RE: 2007-00110  
Cellco-Partnership

Dear Reader,

In response to your letter dated April 9th I do wish to have full intervener status.

I failed to mention in my original letter that we have spent roughly fifty thousand dollars to install a brick and wood fence to block the view of a manufactured housing unit that is close to our house. I cannot imagine what the cost would be to block the view of a 365 foot cell tower, nor do I think it would even be possible. I would also like to reiterate that there is already a cell very close to our property; why could the additional facilities not be placed on this tower?

We do not wish have our view blemished any further. If it is inevitable, I believe we should be compensated for the loss of our enjoyment.

Sincerely,

  
Angela Williamson
