**RE: Follow-up to Madison County Utilities District  
2007 Meter Installation Charge - Update**

Case No. 2007-00087

Dear Mr. Kirtley:

Thank you for speaking with me this morning. A copy of the letter dated December 28, 2006, is enclosed for your files; however, I am uncertain if the letter and accompanying materials were mailed December 29, 2006, or were mailed the following week on January 2, 2007.

Never-the-less because MCUD had not received word from PSC concerning this submittal, I am grateful to have been able to speak with you today. Thank you for taking time to search for our submittal. As I mentioned to you I may be at fault in that I had both a shipping label for PSC as well as a mailing address for correspondence with PSC.

The old shipping label listed PSC's Schenkel Lane address while the mailing address is your current 211 Sower Boulevard address. I suspect, though am not certain, that the incorrect address will account for the missing information.

I am re-submitting the December 28, 2006, documents plus an accompanying schedule to also revise our Non-Recurring Charges. An original copy plus ten (10) photo copies are included. This second submittal will arrive via United Parcel; MCUD will then, be able to track their shipment.

Again I thank you for your assistance this morning, and hope that MCUD will soon receive news concerning these submittals.

Respectfully yours,

Faris Maupin  
Manager  
MCUD

**RE: Meter Installation Charges - Update for 2007 and Forward**

Dear Mr. Kirtley:

Due to sky-rocketing material and distribution costs which occurred during 2006, copper, brass, cast iron fittings and petroleum based product prices have increased by a minimum of 50%. These expenses coupled with higher labor and equipment fuel costs, have prompted Madison County Utilities District to revise their charges for water meter installations.

In reviewing actual **incurred expenses** for all installations during 2006, including road bore permits, engineering fees, back-hoe charges, gravel, top soil, paving expenses and/or yard repair costs --- (i.e. - tiller rental, seed, fertilize, straw, etc.), Madison County Utilities District's annual costs averaged \$1,028.00 per meter that was set.

Included for your review are meter installation costs based on prices last paid during 2006; costs could change with 2007 increases. Currently supply houses are holding prices through the first quarter of 2007. MCUD has prepared four (4) price sheets with two (2) different scenarios to help establish costs for 2007 and beyond.

Those sheets are for:

1. A **"SAME SIDE"** - 5/8" x 3/4" meter set with **No PRV** required @ a \$757.92 cost;
2. A **"FAR SIDE"** - 5/8" x 3/4" meter set with **No PRV** required @ a \$1319.22 cost;
3. A **"SAME SIDE"** 5/8" x 3/4" meter set with **PRV** required @ a \$829.92 cost; and
4. A **"FAR SIDE"** 5/8" x 3/4" meter set with **PRV** required @ a \$1394.52 cost.

PRV = (pressure reducing valve).

SAME SIDE = meter set on same side of road as water main.

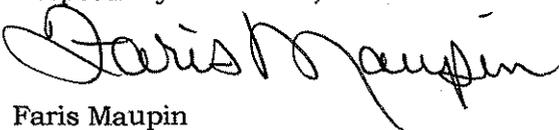

FAR SIDE = meter set on side of road opposite water main.

An average cost of **\$1075.40 per set** is established when the four situational costs are totaled and divided by four. This figure is slightly above MCUD's actual costs encountered during 2006.

The figures used for each item were taken from MCUD's most recent invoices and were revised just prior to mailing.

Thank you for your prompt attention to this matter.

Respectfully submitted,

Paris Maupin  
Manager  
MCUD

**RE: Tariff Revisions/Updates  
Non-Recurring Charges**

Dear Mr. Kirtley:

A third item accompanying the Madison County Utilities District December 28, 2006 and February 14, 2007 letters requesting revisions of MCUD's 1999 Meter Installation Charges is this request for an update to our **Non-Recurring Charges** as well. An original copy plus ten (10) photo copies are included.

Desired date for implementation is April 1, 2007, or sooner.

Respectfully yours,

Faris Maupin  
Manager  
MCUD

**SCHEDULE OF SPECIAL SERVICE CHARGES**

The following charges for special services shall be made:

1. **Meter Reading Recheck Charge.** A charge of **\$20.00** shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.
2. **Service Reconnection Charge.** During regular working hours, a reconnect charge of **\$35.00** is required for the re-installation of a meter that has been disconnected for failure to pay bills. If service is reconnected other than regular working hours, the charge shall be **\$45.00**.
3. **Meter Test.** Upon request and payment of **\$35.00**, a customer may have his/her meter tested, provided the request by the customer is not more than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the **\$35.00** charge shall be made and the bill adjusted accordingly. If the periodic testing requirements of **807 KAR 5:066 (17)** have not been met for meter tested, no charge will be made for the test regardless of the results of the test.
4. **PSC Meter Test Complaint.** Any customer of the District may request a meter test by written application to the Kentucky Public Service Commission.
5. **Returned Check Charge.** A charge of **\$20.00** shall be made when a check is returned by the bank.
6. **Service Charge.** There will be a **\$20.00** service charge to transfer an account, or open an account on an existing service.
7. **Meter Drop Charge.** Where there is an existing subdivision and said developer has already installed an approved meter vault and all other connections excluding the meter, there shall be a charge of **\$75.00** to install the meter in the existing meter vault. This procedure is commonly known as a "METER DROP".
