Dear Ms. O'Donnell:

I am writing to request consideration to refuse a petition by Atmos energy for a rate increase. In my opinion their charges are already so high that people can hardly pay it. There must be some point to stop raising prices on everything. We, who are on fixed incomes and young people with a family trying to live on income from a low paying job, which in many places is all that is available. So we can't even pay for the barest essentials, while big companies just get richer.

Thank you for your consideration
