: Must be able to respond to calls in emergency situations at all hours.

Overtime Provision: Non-exempt.

Net Income

Frankfort Electric and Water Plant Board Response to PSC Order Dated: 10-20-2006 Case No. 2006-00444

ITEM 7: Payroll Allocations

Response: All employees, except those in Administration, Information

Technology, Human Resources and Support Services,

spend 100% of their time working in their assigned

department. That is, water department employees spend

100% of their time working for the water department and do

not perform work for other departments.

Employee salaries are allocated using several different

methods. Employee salaries in the electric, water and cable

departments are allocated using Method 1 and 100% of the

salary is charged to the department. (Item 6, Ex. 3.) Method

1 is used for the majority of FEWPB's employees.

Employees salaries not attributable to the electric, water or

cable departments are allocated using methods 3,

5 or 8. (Item 6, Ex. 3, 4.)

Frankfort Electric and Water Plant Board Response to PSC Order Dated: 10-20-2006 Case No. 2006-00444

ITEM 8:

Joint or shared costs, allocation procedures and internal memorandums regarding the same.

Response:

- 8(a): Total expense amounts and the amount allocated per division are found in the general ledger. (Item 4.)

 The basis for the allocations is explained in the Response to Item 6.
- 8(b): The procedures used to allocate joint and shared costs are explained in the Response to Item 6, Ex. 3, 4.
- 8(c): No internal memorandums, etc. regarding allocation procedures.

Frankfort Electric and Water Plant Board Response to PSC Order Dated: 10-20-2006 Case No. 2006-00444

ITEM 9: Depreciation Schedules

Response: Ex. 1 – Depreciation Schedules 2005-2006

Ex. 2 – Depreciation Schedules 2004-2005
