Re: Sherry Ann Good D/B/A Sun Palace v. Kentucky Utilities Company;
Case No. 2006-00496

Dear Ms. O'Donnell:

Enclosed please find an original and eleven (11) copies of the Answer of Louisville Gas and Electric Company to the Complaint of Sun Palace in the above-referenced case.

Please file-stamp the extra copy of the Answer as received and return it to me in the enclosed envelope. Should you have any questions concerning the enclosed, please do not hesitate to contact me.

Sincerely,

Allyson K. Sturgeon

COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

RECEIVED

In the Matter of:

DEC 11 2006

SHERRY ANN GOOD D/B/A)
SUN PALACE)

PUBLIC SERVICE
COMMISSION

COMPLAINANT)

vs.)

CASE NO. 2006-00496

KENTUCKY UTILITIES COMPANY)

DEFENDANT)

**ANSWER AND MOTION FOR INFORMAL CONFERENCE
OF KENTUCKY UTILITIES COMPANY**

In accordance with the Kentucky Public Service Commission's ("Commission") Order of December 1, 2006 in the above-captioned proceeding, Kentucky Utilities Company ("KU") respectfully submits this Answer to the Complaint of Sherry Ann Good d/b/a Sun Palace ("Ms. Good") filed on November 20, 2006.

In compliance with the Commission's order of December 1, 2006, KU provides the following response to Ms. Good's Complaint in order to preserve its defenses:

1. With regard to the allegations contained in paragraph (a) of the Complaint, KU admits, on information and belief, that Sun Palace is located at 1906 Cumberland Avenue, Middlesboro, Kentucky 40965.

2. With regard to the allegations contained in paragraph (b) of the Complaint, KU states that its primary business address is One Quality Street, Lexington, Kentucky 40507.

3. With regard to the allegations contained in paragraph (c) of the Complaint, KU states as follows:

a. With regard to the allegations contained in paragraph (1) of the Complaint, KU affirmatively states that the provisions of applicable Kentucky statutes and regulations, as interpreted and applied by relevant precedent, speak for themselves. KU denies that it was negligent or that it violated any regulation or statute. In addition, KU further states that Chapter 278 of the Kentucky Revised Statutes does not give the Commission the authority to award damages to a complainant.

b. KU denies the allegations contained in paragraph (2) of the Complaint, and states that on September 1, 1999, electric service was established in the name of Sun Palace at the request of Janice Jones (“Ms. Jones”). However, KU received a letter dated February 6, 2003 (a copy of which is attached hereto as Exhibit A) from Ms. Jones authorizing Delia Wilson, and Sherry Good, to obtain information on accounts #509026-0006 0 and #396480-034 9. KU has no record that Ms. Good informed them that she had purchased the business from Ms. Jones. If KU had become aware that Ms. Good purchased the business, this information would have been noted in the account records, the account numbers would have been changed, and KU would have read and inspected the meters in accordance with Commission regulations. As to the allegation that KU is required to test meters within eight years, KU affirmatively states that the Commission permanently approved a Sample Meter Testing Plan for KU in Case No. 2005-00276, which applies in lieu of the meter testing requirements set forth in 807 KAR 5:041.

c. KU denies the allegations contained in paragraphs (3), (4) and (5) of the Complaint, but states the following: Sun Palace is located in a three-story building in downtown Middlesboro, Kentucky. Sun Palace is located on the first floor, which currently has its

electricity supplied by a single phase, 30-amp meter (meter #C406361). The second floor, which is primarily used as residential space, is supplied by a demand meter (meter #C246331). A third meter (meter #C406361) was installed in April 2006. The meter at issue in this Complaint is the single phase, 30-amp meter (meter #M408432), which serviced Sun Palace.

On August 23, 2005, meter #M408432, which was also a single phase, 30-amp meter, was removed as part of the KU Sample Meter Testing Plan. At the time the meter was changed, the service technician found both the meter and its base to be defective, which required the replacement of the meter. Due to the extent of the meter damage, the meter was retired and not repaired. The defective meter is currently stored in KU's meter shop. The old meter was replaced with a new single, phase 30-amp meter (meter #C406361). When the new meter was installed on August 23, 2005, the index read "00000". After the meter was replaced, KU went back to read the meter to make sure that the meter was operating properly. Two days later, on August 25, 2005, meter #C406361 was read again and the index read "00222." On August 30, 2005, the meter was again read. On that date, the index read "00765".

Because meter #M408432 did not operate properly, Sun Palace was underbilled for a period of time. Pursuant to KRS 278.225, KU is required to bill for service within two years from the date of service. Since the meter problem was discovered in August, 2005, KU billed Sun Palace for the previous unbilled amounts through September, 2003, based upon an estimate derived from the seven-day read obtained from the new meter in August, 2005. The adjustment total is \$4,778.07. KU believes that this adjustment is conservative based upon readings taken since the meter was replaced in August, 2005, and is most advantageous to Sun Palace, because it is believed that a tanning salon would consume less energy during the month of August.

On September 19, 2005, Alan Sutton, Field Office Business Office Manager for KU met with Mr. & Ms. Good to explain the adjusted billing. He again met with them on September 27, 2005 and provided them with a copy of the usage history for Sun Palace. During this time, KU offered to work with Ms. Good to minimize any monthly financial impact this situation caused by offering flexible payment arrangements on this billing.

As a regulated utility, KU is required to bill all of its customers for the amount of electricity that they actually consume. Copies of bills for Sun Palace during the period from December, 2004 through November, 2006 are attached hereto as Exhibit B. In addition, the screenprints of the usage history on this account from August 2004 through the present, as well as accounts receivable history for the period of March 2003 through the present are attached hereto as Exhibit C.

4. KU denies all allegations contained in the Complaint which are not expressly admitted in the foregoing paragraphs of this Answer.

FIRST AFFIRMATIVE DEFENSE

The Complaint, or parts of it, fails to set forth any claim upon which relief can be granted by this Commission and, therefore should be dismissed.

SECOND AFFIRMATIVE DEFENSE

The Complainant has failed to set forth a *prima facie* case that KU has violated its tariff or any statute or Commission regulation, and the Complaint should be dismissed for that reason.

MOTION FOR INFORMAL CONFERENCE

KU respectfully requests the Commission to order an informal conference to discuss the possibility of settling this case. KU has been, and continues to be, willing to work with the Complainant in calculating a fair estimate of the unbilled amounts and a reasonable repayment

schedule. Should Complainant have documentation to support her assertions that the business was closed for some period, or that fewer tanning beds were operating during the period in question, KU would be willing to consider further adjustments to the unbilled amounts.

WHEREFORE, for all reasons set forth above, Kentucky Utilities Company respectfully requests:

(1) that the Commission schedule an informal conference in this proceeding; or alternatively,

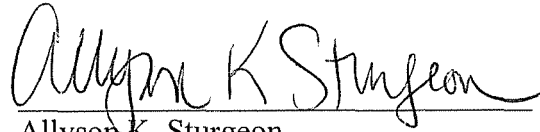

(2) that the Complaint herein be dismissed without further action taken by the Commission;

(3) that this matter be closed on the Commission's docket; and

(4) that KU be afforded any and all other relief to which it may be entitled.

Dated: December 11, 2006

Respectfully submitted,

Allyson K. Sturgeon

Dear Sun Palace,

We recently discovered a problem with your electric meter. In accordance with the Kentucky Public Service Commission statutes, we are required to correct the billing on your account.

Since Kentucky Utilities Company greatly values you as a customer, we will work with you to make arrangements to pay this bill in a timely and reasonable manner. In compliance with 807 KAR 5:006, Section 10(2), you have the right to elect to make payment arrangements for this bill for a time period no less than the number of months that it took to incur the charges. This arrangement will be due in addition to your new monthly billing. If you choose to make payment arrangements, please contact us at the number shown on your bill.

The following information explains the reason your account was corrected and the time period covered.

The meter was not registering the correct usage and it has been replaced. Usage has been estimated from September 8, 2003 to August 23, 2005 based on actual use on the new meter, geographical location and weather conditions.

As a result, your account has been billed for this usage. If you have any information which may affect the estimated portion of this bill, please contact our office.

IMPORTANT INFORMATION

To request a copy of your rate schedule, please call 1-800-383-5582.

Holiday Utility Gift (HUG) certificates are perfect for anyone on your holiday gift list. HUGs are ideal for elderly relatives, young people just starting out or anyone you know who may have trouble making ends meet.

Simply give us the name and address of the recipient, and we'll credit their KU account for that amount. You'll receive a certificate to present to the recipient that indicates the amount of your gift. HUGs can be purchased in any amount over \$25 during regular business hours at any of our Customer Service Centers.
