Dear Mr. Kirtley:

The Salyersville Water Work notified our Water District today that they were increasing water rates \$0.15 per one thousand gallons of water effective with the December billing that is to be paid by January 10, 2007.

During the last 12 months we bought 192,788,400 gallons of water from Salyersville Water Works and we sold 160,227,500 gallons. This is a 16.9 percent water loss for the year.

We need help with new rates for our Water District. I need all new forms that is necessary to request a rate increase. I will try to call you about 4:00 P.M. today.

Enclosed is a copy of the notice we received from Salyersville Water Works.

Sincerely,

William J. Cantrell, Manager
