In the matter of:

PUBLIC SERVICE
COMMISSION

THE APPLICATION OF EAST KENTUCKY NETWORK)
LIMITED LIABILITY COMPANY FOR THE ISSUANCE)
OF A CERTIFICATE OF PUBLIC CONVENIENCE AND) CASE No 2007-00035
NECESSITY TO CONSTRUCT A TOWER IN KNOTT)
COUNTY, KENTUCKY).

In case number 91-002 East Kentucky Network, LLC, formerly Mountaineer Cellular Limited Liability Company was granted a Certificate of Public Convenience and Necessity by the Kentucky Public Service Commission to construct and operate a cellular radio telecommunications system for KY RSA 10.

In an effort to improve service in Knott County, East Kentucky Network, LLC Pursuant to KRS 278.020 Subsection 1 and 807 KAR 5:001 Section 9 is seeking the Commission's approval to construct a tower at Tina near Emmalena in Knott County, Kentucky. The proposed tower will be a 300 foot self supporting tower with attached antennas extending upwards, and an equipment shelter located on a reclaimed mountain top removal mine site at Tina near Emmalena, Kentucky (37-21-02.0 N 83-01-35.0 W).

A map and detailed directions to the site can be found in Exhibit 8.

East Ky Network LLC merger documents were filed with the Commission on February 2, 2001 in Case # 2001-022.

FAA and Kentucky Airport Zoning Commission approvals have been applied for and final approval is included within this application. These applications are enclosed as Exhibit 4 and 6.

No Federal Communications Commission approval is required prior to construction of this facility. Once service is established from this tower we must immediately notify the Federal Communications Commission of its operation. Prior approval is needed only if the proposed

facility increases the size of the cellular geographic service area. This cell site will not expand the cellular geographic service area.

A geologist was employed to determine soil and rock types and to ascertain the distance to solid bedrock. The geotechnical report is enclosed as Exhibit 3

A copy of the tower design information is enclosed as Exhibit 5. The proposed tower has been designed by engineers at Tower Innovations and will be constructed under their supervision. Their qualifications are evidenced in Exhibit 5 by the seal and signature of the registered professional engineer responsible for this project.

The tower will be erected by A & D Communication of Cattlesburg, Kentucky. A & D has vast experience in the erection of communications towers.

Enclosed, and should be filed with Exhibit 10, back of folder, is a survey of the proposed tower site signed by a Kentucky registered professional engineer. There is no structure within 500 feet of the proposed tower as indicated in this enclosure. Exhibit 2 is a list of all Property owners or residents near or within 500' of the proposed tower. No other properties are contiguous with East Kentucky's property.

Exhibit 10, back of folder, also contains a vertical sketch of the tower supplied by Coleman Engineering.

Pursuant to 807 KAR5:063 Sections 1 (1)(L) and Section 1(1)(n)(1) all affected property owners according to the property valuation administrator's record who reside or own property within 500 feet of the proposed Tower were notified by certified mail return receipt requested of East Kentucky Network, LLC's proposed construction and informed of their right to intervene. They were given the docket number under which this application is filed. Enclosed in Exhibit 2 is a copy of that notification.

Knott County has no formal local planning unit. In absence of this unit the Knott County Judge Executive's office was notified by certified mail, return receipt requested of East Kentucky Network Limited Liability Company's proposal and informed of their right to intervene. They were given the docket number under which this application is filed. Enclosed in Exhibit 1 is a copy of that notification.

East Kentucky Network, LLC will finance the subject Construction with earned surplus in its General Fund.

Estimated Cost of Construction	140,000.00
Annual Operation Expense of Tower	12,500.00

A sign 24" X 48" which conforms to the Public Service Commissions guidelines issued on September 3, 1997 was posted on the site on June 16, 2006 and will remain posted for at least two weeks after filing of this application as specified by the PSC guidelines. A second such sign was posted at the nearest public road, and will remain posted two weeks after this filing.

Enclosed in Exhibit 9 is a copy of East Kentucky Network LLC's deeds to the site.

Notice of the location of the proposed construction was published on the first 2 weeks of February in the Troublesome Creek Times. Enclosed is a copy of that notice in Exhibit 1. The Troublesome Creek Times is the newspaper with the largest circulation in Knott County.

The proposed construction site is on a very rugged mountaintop some feet from the nearest structure. Prior to construction the site was wooded.

Due to the steep hillside surrounding the proposed site, the property in close proximity is unsuitable for any type of development. East Kentucky Network LLC's operation will not affect the use of nearby land nor its value. No more suitable site exists in the area. A copy of the search area map is enclosed in Exhibit 8. No other tower capable of supporting East Kentucky Network LLC's load exists in the general area; therefore, there is no opportunity for co-location of our facilities with anyone else.

WHEREFORE, Applicant respectfully requests that the PSC accept the foregoing Application for filing, and having met the requirements of KRS [278.020(1), 278.650, and 278.665] and all applicable rules and regulations of the PSC, grant a Certificate of Public Convenience and Necessity to construct and operate the proposed tower.

The foregoing document was prepared by Janice Robinson, Technical Site Coordinator for East Kentucky Network d/b/a Appalachian Wireless. All related questions or correspondence concerning this filing should be mailed to East Kentucky Network, LLC d/b/a Appalachian Wireless, P. O. Box 405, Prestonsburg, KY 41653.

Montgomery Creek Tower Site

Purpose:

A site assessment was conducted for Appalachian Wireless on a tract of land located in Knott County near Emmalena, Kentucky. The site of the proposed tower is now a reclaimed mountain top removal mine site. The purpose of this investigation was to determine the depth of material and of what type of rock the fill material consists.

Site Investigation:

Mine mapping and a site investigation was used to determine the type of material at the proposed tower site. There is approximately forty feet of mine spoil on which the tower will be located. The area was mined by the mountain top removal method and backfilled, with the material which was overlying the coal (overburden), approximately twenty years ago. The material consists of fragments of sandstone and shale which is generally associated with the overburden of the Hazard No. 9 coal bed. (See attached page for descriptions of materials encountered.)

The terrain in Knott County is moderately to very steep. The tower site is located on a ridge between Montgomery Creek of Troublesome Creek and Lick Fork of Troublesome Creek, both being tributaries of the North Fork of the Kentucky River, approximately two miles west of Emmalena in Knott County. The fill material below the tower site is approximately 40.00 feet thick, based on the information obtained from the site investigation, mine maps and geological maps of the area.

Conclusions:

The proposed tower site is located on a ridge in the area. The fill material has been in place for approximately twenty years. Tests were not conducted to determine the load-bearing strength of the fill material. However, it is apparent that the tower will be constructed on the fill material.

The field work for this site was performed by Wendell R. Holmes, using generally accepted methods in the practice of geological science.

**** DETERMINATION OF NO HAZARD TO AIR NAVIGATION ****

The Federal Aviation Administration has completed an aeronautical study under the provisions of 49 U.S.C., Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations, part 77, concerning:

Structure Type: Antenna Tower
Location: Carrie, KY
Latitude: 37-21-2.25 NAD 83
Longitude: 83-1-34.53
Heights: 315 feet above ground level (AGL)
1961 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

As a condition to this Determination, the structure is marked and/or lighted in accordance with FAA Advisory Circular 70/7460-1 K, Obstruction Marking and Lighting, a med-dual system - Chapters 4, 8 (M-Dual), & 12.

It is required that the enclosed FAA Form 7460-2, Notice of Actual Construction or Alteration, be completed and returned to this office any time the project is abandoned or:

At least 10 days prior to start of construction
(7460-2, Part I)

Within 5 days after the construction reaches its greatest height
(7460-2, Part II)

As a result of this structure being critical to flight safety, it is required that the FAA be kept apprised as to the status of the project. Failure to respond to periodic FAA inquiries could invalidate this determination.

This determination expires on 09/03/2007 unless:

- (a) extended, revised or terminated by the issuing office.
- (b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit has been filed, as required by the FCC, within 6 months of the date of this determination. In such case, the determination expires on the date prescribed by the FCC for completion of construction, or the date the FCC denies the application.

NOTE: REQUEST FOR EXTENSION OF THE EFFECTIVE PERIOD OF THIS DETERMINATION

MUST BE POSTMARKED OR DELIVERED TO THIS OFFICE AT LEAST 15 DAYS PRIOR TO THE EXPIRATION DATE.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, and frequencies or use of greater power will void this determination. Any future construction or alteration, including increase to heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can be of further assistance, please contact our office at (817)222-5538. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2006-ASO-687-OE.

INDEPENDENT AUDITOR'S REPORT

To the Members
East Kentucky Network, LLC
dba Appalachian Wireless
Prestonsburg, Kentucky 41653

We have audited the accompanying balance sheets of East Kentucky Network, LLC, dba Appalachian Wireless as of December 31, 2004 and 2003 and the related statements of income, members' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of East Kentucky Network, LLC, dba Appalachian Wireless as of December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Nature of operations

East Kentucky Network, LLC, dba Appalachian Wireless, is a Kentucky limited liability company formed by the merger of Appalachian Cellular, LLC, Mountaineer Cellular, LLC and East Kentucky Network, LLC on January 1, 2000. The Company is engaged in cellular telephone communications and paging services to residential and commercial customers located in eastern Kentucky. The Company's five members consist of Cellular Services, Inc.; Gearheart Communications Company, Inc.; Mountain Telecommunications, Inc.; Peoples Rural Telephone Cooperative Corporation, Inc.; and Thacker-Grigsby Telephone Co., Inc.

Cash

The Company maintains its cash balances, which exceed the \$100,000 federally insured limit, with several financial institutions. These financial institutions have strong credit ratings and management believes that credit risk related to the accounts is minimal.

Cash equivalents

For purposes of the statement of cash flows, the Company considers temporary investments having a maturity of three months or less to be cash equivalents.

Short-term investments

Certificates of deposit having original maturities between three and nine months are classified as short-term investments, are carried at cost, which approximates fair value, and are held to maturity.

Inventory

Inventory is composed of cellular telephone equipment, paging equipment, and accessories purchased for resale during the ordinary course of business. The inventory is valued at the lower of cost or market, cost being determined by the first-in, first-out (FIFO) method.

Property, plant and equipment

Property, plant and equipment are recorded at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the assets.

Investment

The investment in affiliated company is composed of equity certificates in Rural Telephone Finance Cooperative and is reported at cost, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies (Continued)

Intangible assets

The customer lists, non-compete agreements, FCC licenses, and use of name are recorded at cost and are being amortized over 15 years by the straight-line method. The excess cost over the fair value of the net assets acquired (goodwill) related to paging acquisitions is measured for impairment on an annual basis, and written down, if necessary, to its estimated value at that time.

Recognition of revenue

Cellular service and paging revenues are recognized when earned. Monthly access and feature charges are billed one month in advance and recognized as revenue the following month. Revenue from telephone and accessories sold are recognized as revenue upon delivery to the customer.

Advertising

Advertising costs are expensed as incurred. At December 31, 2004 and 2003, these costs were \$688,001 and \$470,732, respectively.

Income taxes

Under existing provisions of the Internal Revenue Code, the income or loss of a limited liability company is recognized by the members for income tax purposes. Accordingly, no provision for income tax has been provided for in the accompanying financial statements.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

Reclassification

Certain amounts presented in the prior year have been restated to conform with the current year presentation.

NOTES TO FINANCIAL STATEMENTS

Note 2. Intangible Assets

Intangible assets consist of the following at December 31, 2004:

	Gross Amount	Accumulated Amortization

Note 3. Notes Payable

Notes payable consist of the following:

	December 31,	
	2004	2003
RTFC, Line of Credit (a)	\$ ---	\$ 1,800,000
Cumberland Mountain Paging (b)	400,000	400,000
Total	\$ 400,000	\$ 2,200,000

(a) The Company has a line of credit agreement with Rural Telephone Finance Cooperative (RTFC) that provides for borrowings up to \$5,000,000. The outstanding balance at December 31, 2004 and 2003 was \$3,300,000 and \$1,800,000, respectively. The agreement carries an interest rate at prime, plus one and one-half percent, is unsecured and was renewed June 28, 2004 for 24 months. Accordingly, the note is presented in the financial statements as long-term debt at December 31, 2004 (see Note 4).

(b) The Company issued two promissory notes in connection with the acquisition of certain paging assets. Both notes were due in one year with interest at a rate of 4%. The remaining note with a balance of \$400,000 is currently due, but the Company is negotiating the amount based upon the purchased customer lists.

Note 4. Long-Term Debt

Long-term debt as of December 31, 2004 and 2003 consists of the following:

	December 31, 2004

	<u>\$ 8,206,984</u>	<u>\$ 798,055</u>	<u>\$ 7,408,929</u>

The notes payable to Rural Telephone Finance Cooperative (RTFC) are secured by mortgage and security agreements that include substantially all of the assets of the Company. In addition, the Company is required to purchase equity certificates in RTFC equal to 5% of the total amounts borrowed. The notes are payable in quarterly installments over 15 years with interest at variable or fixed rates set by RTFC.

The line of credit agreement with RTFC provides for borrowings up to \$5,000,000. The agreement carries an interest rate at prime, plus one and one-half percent, is unsecured and was renewed June 28, 2004 for 24 months. Accordingly, the note is presented in the financial statements as long-term debt at December 31, 2004 (see Note 3).

Approximate maturities or payments required on principal under note payable agreements for each of the succeeding five years are as follows:

Year ending December 31:

NOTES TO FINANCIAL STATEMENTS

Note 5. Retirement Plans

The Company has a 401(k) plan for qualifying employees who have reached twenty-one years of age. Eligible employees are allowed to invest up to 15% of their compensation and the Company has agreed to match 100% of the first 3% of the employees' contribution and 50% of the employees' contribution between 3% and 5%. The Company contributed \$58,929 and \$59,472 matching funds for its 401(k) plan during the years ended December 31, 2004 and 2003, respectively.

The Company also offers an employer sponsored retirement savings plan for qualified employees who have reached twenty-one years of age. The Company has agreed to contribute 9% of the eligible employee's compensation, plus an additional 5% of the original contribution. The Company contributed \$214,464 and \$205,832 to its retirement savings plan during the years ended December 31, 2004 and 2003, respectively.

Note 6. Related Party Transactions

The Company shares personnel with one of its members. The Company paid \$111,438 and \$126,331 for shared personnel during the years ended December 31, 2004 and 2003 respectively. The Company also leased offices and warehouse space from two members. The leases are for an unspecified length of time. The monthly lease payments total approximately \$7,000. In addition, the Company incurred interconnection charges from its members aggregating \$812,794 and \$765,004 for the years ended December 31, 2004 and 2003, respectively.

The Company leases two cellular tower sites from the officers and majority shareholders of a member for \$100 per month for each site. The leases are for an unspecified length of time. In addition, the Company leases two other sites from a company owned by this member for \$600 each on a month to month basis.

The Company leases cellular tower sites from the parent company of one of its other members for \$1,039 per month. The leases are for five years with options to renew.

Note 7. Operating Leases

The Company has entered into operating leases with its members and other customers to provide fiber optic transmission capacity and ancillary services. The terms of these leases are for 15 years.

Total rental income earned from these operating lease commitments included in the statements of income were \$1,442,016 and \$1,157,527 for the years ended December 31, 2004 and 2003, respectively. Rental income earned from the Company's members from these leases was \$1,132,545 and \$858,714 for the years ended December 31, 2004 and 2003, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 7. Operating Leases (Continued)

Investments in operating leases are as follows at December 31:

	2004	2003
Fiber ring	4,484,626	3,987,697
Accumulated depreciation	(563,677)	(355,090)
	\$ 3,920,949	\$ 3,632,607

The future minimum rental payments expected to be received under these lease agreements for each of the succeeding five years are approximately \$700,000 each year based upon new contracts negotiated during 2005.

The Company has also entered into lease agreements with its members to obtain fiber optic transmission and digital microwave transmission services. The terms of these leases are for 15 years.

Rental expenses incurred under these operating lease commitments included in the statements of income were \$54,420 and \$247,095 for the years ended December 31, 2004 and 2003, respectively.

The future minimum lease payments required under these lease agreements for each of the succeeding five years are \$115,734 each year.

DEED OF CONVEYANCE

THIS DEED OF CONVEYANCE, entered into this 1st day of July, 2005, between **Archie W. Everage, widower**, P.O. Box 98, Hindman, Kentucky 41822; **Dustin B. Everage, and Jennifer Everage, his wife**, P.O. Box 1504, Hindman, Kentucky 41822; and **Kristin E. Clutts and John Clutts, her husband**, P.O. Box 147, Combs, Kentucky 41729, **Grantors**, and **East Kentucky Network, LLC, d/b/a Appalachian Cellular**, P.O. Box 405, Prestonsburg, Kentucky, **Grantee**.

WITNESSETH:

That said Grantor for and in consideration of the sum of Thirty Five Thousand Dollars (\$35,000.00), cash in hand paid, the receipt and sufficiency of which is hereby acknowledged, does hereby grant, sell and convey to the Grantee, its successors and assigns, the following described property located in Knott County, Kentucky, being situated at Left Fork of Lick Branch of Troublesome Creek and the head of Old House Branch of Montgomery Creek, to-wit:

BEING a part of the same property conveyed to Grantors by Deed located in Deed Book 182, Page 746, and the Affidavit of Descent of Bobetta Everage, Deceased, filed in Deed Book 226, Page 6, Knott County Clerk's office.

BEING the same property described by metes and bounds in the description attached hereto and made a part hereof as Exhibit "A", and Titled the "Archie Wayne Everage Lot No. 1".

Grantors grant and convey unto Grantee, its successors or assigns, a permanent easement and right of way for a roadway of sufficient width for ingress and egress with men, vehicles, equipment and machinery over and across Grantors' retained surface property to the tract or parcel of land granted and conveyed herein to Grantee, its

successors and assigns together with the right to reconstruct or use any existing roadways over Grantors' retained surface for such purposes. Grantee shall install approximately 250 feet of guardrail along the roadway access location to be agreed upon by the Grantor.

Grantee shall also maintain the ditches and culverts along the access road, including keep the roadway and ditches free of obstructions and clearing out the ditches, tiles and drain openings, as necessary, and for the removal of any slips in the roadway.

Grantee shall maintain the present access roadway from the gate post at the cabin to the property herein conveyed.

Trucks, construction and tower installation equipment shall use the Ogden Road, except during dry weather or as otherwise approved by Grantors.

Employees of Grantee shall take care to exercise caution in locking all gates behind them, or leaving same as found when accessing the property.

It is understood that the right of way from Highway 80 to the access road up the north side of the hill is for use by Grantee, its employees, contractors, or invitees; said right of way is NOT transferable or assignable to any other party without the written consent of Grantors.

Grantors grant and convey unto Grantee, its successors or assigns, an easement and right of way to construct and maintain any and all power lines, telephone lines, co-axial lines or any other utilities or related facilities needed and/or necessary for use by Grantee, its successors or assigns, over and across Grantors' retained surface property to the tract or parcel of land granted and conveyed herein to Grantee, its successor and assigns. The location of the power lines and related facilities over Grantors retained surface property shall be agreed upon by the parties.

Grantors further grant and convey unto Grantee, its successors and assigns, the

right to remove any trees, tree limbs, undergrowth or obstructions upon Grantors' retained surface property that might interfere with or damage any towers or structures that Grantee, its successors or assigns, may place upon the above described tract of land, or with the easements and rights of way granted herein.

TO HAVE AND TO HOLD the same with all appurtenances thereunto belonging unto the Grantee, its successors and assigns forever, with covenant of General Warranty.

We, the undersigned, do hereby certify and swear pursuant to KRS Chapter 382, that the full and complete consideration paid for the transfer of the hereinabove described property was Thirty Five Thousand Dollars (\$35,000.00).

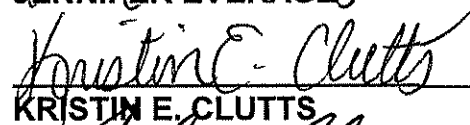

IN TESTIMONY WHEREOF, the Grantors and Grantee have hereunto subscribed their name the day and date aforesaid.
