

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

GENERAL ADJUSTMENT OF ELECTRIC	)	
RATES OF JACKSON PURCHASE ENERGY	)	CASE NO. 2007-00116
CORPORATION	)	

ORDER

On December 5, 2007, Jackson Purchase Energy Corporation (“Jackson Purchase”) submitted an application to the Commission requesting authority to increase its base rates by \$3,554,064, a 9.5 percent increase over normalized revenues. Jackson Purchase’s application also included a complete tariff revision. A review of the application revealed that it did not meet the minimum filing requirements set forth in 807 KAR 5:001, Section 10(1)(b)(2) and Section 10(1)(b)(8). Jackson Purchase submitted additional information to correct the deficiencies on January 10, 2008, and the application was deemed filed as of that date.

Jackson Purchase is a consumer-owned rural electric cooperative organized pursuant to KRS Chapter 279 and is engaged in the sale and distribution of electric energy to approximately 28,900 customers in the Kentucky counties of Ballard, Carlisle, Graves, Livingston, McCracken, and Marshall.

The Attorney General of the Commonwealth of Kentucky (“AG”) was granted full intervention in the proceeding by Order dated January 8, 2008.

On May 2, 2008, the parties presented a Joint Settlement Stipulation and Recommendation (“Settlement Agreement”) for the Commission’s consideration wherein the parties reached a resolution on all matters of the case.

A hearing was held by the Commission on May 13, 2008, at which the Settlement Agreement was presented. Testimony was also presented as to the reasonableness of the Settlement Agreement and the effective dates of the rates. The Settlement Agreement as filed set forth an effective date of May 1, 2008. At the hearing the parties agreed that the effective date for the general rates should be June 25 or 26, 2008 and that the effective date of the depreciation rates should be July 1, 2008.<sup>1</sup>

Pursuant to the terms of the Settlement Agreement, which is appended hereto as Appendix A, Jackson Purchase will be: (1) granted a revenue increase of \$3,380,983; (2) allowed to calculate future depreciation accruals using the depreciation rates included in Jackson Purchase's original application at Exhibit P; and (3) allowed the proposed revisions to its currently filed tariff.

After careful review of the Settlement Agreement, an examination of the record and being otherwise sufficiently advised, the Commission finds that:

1. The Settlement Agreement is reasonable, is in the public interest, and should be approved with the minor modifications set forth herein. Our approval of the Settlement Agreement is based solely on its reasonableness in toto and does not constitute approval of any rate-making adjustment.

2. A revenue increase of \$3,380,983 will result in fair, just, and reasonable rates and should be made effective for services rendered on and after June 25, 2008.

3. The depreciation rates shown in Jackson Purchase's original application at Exhibit P were determined in accordance with generally accepted practices and

---

<sup>1</sup> See Transcript of Hearing at 10.

procedures, result in reasonable depreciation accruals, and should be used by Jackson Purchase to calculate depreciation after July 1, 2008.<sup>2</sup>

4. Amended language is required to Jackson Purchase's proposed tariff at Sheet No. 98 to clarify the applicability of the "Collection Fee" in accordance with 807 KAR 5:006, Section 8(3)(c). Specifically, the tariff must clearly state that the charge will be assessed only when a utility representative makes a trip to the premises for the purpose of terminating service and only once in a billing period.

5. The proposed revisions to Jackson Purchase's current tariff are acceptable with the modification of the effective date of the rates and the additional language set forth in Finding Paragraph 3 above.

6. The rates for electric service agreed to in the Settlement Agreement will result in a TIER greater than the 1.25 TIER required by Rural Utility Service ("RUS"), Jackson Purchase's primary funding agency. The purpose for the higher TIER is to allow Jackson Purchase an opportunity to build equity. Therefore, Jackson Purchase should develop a written plan to manage this equity and file it with the Commission no later than June 30, 2010.<sup>3</sup> The plan should establish, at a minimum, long-term financial goals, a plan to meet those financial goals, a capital credit rotation program, and a provision for an annual review of the equity and capital management performance.

The Commission, having reviewed the record and having been sufficiently advised, HEREBY ORDERS that:

---

<sup>2</sup> Id.

<sup>3</sup> Id. at 14.

1. The rates and charges proposed by Jackson Purchase in its application are denied.

2. The Settlement Agreement, appended hereto as Appendix A, is incorporated into this Order as fully set forth herein.

3. The Settlement Agreement is approved with the minor modifications set forth herein.

4. The rates set forth in Appendix B are approved for services rendered on and after June 25, 2008.

5. Jackson Purchase's proposed tariff revisions are approved as modified herein.

6. Within 20 days of the date of this Order, Jackson Purchase shall file new tariff sheets that set forth the rates and charges approved herein, the approved tariff revisions, the language clarifying the applicability of the field collection charge, and the proper tariff effective date.

7. The depreciation rates included in Jackson Purchase's original application at Exhibit P are approved and shall be used to accrue depreciation beginning on July 1, 2008.

8. Jackson Purchase shall, by June 30, 2010, file with the Commission a comprehensive equity management plan that has been adopted by its Board of Directors.

Done at Frankfort, Kentucky, this 17th day of June, 2008.

By Commission

ATTEST:  
  
Executive Director

APPENDIX A

APPENDIX TO AN ORDER OF THE KENTUCKY PUBLIC SERVICE  
COMMISSION IN CASE NO 2007-00116 DATED JUNE 17, 2008

JOINT SETTLEMENT STIPULATION AND RECOMMENDATION

RECEIVED

MAY 02 2008

PUBLIC SERVICE  
COMMISSION

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

IN THE MATTER OF:

GENERAL ADJUSTMENT OF ELECTRIC )  
RATES OF JACKSON PURCHASE ENERGY ) CASE NO. 2007-00116  
CORPORATION, )

**JOINT SETTLEMENT STIPULATION AND RECOMMENDATION**

It is the intent and purpose of the parties to this proceeding, being the applicant, Jackson Purchase Energy Corporation ("JPEC") and the intervenor, Attorney General of the Commonwealth of Kentucky ("Attorney General") to express their agreement on a mutually satisfactory resolution of all of the issues in the instant proceeding which shall hereafter be referred to as the "Stipulation" and/or the "Recommendation."

It is understood by all parties hereto that this Recommendation is not binding upon the Kentucky Public Service Commission ("Commission"), nor does it represent agreement on any specific theory supporting the appropriateness of any recommended adjustment to JPEC's rates. The parties have expended considerable efforts to reach the stipulation and agreements that form the basis for this Recommendation. The parties, representing diverse interests and divergent viewpoints, agree that this Recommendation, viewed in its entirety, constitutes a reasonable resolution of all issues in this proceeding.

In addition, the adoption of this Recommendation will eliminate the need for the Commission and the parties to expend considerable resources in litigation of this proceeding, and will eliminate the possibility of, and any need for, rehearing or appeals of the Commission's final

order herein. Based upon the parties' participation in settlement conferences and the materials on file with the Commission, and upon the belief that these materials adequately support this Stipulation and Recommendation, the parties hereby stipulate and recommend the following:

1. JPEC filed an application for a rate adjustment, seeking, in its application, a total increase in the amount of \$3,544,064. The parties hereto agree that JPEC should be permitted to adjust its rates in order to permit it to recover more in annual revenue than it is currently recovering under its current rates, with such rates to be effective for service rendered after May 1, 2008. The attachments hereto reflect a stipulated and amended rate increase amount of \$3,380,983.

2. JPEC's proposed tariff revisions should be adopted as are reflected in its original application and subsequent filings as amended by this Stipulation and Recommendation. The attachments hereto consist of the amended tariffs which reflect the stipulated adjustment in rates.

3. It is the purpose and intent of the parties hereto that the revision in rates for JPEC result in a minimum of a 2.0 TIER (times interest earned ratio), which is a reflection of the financial health of JPEC, and the revision in rates as proposed by this Recommendation and Stipulation will result in such a TIER rating.

4. JPEC's Board of Directors has approved the stipulated and amended rate increase amount of \$3,380,983.

5. In Case No. 2002-00485, the parties agreed, and the Commission subsequently ordered JPEC to update the depreciation study provided in that case in JPEC's next general rate case or within five years, whichever was sooner. The parties hereby agree that JPEC, having complied with the requirements of said Order, shall be under no further obligation to update said depreciation study unless ordered to do so by the Commission.

6 Further, the parties hereby agree to accept the depreciation study presented by JPEC as part of its initial Application for Adjustment of Rates in its entirety.

7 Each party hereto waives all cross-examination of witnesses of the other parties hereto unless the Commission disapproves this Recommendation, and each party further stipulates and recommends that the Notice of Intent, Application, testimony, pleadings, and responses to data requests filed in this proceeding be admitted into the record

8 This Recommendation is submitted for purposes of this case only and is not deemed binding upon the parties hereto in any other proceeding, nor is it to be offered or relied upon in any other proceeding involving JPEC or any other utility

9 If the Commission issues an order adopting this Recommendation in its entirety, each of the parties hereto agrees that it shall file neither an application for rehearing with the Commission, nor an appeal to the Franklin County Circuit Court with respect to such order

10 If this Recommendation is not adopted in its entirety, each party reserves the right to withdraw from it and require that hearings go forward upon any and all matters involved herein, and that in such event the terms of this Recommendation shall not be deemed binding upon the parties hereto, nor shall such Recommendation be admitted into evidence, or referred to, or relied upon in any manner by any party hereto, the Commission or its Staff in any such hearing

11 Attached to this Stipulation and Recommendation are proof of revenue sheets showing that the proposed rate will generate the proposed revenue increase to which the parties have agreed in paragraph (1) of this Stipulation.

12. The parties hereto agree that the foregoing Recommendation is reasonable and is in the best interests of all concerned, and urge the Commission to adopt this Recommendation in its entirety.

This 2<sup>nd</sup> day of May, 2008.

<b>RATES AND CHARGES</b>
<b>SCHEDULE R – RESIDENTIAL</b>

**Applicability** N

Entire service territory. N

**Availability of Service** N

Available to all residential Members for use in the home and on the farm. Residential electric service is available for uses customarily associated with residential occupation, including lighting, cooking, heating, cooling, refrigeration, household appliances and other domestic purposes. N

Residential rates are based on service to single family units and are not applicable to multi-family dwellings served through a single meter. Where two or more families occupy a residential building, JPEC may require as a condition precedent to the application of the residential rate that the wiring in the building be so arranged as to permit each family to be served through a separate meter. In those cases where such segregation of wiring would involve undue expense to the Member, at the Member's option in lieu of the foregoing, electric service rendered to a multi-family residential building through a single meter will be classified as commercial and billed on the basis of service to a Member at an appropriate non-residential rate. N

If a separate meter is used to measure the consumption to remotely located buildings, such as garages, barns, pump houses, grain bins or other outbuildings, or facilities, such as electric fences, it will be considered a separate service and be billed as a separate service at the applicable non-residential rate. N

**Type of Service** N

Single phase, 60 cycle at available secondary service voltages. N

**Rates** N

Facilities Charge:	Per month	\$9.00	N
All Energy:	Per kWh per month	\$0.06252-\$0.06211	N

<b>RATES AND CHARGES</b>
<b>SCHEDULE R – RESIDENTIAL</b>

**Delivery Point**

N

The delivery point shall be the connection between conductors furnished and installed by JPEC and the conductors furnished and installed by the Member. Normally, JPEC will furnish a meter base to the Member which shall be installed by the Member in the Member's service entrance facilities. All wiring and other equipment (except metering equipment) located on the load side of the delivery point shall be owned and maintained by the Member.

**Condition of Service**

N

Service will be furnished under JPEC's Rules and Regulations applicable hereto.

Compensating starting equipment may be required for all motors rated fifteen (15) horsepower or greater and for smaller motors when specified by JPEC because of power line characteristics.

**Payment Terms**

N

The above rates are net, the gross rates being five percent (5%) higher. In the event the current bill is not paid on or before the due date as shown on the bill, the gross rates shall apply to any unpaid portion.

**RATES AND CHARGES**  
**SCHEDULE 01 - OUTDOOR LIGHTING**

Upon initial request for lighting, Member shall agree to a minimum service period of two (2) years. If Member disconnects the lighting service before the end of the two year period any remaining balance will be billed to the Member. This term shall apply to a new lighting installation or when an on-site trip is required to energize a previously existing light. N  
N  
N  
N

**Conditions of Service** N

Service will be furnished under JPEC's Rules and Regulations applicable hereto. N

JPEC will furnish and install one complete lighting unit consisting of the light fixture, arm, ballast, photo cell and lamp. Service may be installed on any existing facility owned by JPEC other than a meter pole. In the event that facilities other than the preceding items (i.e., added cost ornamental lighting and/or poles) are required, the member shall pay a non-refundable contribution-in-aid of construction equal to the total additional cost incurred by JPEC for the additional facilities. Such cost shall include all added material, labor and applicable overhead costs. The contribution-in-aid of construction shall be deposited by the Member or Members based on the estimated cost of the additional facilities. When construction is completed, the Member shall be billed for the actual cost of construction, and credit for advance payment shall be given. N  
N  
N  
N  
N  
N  
N  
N

Should the Member require that the lighting be placed in a location other than on an existing facility, the Member shall agree to pay the entire cost of any required facility (less light fixture, ballast, photo cell and lamp) over a twenty-four (24) month period. Member shall agree that should they disconnect the light service before the completion of the twenty-four (24) month period they shall be immediately billed any remaining balance unless any succeeding Member shall agree to continue that obligation. It will be incumbent on the existing member to arrange responsibility with the succeeding member. N  
N  
N  
N  
N

Illumination shall be furnished from dusk until dawn using JPEC's best efforts. Outages or malfunctions of the light should be reported as promptly as possible by the Member. N  
N

Lamp, ballast, standard globe, standard shade and photo cell replacements will be made by JPEC without cost during normal work hours. Any maintenance outside of the lamp, ballast, standard globe, standard shade or photo cell, including replacement of any existing facility used solely to provide light shall be paid for by the N

<b>RATES AND CHARGES</b>
SCHEDULE D -- COMMERCIAL AND INDUSTRIAL DEMAND LESS THAN 3,000 kW

The monthly billing shall be the sum of the Facilities Charge, Demand Charge, Energy Charge, any applicable Adjustment Clause, and applicable taxes. N  
N

**Determination of Billing Demand** N

The billing demand shall be the maximum integrated thirty (30) minute demand of the Member at the Member's delivery point as indicated or recorded by a demand meter. Member shall maintain a power factor at the delivery point as nearly practical to unity (100%). Power factor during normal operation may range from unity to ninety percent (90%). If Member's power factor is less than ninety percent (90%) at time of maximum load, JPEC reserves the right to adjust the maximum monthly metered demand for billing purposes in accordance with the following formula: N  
N  
N  
N  
N  
N

$$\text{Monthly Billing Demand (kW)} = \frac{\text{Maximum Actual Measured Demand (kW)} \times 90\%}{\text{Power Factor (\%)}}$$
N  
N

**Minimum Monthly Demand** N

The minimum monthly demand under this schedule shall be determined from the greater of (1), (2), (3) or (4): N

1. The maximum demand registered in the current billing period. N
2. The maximum power factor adjusted demand registered in the current billing period. N
3. Sixty percent (60%) of the highest monthly maximum billing demand in the preceding twelve (12) billing periods. N  
N
4. Sixty percent (60%) of the agreement or contract capacity, based on the expected maximum kW demand upon the system. N  
N

**Terms and Conditions** N

Service will be furnished under JPEC's Rules and Regulations applicable hereto. N

**RATES AND CHARGES**

**SCHEDULE I-E – LARGE COMMERCIAL AND INDUSTRIAL – EXISTING**

**Applicability**

N

Entire service territory.

N

**Availability of Service**

N

To existing Members as of the effective date of this rate schedule, February 1, 2008. Service under this schedule shall be for Members with maximum load greater than 3,000 kW and less than 10,000 kW contracting for service under terms and conditions set forth in the Large Industrial Customer Tariff of Big Rivers Electric Corporation.

N

N

N

The Member will continue to be billed under this rate schedule until such time as the billed demand for the Member is less than 3,000 kW for twelve (12) consecutive months.

N

N

Service under this schedule will be limited to maximum loads not exceeding 10,000 kW. Members with new or increased load requirements that exceed 10,000 kW will have a rate developed as part of their agreement or contract based upon their electrical characteristics.

N

N

N

**Type of Service**

N

Three phase, 60 cycle served at primary or transmission voltage.

N

**Conditions of Service**

N

Service will be furnished under JPEC's Rules and Regulations applicable hereto.

N

It is the responsibility of the Member to keep JPEC fully informed of any change or expected change in operations which will affect the Member's qualification to be served on this rate.

N

N

Service hereunder shall be subject to the following conditions:

<b>RATES AND CHARGES</b>
SCHEDULE I-E – LARGE COMMERCIAL AND INDUSTRIAL – EXISTING

1. Member shall be served under this rate schedule as of the effective date of this schedule, February 1, 2008. N
2. Member's service characteristics shall meet the qualifications for service specified in the Big Rivers Large Industrial Customer Tariff. N
3. It shall be the responsibility of the Member to coordinate through JPEC or its authorized agent all transactions that JPEC must take on behalf of the Member pursuant to the Big Rivers Large Industrial Tariff. N

**Monthly Charges** N

Service Charge:	Per month	\$300.00	N
Demand Charge:	First 3,000 kW of billing demand per month	\$34,500.00	N
	All additional kW per kW per month	\$11.50	N
All Energy:	Per kWh per month	\$0.01735	N

**Minimum Monthly Charge** N

The minimum monthly charges under this rate shall be the sum of the monthly Service Charge (\$300.00) and \$34,500.00 where 3,000 kVA or less of transformer capacity is required. For Members requiring more than 3,000 kVA of transformer capacity, the minimum monthly charge shall be increased by \$1.00 for each kVA or fraction thereof required above 3,000 kVA. Where it is necessary to extend or reinforce facilities in excess of standard service facilities, the minimum monthly charge may be increased to assure adequate compensation for the added facilities of one and one-half percent (1 1/2%) per month of the total cost of the excess facilities as a facilities charge for which no power and energy would be delivered. Any applicable Adjustment Clause, and applicable taxes shall be in addition to the charges above. N

**Determination of Billing Demand** N

The billing demand, in kilowatts (kW), shall be the Member's maximum integrated thirty (30) minute demand at such delivery point during each billing period as determined by JPEC provided meter(s) which record at the end N

of each thirty (30) minute period the integrated kilowatt demand during the preceding thirty (30) minutes. Demand charges will be adjusted to correct for power factor lower than ninety percent (90%) when JPEC deems necessary. The monthly billing demand shall be adjusted when necessary in accordance with the following formula:

$$\text{Monthly Billing Demand (kW)} = \frac{\text{Maximum Actual Measured Demand (kW)} \times 90\%}{\text{Power Factor (\%)}}$$

**Delivery Point**

Unless otherwise specified in the service agreement, the delivery point shall be the connection between conductors furnished and installed by JPEC and the conductors furnished and installed by the Member. All wiring, pole lines, and other equipment (except metering equipment) located on the load side of the delivery point shall be owned and maintained by the Member.

**Facilities Charge**

JPEC will provide investment in facilities up to \$11.00 per kW times the estimated or known average twelve (12) month billing demand. A monthly facilities charge, determined at time of execution of agreement between parties, shall be applied to any investment in excess of the base amount.

**Terms and Conditions**

Service will be furnished under JPEC's Rules and Regulations applicable hereto.

Compensating starting equipment may be required for all motors rated fifteen (15) horsepower or greater, and for smaller motors when specified by JPEC because of power line characteristics.

<b>RATES AND CHARGES</b>
SCHEDULE L-E – LARGE INDUSTRIAL MEMBER EXPANSION

**Applicability**

N

This rate shall apply to those power requirements of any Member with load subject to service under terms and conditions set forth in the Large Industrial Customer Expansion Rate of Big Rivers Electric Corporation. This rate shall cease to be available should Big Rivers Large Industrial Expansion Rate be discontinued.

N  
N  
N

**Conditions of Service**

N

Service hereunder shall be subject to the following conditions:

N

1. The Member must execute a written agreement or contract for electric service or amend an existing agreement or contract; and
2. The Member's service characteristics must qualify all or some portion of the Member's load for service under the Big Rivers Large Industrial Customer Expansion Tariff; and
3. It shall be the responsibility of the Member to coordinate through JPEC or its authorized agent all transactions that JPEC must take on behalf of the Member pursuant to the Big Rivers Large Industrial Customer Expansion Tariff.

P.S.C. KY NO. 2

SHEET NO. 27

CANCELLING P.S.C. KY NO. Original

SHEET NO.

**RATES AND CHARGES**  
SCHEDULE NM – NET METERING

**Applicable** N

To entire territory served. N

**Available** N

To all Members who own and operate an eligible electric generating facility that is located on the Member's premises, for the primary purpose of supplying all or part of the Member's own electricity requirements. "Eligible electric generating facility" means an electric generating facility that: (a) is connected in parallel with JPEC's electric distribution system; (b) generates electricity using solar energy; and (c) has a rated capacity of not greater than fifteen (15) kilowatts (kW). N

**Notification; Inspection** N

1. The Member shall submit a completed Net Metering Program Notification Form (Attachment 1) to JPEC at least 60 days prior to the date the Member desires to interconnect an eligible electric generating facility to JPEC's facilities. The Member shall have all equipment necessary to complete the interconnection installed prior to such notification. The notification shall be delivered to JPEC or mailed by certified mail, return receipt requested. Member may interconnect on the date stated in the form unless JPEC notifies Member in writing of noncompliance prior to said date. N
2. JPEC may require an on-site inspection and may impose a fee on the Member of not more than fifty dollars (\$50.00) for such inspection. If JPEC conducts an on-site inspection and determines that Member is not in compliance with the tariff, Member shall be so notified and shall bring the electric generating facility into compliance within thirty (30) days or shall be required to file a new completed Net Metering Program Notification Form. N

**Metering** N

JPEC shall utilize a standard kilowatt-hour meter capable of registering (but not necessarily displaying) the flow of electricity in two (2) directions. Any additional meter, meters or distribution upgrades needed to monitor the flow in each direction shall be installed at the Member's expense. If additional meters are installed, the net metering

**RATES AND CHARGES**  
SCHEDULE NM – NET METERING

calculation shall yield the same result as when a single meter is used. "Kilowatt hour" means a measure of electricity defined as a unit of work of energy, measured as one (1) kilowatt of power expended for one (1) hour. "Net metering" means measuring the difference between the electricity supplied by the electric grid and the electricity generated by the Member that is fed back to the electric grid over a billing period.

**Billing**

1. The amount of electricity billed to the Member shall be calculated by taking the difference between the electricity supplied by JPEC to the Member and the electricity generated and fed back by the Member. If time-of-day or time-of-use metering is used, the electricity fed back to the electric grid by the Member shall be net-metered and accounted for at the specific time it is fed back to the electric grid in accordance with the time-of-day or time-of-use billing agreement with the Member then currently in place.
2. If the electricity supplied by JPEC exceeds the electricity generated and fed back to JPEC during the billing period, the Member shall be billed for the net electricity supplied. If the electricity fed back to JPEC by the Member exceeds the electricity supplied by JPEC during a billing period, the Member shall be credited for the excess kilowatt hours, and this electricity credit shall appear on the Member's next bill.
3. The energy rates, rate structure, and monthly charges shall be identical to those in the contract or tariff to which the Member would be assigned if the Member were not receiving service under this tariff.
4. Excess electricity credits are not transferable between Members or locations.
5. No cash refund for residual generation-related credits shall be paid if an account under this tariff is closed.

SCHEDULE NM – NET METERING

**Net Metering Service Interconnection Guidelines** N

The Member shall operate the eligible electric generating facility in parallel with JPEC’s system under the following conditions and any other conditions that may be required by JPEC where unusual conditions arise that are not covered herein: N

1. The electric generating facility shall include, but not be limited to, necessary control equipment to synchronize frequency, voltage, etc. between Member’s and JPEC’s systems as well as adequate protective equipment between the two (2) systems. Member’s voltage at the point of interconnection will be the same as JPEC’s system voltage. N
2. Member shall be responsible for operating all facilities owned by Member, except as specified hereinafter. Member shall maintain its system in synchronization with JPEC’s system. N
3. Member will be responsible for any damage to JPEC’s equipment due to failure of Member’s control, safety or other equipment. N
4. JPEC at its discretion may require a suitable lockable, JPEC accessible, load breaking manual disconnect switch or similar equipment, as specified by JPEC, to be furnished by Member at a location designated by JPEC to enable the separation or disconnection of the two (2) electrical systems. The load breaking manual disconnect switch must be accessible to JPEC at all times. N
5. After initial installation, Member shall not make any changes to the electric generating facility without the written consent of JPEC. N
6. JPEC shall have the right from time to time to inspect Member’s generating facility and conduct any test necessary to determine that such facility is installed and operating properly. However, JPEC will have no obligation to inspect, witness tests, or in any manner be responsible for Member’s facility or operation. N
7. The Member assumes all responsibility for electric service on the Member’s premises at and from the point of delivery of electricity from JPEC. N

<b>RATES AND CHARGES</b>
SCHEDULE SPC-B – SMALL POWER PRODUCTION OR COGENERATION GREATER THAN 100 KW

**Availability of Service**

Available only to qualifying small power production or cogeneration facilities, above 100 kW, which have executed an "Agreement for Purchase of Electric Energy" (a sample of which is attached hereto as an exhibit for reference) with JPEC. Rates below are to be used as the basis for negotiating a final purchase rate and are not to be taken as a firm rate for any facilities.

**Rate Schedule**

A. Capacity (if applicable)

1. When connected to electric distribution lines of 15 kV or below:  
A payment of \$4.12 per kilowatt per month, provided capacity is delivered for a minimum of 520 hours during the month. Payment will be based upon the average capacity delivered each month as determined by dividing the metered kWh delivered by the number of hours in the billing period. Deliveries for less than 520 hours will receive the energy payment only.
2. When connected to electric transmission lines above 25 kV:  
A payment of \$4.04 per kilowatt per month provided capacity is delivered for a minimum of 520 hours during the month. Payment will be based upon the average capacity delivered each month as determined by dividing the metered kWh delivered by the number of hours in the billing period. Deliveries for less than 520 hours will receive the energy payment only.

B. Energy

Base payment of \$0.01694 per kWh plus current fuel adjustment.

**ARTICLE I**

N

Definition of Terms

N

1.1 The term "qualifying facility" or "QF" as used in this contract is defined to include all the seller's electric generation facilities and all interconnection and safety equipment owned by the seller and used in connection with the electric generation facilities owned by it which will produce electric power and energy for sale under this agreement.

N

N

N

N

1.2 The terms specifically defined in 807 KAR 5:054 and 18 C.F.R. Part 292, when used in this agreement, shall have the same definitions as in those regulations.

N

N

**ARTICLE II**

N

Ownership and Maintenance of Facilities

N

2.1 The seller shall have sole responsibility for the design, construction, installation, ownership, safety, operation and maintenance of the qualifying facility (hereinafter referred to as the "QF").

<b>RATES AND CHARGES</b>
SAMPLE AGREEMENT FOR PURCHASE OF ELECTRIC ENERGY

2.2 The seller, in designing, constructing, installing, operating and maintaining the QF, shall comply with all rules, regulations, policies, standards and codes generally recognized in the utility industry as applicable to such operations, including, but not limited to, the National Electrical Safety Code, IEEE Standard 1547, regulations of the Kentucky Public Service Commission, requirements and bulletins of the Rural Utilities Service, all federal, state and local safety codes, statutes and regulations and all applicable policies of JPEC now in existence or that may be adopted from time to time.

2.3 The seller shall pay JPEC the "additional interconnection cost" as defined in 807 KAR 5:054 Section 6 of interconnecting the QF with the distribution system of JPEC.

2.4 The seller shall pay for and JPEC shall own and maintain the metering equipment which it determines is necessary based upon the size and other characteristics of the QF to measure the power and energy sold by the seller. Upon termination of this agreement, the meters and metering equipment will be turned over to the seller if requested. JPEC shall test and calibrate meters by comparison with accurate standards at intervals not exceeding twelve (12) months and shall also make special meter tests at any time at the seller's request. The cost of all tests shall be borne by JPEC; provided,

however, that if any special meter test made at the request of the seller shall disclose that the meters are recording accurately, the seller shall reimburse JPEC for the cost of such test. Meters registering not more than two (2%) percent above or below normal shall be deemed to be accurate. The readings of any meter which shall have been disclosed by tests to be inaccurate shall be corrected for the ninety (90) days previous to such test in accordance with the percentage of inaccuracy found by such test. If any meter shall fail to register for any period, the seller and JPEC shall agree as to the amount of energy furnished during such period and JPEC shall render payment therefore. JPEC shall meter all power and energy at voltage as mutually agreed to with the seller. JPEC shall, when requested, notify the seller in advance of the time of any meter reading or test so that the seller's representative may be present at such meter reading or test.

2.5 The original and any revisions to the plans, specifications and operating characteristics for the QF must be approved by JPEC before the seller connects its QF to JPEC's system. Prior to energization of the interconnection between the QF and JPEC's system, JPEC shall have the right to inspect the QF for any purpose. However, inspection and acceptance of any plans, design theory,

**ARTICLE III**

3.1 JPEC shall take and purchase all of the power and energy produced by the seller that is delivered to the point at which the QF is interconnected with JPEC's distribution system. The power and energy delivered by the seller and purchased by JPEC shall be metered and paid for in accordance with the terms of this agreement. Electric power and energy to be purchased under this agreement shall be alternating current, single or three-phase, 60 Hertz. The parties will agree upon the delivery voltage and capacity prior to the commencement of purchase under this agreement.

3.2 The QF shall at all times operate in such manner as to maintain a power factor of not less than 90% leading or lagging.

3.3 The capacity delivered in kilowatts shall be the QF's average hourly output which is delivered for the required minimum number of hours during each billing period, as determined by dividing the kWh delivered during the billing period by the actual number of hours in the billing period. For purposes of this agreement each calendar month during the term of this agreement shall be a separate billing period.

Protection of System Owned by JPEC

N

5.1 The seller shall be responsible for operating and maintaining the QF in a safe manner and for providing the protective equipment needed to prevent damage to the system owned by JPEC, injury to the personnel of JPEC, or interference with JPEC's consumers. JPEC shall have the right to review the seller's proposed protection system, operating procedures and system characteristics in order to determine whether the seller's operation of the QF will have an adverse impact on the system owned by JPEC. The following areas, among others, may be reviewed for possible adverse effects:

N

N

N

N

N

N

1. Fault protection.
2. Voltage regulation and balance.
3. Grounding.
4. Synchronizing systems.
5. Disconnecting and isolating systems.
6. Flicker.
7. Harmonics.

<b>RATES AND CHARGES</b>
CABLE TELEVISION ATTACHMENT TARIFF (CTAT)

**Applicability**

In all territory served by JPEC on poles owned and used by JPEC for their electric plant.

**Availability of Service**

To all qualified CATV operators having the right to receive service.

**Rental Charge**

The yearly rental charges shall be as follows:

Two-party pole attachment	\$4.84
Three-party pole attachment	\$4.09
Two-party anchor attachment	\$5.88
Three-party anchor attachment	(not available)
Two-party ground attachment	\$0.24
Three-party ground attachment	\$0.16

**Billing**

Rental charges shall be billed yearly based on the number of pole attachments. The rental charges are net, the gross rate being five percent (5%) higher. In the event the current bill is not paid on or before the date shown on the bill, the gross rates shall apply. Failure of the CATV operator to receive a bill or a correctly calculated bill shall not relieve the CATV operator of its obligation to pay for the service it has received.

**Specifications**

1. The attachment to poles covered by this tariff shall at all times conform to the requirements of the National Electrical Safety Code, latest edition, and subsequent revisions thereof, except where the lawful requirements of public authorities may be more stringent, in which case the latter will govern. N  
N  
N
2. The strength of poles covered by this agreement shall be sufficient to withstand the transverse and vertical load imposed upon them under the storm loading of the National Electrical Safety Code assumed for the area in which they are located. N  
N  
N

**Establishing Pole Use**

1. Before the CATV operator shall make use of any of the poles of JPEC under this tariff, they shall notify JPEC of their intent in writing and shall comply with the procedures established by JPEC. The CATV operator shall furnish JPEC detailed construction plans and drawings for each pole line, together with necessary maps, indicating specifically the poles of JPEC, with the number and character of the attachments to be placed on such poles, and rearrangements of JPEC's fixtures and equipment necessary for the attachment, any relocation or replacements of existing poles, and any additional poles that the CATV operator intends to install. hereunder shall not be limited to amounts shown on estimates made by JPEC hereunder. An itemized statement of the actual cost of all such changes shall be submitted by JPEC to the CATV operator, in a form mutually agreed upon.

- 3. Any reclearing of existing rights-of-way and any tree trimming necessary for the establishment of pole line attachments hereunder shall be performed by the CATV operator.
- 4. All poles to which attachments have been made under this tariff shall remain the property of JPEC, and any payments made by the CATV operator for changes in pole lines under this tariff shall not entitle the CATV operator to the ownership of any of said poles.
- 5. Any charges necessary for correction of substandard installation made by the CATV operator, where notice of intent had not been requested, shall be billed at a rate equal to twice the charges that would have been imposed if the attachment had been properly authorized.

**Easements and Rights-of-Way**

JPEC does not warrant nor assure to the CATV operator any rights-of-way privileges or easements, and if the CATV operator shall at any time be prevented from placing or maintaining its attachments on JPEC's poles, no liability on account thereof shall attach to JPEC. Each party shall be responsible for obtaining its own easements and rights-of-way.

**Maintenance of Poles, Attachments and Operations**

1. Whenever right-of-way considerations of public regulations make relocation of a pole, or poles, necessary, such relocation shall be made by JPEC at its own expense, except that each party shall bear the cost of transferring its own attachments. N  
N  
N
2. Whenever it is necessary to replace or relocate an attachment, JPEC shall, before making such replacement or relocation, give forty-eight (48) hours written notice (except in cases of emergency) to the CATV operator, specifying in said notice the time of such proposed replacement or relocation, and the CATV operator shall, at the time so specified, transfer its attachments to the new or relocated pole. Should the CATV operator fail to transfer its attachments to the new or relocated pole at the time specified for such transfer of attachments, JPEC may elect to do such work and the CATV operator shall pay JPEC the cost thereof. In the event the CATV operator fails to transfer its attachments and JPEC does such work, JPEC shall not be liable for any consequential damages such as loss of service to the CATV operator customers. <b>RATES AND CHARGES</b>
CABLE TELEVISION ATTACHMENT TARIFF (CTAT)

- A. Protection for its employees to the extent required by Worker's Compensation Law of Kentucky. N
- B. Public Liability coverage with separate coverage for each town or city in which the CATV operator operates under this contract to a minimum amount of \$100,000.00 for each person and \$300,000.00 for each accident or personal injury or death, and \$25,000.00 as to the property of any one person, and \$100,000.00 as to any one accident or property damage. N

Before beginning operations under this tariff, the CATV operator shall cause to be furnished to JPEC a certificate for such coverage evidencing the existence of such coverage. Each policy required hereunder shall contain a contractual endorsement written as follows: N

"The insurance or bond provided herein shall also be for the benefit of Jackson Purchase Energy Corporation, so as to guarantee, within the coverage limits, the performance by the insured of any indemnity agreement set forth in this tariff. This insurance or bond may not be cancelled for any cause without thirty (30) days advance notice being first given to Jackson Purchase Energy Corporation." N

**Change of Use Provision**

When JPEC subsequently requires a change in its poles or attachment for reasons unrelated to the CATV operator operations, the CATV operator shall be given forty-eight (48) hours notice of the proposed change (except in case of emergency). If the CATV operator is unable or unwilling to meet JPEC's time schedule for such changes, JPEC may do the work and charge to the CATV operator its reasonable cost for performing the change of the CATV operator attachments.

**Abandonment**

1. If JPEC desires at any time to abandon any pole to which the CATV operator has attachments, it shall give the CATV operator notice in writing to that effect at least thirty (30) days prior to the date on which it intends to abandon such pole. If, at the expiration of said period, JPEC shall have no attachments on such pole, but the CATV operator shall not have removed all of its attachments there from, such pole shall thereupon become the property of the CATV operator, and the CATV operator shall save harmless JPEC from all obligation, liability, damages, cost, expenses, or charges incurred thereafter; and shall pay JPEC for such pole an amount equal to JPEC's depreciated cost thereof. JPEC shall further evidence transfer to the CATV operator of title to the pole by means of a bill of sale.
2. The CATV operator may, at any time, abandon the use of the attached pole by giving due notice thereof in writing to JPEC and by removing there from any and all attachments it may have thereon. The CATV operator shall, in such case, pay to JPEC the full rental for said pole for the then current billing period.

**Rights of Others**

Upon notice from JPEC to the CATV operator that the use of any pole or poles is forbidden by municipal or other public authorities or by property owners, the permit governing the use of such pole or poles shall immediately terminate and the CATV operator shall remove its facilities from the affected pole or poles at once. No refund of any rental will be due on account of any removal resulting from such forbidden use.

**Payment of Taxes**

Each party shall pay all taxes and assessments lawfully levied on its own property upon said attached poles, and the taxes and the assessments which are levied on said property shall be paid by the owner thereof, but any tax, fee, or charge levied on JPEC's poles solely because of their fee by the CATV operator shall be paid by the CATV operator.

**Bond or Depositor Performance**

- The CATV operator shall furnish a bond or satisfactory evidence of contractual insurance coverage for the purposes hereinafter specified in the amount of Twenty-Five Thousand Dollars (\$25,000.00) until such time as the CATV operator shall occupy twenty-five hundred (2,500) poles of JPEC and thereafter the amount thereof shall be increased to increments of One Thousand Dollars (\$1,000.00) for each one hundred (100) poles (or fraction thereof) occupied by the CATV operator, evidence of which shall be presented to JPEC fifteen (15) days prior to beginning construction. Such bond or insurance shall contain the provision that it shall not be terminated prior to six (6) months after receipt by JPEC of written notice of the desire of the Bonding or Insurance Company to terminate such bond or insurance. Upon receipt of such notice, JPEC shall request the CATV operator to immediately remove its cables, wires, and all other facilities from all poles of JPEC.

If the CATV operator should fail to complete the removal of all its facilities from the poles of JPEC within thirty (30) days after receipt of such request from JPEC, then JPEC shall have the right to remove them at the cost and expense of the CATV operator and without being liable for any damage to the CATV operator's wires, cables, fixtures, or appurtenances. Such bond or insurance shall guarantee the payment of any sums which may become due to JPEC for rentals, inspections, or work performed for the benefit of the CATV operator under this tariff, including the removal of attachments upon termination of service by any of its provisions.

<b>CLASSIFICATION OF SERVICE</b>
BALLARD RURAL TELEPHONE COOPERATIVE CORPORATION (BRTC) TARIFF

B. BRTC may, at any time, abandon the use of the attached pole by giving due notice thereof in writing to JPEC and by removing therefrom any and all attachments it may have thereon. BRTC shall, in such case, pay to JPEC the full rental for said pole for the then current billing period. N  
 N  
 N

**Rights of Others** N

Upon notice from JPEC to BRTC that the use of any pole or poles is forbidden by municipal or other public authorities or by property owners, the permit governing the use of such pole or poles shall immediately terminate and BRTC shall remove its facilities from the affected pole or poles at once. No refund of any rental will be due on account of any removal resulting from such forbidden use. N  
 N  
 N  
 N

**Payment of Taxes** N

Each party shall pay all taxes and assessments lawfully levied on its own property upon said attached poles, and the taxes and the assessments which are levied on said property shall be paid by the owner thereof, but any tax, fee, or charge levied on JPEC's poles solely because of their fee by BRTC shall be paid by BRTC. N  
 N  
 N

**Bond or Depositor Performance** N

A. BRTC shall furnish a bond or satisfactory evidence of contractual insurance coverage for the purposes hereinafter specified in the amount of Twenty-Five Thousand Dollars (\$25,000.00) until such time as BRTC shall occupy twenty-five hundred (2,500) poles of JPEC and thereafter the amount thereof shall be increased to increments of One Thousand Dollars (\$1,000.00) for each one hundred (100) poles (or fraction thereof) occupied by BRTC, evidence of which shall be presented to JPEC fifteen (15) days prior to beginning construction. Such bond or insurance shall contain the provision that it shall not be terminated prior to six (6) months after receipt by JPEC of written notice of the desire of the Bonding or Insurance Company to terminate such bond or insurance. Upon receipt of such notice, JPEC shall request BRTC to immediately remove its cables, wires, and all other facilities from all poles of JPEC. N

**CLASSIFICATION OF SERVICE**  
BALLARD RURAL TELEPHONE COOPERATIVE CORPORATION (BRTC) TARIFF

If BRTC should fail to complete the removal of all its facilities from the poles of JPEC within thirty (30) days after receipt of such request from JPEC, then JPEC shall have the right to remove them at the cost and expense of BRTC and without being liable for any damage to BRTC's wires, cables, fixtures, or appurtenances. Such bond or insurance shall guarantee the payment of any sums which may become due to JPEC for rentals, inspections, or work performed for the benefit of BRTC under this tariff, including the removal of attachments upon termination of service by any of its provisions.

B. After BRTC has been a customer of JPEC and not in default for a period of two (2) years, JPEC shall reduce the bond by fifty percent (50%), or, at JPEC's option, require a deposit in keeping with 807 KAR 5:006, Section 7.

**Use of Anchors**

JPEC reserves the right to prohibit the use of any existing anchors by BRTC where the strength or conditions of said anchors cannot be readily identified by visual inspection.

**Discontinuance of Service**

JPEC may refuse or discontinue serving an applicant or customer under the conditions set out in 807 KAR 5:006, Section 14 (1).

<b>RULES AND REGULATIONS</b>
<b>POWER CURTAILMENT PROCEDURE</b>

**General**

N

The Kentucky Public Service Commission has required that a Power Curtailment Procedure be established for all electric utilities under its jurisdiction (Administrative Case Number 353).

N  
N

**Objective**

N

This plan provides guidelines for the reduction and conservation of power usage during severe generation shortages, power deficiencies, certain mechanical failures and other emergency situations.

N  
N

This procedure will define the following priority levels;

N

Level 1: Essential Health and Safety – to be given special consideration in these procedures shall, insofar as the situation permits, include the following types of use:

N  
N

- A. "Hospitals", which shall be limited to institutions providing medical care to patients. N
- B. "Life Support Equipment", which shall be limited to kidney machines, respirators, and similar equipment used to sustain the life of a person. N
- C. "Police Stations and Government Detention Institutions", which shall be limited to essential uses required for police activities and the operation of facilities used for the detention of persons. These uses shall include essential street, highway, and signal lighting services. N
- D. "Fire Stations", which shall be limited to facilities housing mobile fire-fighting apparatus. N
- E. "Communications Services", which shall be limited to essential uses required for telephone, telegraph, television, radio, and newspaper operations, and operation of state and local emergency services. N
- F. "Water and Sewage Services", which shall be limited to essential uses required for the supply of water to a community, flood pumping and sewage disposal. N
- G. "Transportation and Defense-related Services", which shall be limited to essential uses required for the operation, guidance control and navigation of air, rail and mass transit systems, including those uses essential to the national defense and operation of state and local emergency services. N

<b>RULES AND REGULATIONS</b>
<b>POWER CURTAILMENT PROCEDURE</b>

- H. "Other Energy Source Services", which shall be limited to essential uses required for the production, transportation, transmission and distribution -- for fuel -- of natural or manufactured gas, coal, oil or gasoline. N
- I. "Perishable Food or Medicine", which shall be limited to the use of refrigeration for the storage and preservation of perishable food or medicine when that use is substantially all of a customer's load. N
- J. "Critical Commercial and Industrial", which shall be limited to commercial or industrial operations requiring regimented shutdowns to prevent conditions hazardous to the general population, and to energy utilities and their support facilities critical to the production, transportation, and distribution of service to the general population. N

Level 2: Residential N

This class will include power consumption essential usage only – limited to homes, apartments, hotels and motels. N

Level 3: Non-critical Commercial and Industrial N

This class will include all Rate Schedule "C-1", "C-3", "D", "I-E", "L", and "L-E" except for those consumers that are classified in Level 1 or 2. N

Level 4: Non-Essential Uses N

- A. Outdoor flood and advertising lighting, except for the minimum level to protect life and property, and a single illuminated sign identifying commercial facilities when operating after dark. N
- B. General interior lighting levels greater than minimum functional levels. N
- C. Show window and display lighting. N
- D. Parking lot lighting above minimum functional levels. N
- E. Energy use greater than that necessary to maintain a temperature of not less than 78 degrees during operation of cooling equipment and not more than 65 degrees during operation of heating equipment. N

<b>RULES AND REGULATIONS</b>
<b>POWER CURTAILMENT PROCEDURE</b>

- F. Elevator and escalator use in excess of the minimum necessary for off peak hours of use. N
- G. Energy use greater than that which is the minimum required for lighting, heating, or cooling of commercial or industrial facilities for maintenance cleaning or business-related activities during non-business hours. N

**When to Implement this Procedure** N

This procedure is to be implemented only when a state of emergency exists or a disaster has been declared by governmental authorities that dictate curtailment of power consumption. A state of emergency can also be declared by the President/CEO in the event load exceeds JPEC's system capacity or for other such system disturbances that may occur if internal efforts fail to alleviate the problem. N

**Curtailment Procedure** N

The following order of actions should be implemented to curtail the consumption of power use. When the curtailment goal is established, no further action is required unless the goal is updated or additional loads are experienced. N

1. Determine the extent of the emergency and estimate the amount of consumption curtailment required. Estimate the kW and kWh system use for the immediate future. Set a goal for the kWh and/or kW curtailment. N
2. Notify the news media within the service territory and ask that JPEC Members be notified of the emergency and asked to reduce their consumption until further notice. N
3. Curtail Members having their own internal generation capacity. Curtail Members on curtailable agreements and contracts for the maximum hours and load allowable under their agreement or contract. N
4. Call all large Members and inform them of the emergency and ask them to curtail all non-essential power consumption. N
5. Notify the Kentucky Public Service Commission of the situation. N

<b>RULES AND REGULATIONS</b>
<b>POWER CURTAILMENT PROCEDURE</b>

- 6. If the presently established curtailment level is not met, proceed with the following mandatory measures. Establish necessary phone answering stations to answer Member questions and concerns. Notify the media with up-to-date information on the status of the emergency and all future actions to be taken. N  
N  
N  
N
- 7. Initiate mandatory curtailments by terminating all Priority Level 4 service. Reduce Priority Level 3 by twenty-five percent (25%) and Priority Level 2 by fifteen percent (15%). N  
N
- 8. Implement interruption of distribution circuits on a rotational basis while minimizing interruption of Priority Level 1 Members. N  
N

**Enforcement** N

Members who try to use more power consumption than allotted should be given verbal and written warnings. They shall have a maximum of 24 hours to comply. If they do not cooperate, they shall be disconnected until the curtailment is over. N  
N  
N

**Termination of the Curtailment of Power Consumption** N

The termination of this procedure will occur when the emergency is over. All services will be restored in reverse order and in a manner that will not create adverse effects on JPEC. If the curtailment goal is reduced, service can be restored to the most essential Members first. N

SCHEDULE CRA – COST REDUCTION ADJUSTMENT

**Applicability**

Entire service territory.

**Availability of Service**

1. Billings to Members Served from Non-Dedicated Delivery Points:

Billings computed pursuant to rate schedules to which this cost reduction adjustment is applicable shall be decreased during each refund month by the following restitution adjustment factor applied to each kilowatt hour sold:

$$\text{Cost Reduction Adjustment Factor} = \frac{RA (m)}{P (m)}$$

Where RA is the monthly credit from JPEC's wholesale power supplier (Big Rivers) for all non-dedicated delivery points for cost reduction adjustment (plus any over/under recovery from the prior refund) and P is the total kWh purchased, less line losses equal to a twelve (12) month moving average not to exceed ten percent (10%), (m) period shall be the first month preceding the month in which the cost reduction adjustment is refunded.

2. Billings to Members Served from Dedicated Delivery Points (No Line Losses to JPEC):

Billings computed pursuant to rate schedules or special agreements or contracts to which this restitution adjustment is applicable shall be decreased during each month equal to the amount refunded to JPEC for the Member's dedicated delivery point by Big Rivers for restitution adjustment.

3. Rate schedule (1) above shall apply to JPEC rate schedules "R", "C-1", "C-3", "D", "OL", "I-E" and "L" and rate schedule (2) above shall apply to JPEC's rate schedule "I-E" and "L" served from a dedicated delivery point.

**MEMBERS BILL OF RIGHTS**

As a residential Member of a regulated public utility in the Commonwealth of Kentucky, you are guaranteed the following rights subject to Kentucky Revised Statutes and the provisions of the Kentucky Public Service Commission Administrative Regulations:

- You have the right to service, provided you (or a Member of your household whose debt was accumulated at your address) are not indebted to JPEC. N
- You have the right to inspect and review JPEC's rates and tariffed operating procedures during JPEC's normal office hours. N
- You have the right to be present at any routine JPEC inspection of your service conditions. N
- You must be provided a separate, distinct disconnect notice alerting you to a possible disconnection of your service, if payment is not received. N
- You have the right to dispute the reasons for any announced termination of your service. N
- You have the right to negotiate a partial payment plan when your service is threatened by disconnection for non-payment. N
- You have the right to participate in near equal, levelized payment plan for your electric service. N
- You have the right to maintain your utility service for up to thirty (30) days upon presentation of a medical certificate issued by a health official. N
- You have the right to prompt (within 24 hours) restoration of your service when the cause for discontinuance has been corrected. N

**RULES AND REGULATIONS**

- (1) SCOPE N  

This schedule of Rules and Regulations is hereby made a part of all agreements and contracts for electric service received from Jackson Purchase Energy Corporation, hereinafter referred to as JPEC, and applies to all service received, whether such service is based upon a contract, agreement, signed application or otherwise. No employee or director of JPEC is permitted to make an exception to rates and rules. Regulations are on file at the JPEC office, can be inspected at the JPEC office, or on the JPEC website (www.jpenergy.com). All Rules and Regulations shall be in effect so long as they do not conflict with Kentucky Public Service Commission Rules and Regulations. N  
N  
N  
N  
N  
N
- (2) REVISIONS N  

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time after approval by JPEC's Board of Directors and the Kentucky Public Service Commission. Such changes, when effective, shall have the same force as the present Rules and Regulations. N  
N  
N
- (3) SUPERSEDE PREVIOUS RULES AND REGULATIONS N  

These Rules and Regulations supersede all previous Rules and Regulations under which JPEC has supplied electric service. N  
N
- (4) SERVICE AREA N  

JPEC furnishes electric power and energy in portions of Ballard, Carlisle, Graves, Livingston, Marshall and McCracken Counties. N  
N
- (5) AVAILABILITY N  

Available to all Members and non-Members of JPEC as specified in the tariff sheets and classifications of service. N

(6) AVAILABILITY OF SERVICE TO DELINQUENT MEMBERS N

If an application is received by a person residing with a delinquent Member at the premises where power and/or energy was supplied to the delinquent Member, the application will be denied on the grounds that the applicant is applying as the agent of the delinquent Member. N  
N  
N

(7) APPLICATION FOR ELECTRIC SERVICE N

Each prospective Member and/or spouse desiring electric service will be required to complete the "Application for Membership and Electric Service". Where applicable, the prospective Member must sign an agreement or contract pertaining to their particular service. Also, where applicable, the prospective Member must provide JPEC with all necessary electrical permits and fully executed right of way easements for his/her property, and all necessary load information at the time of application for service. The Member may be required to furnish his/her social security number, federal tax identification number, telephone number(s), date of birth, permanent address, place of employment, name of spouse and other information. (8) MEMBERSHIP N

The Membership fee shall be zero dollars (\$0.00). No Member may hold more than one (1) Membership in JPEC. Discontinuance of service will automatically terminate the Membership, and any Membership fee will be applied against any unpaid bills of the Member and/or refunded. No refund of any membership fee will be distributed unless the membership is terminated. Membership fees are not transferable from one Member to another. N  
N  
N  
N  
N

(9) CONTINUITY OF SERVICE N

JPEC shall use reasonable diligence to provide a constant and uninterrupted supply of electrical power and energy, but if such a supply shall fail or be interrupted or become defective through an act of God, or the public enemy, terrorist actions, or by accident, strikes or labor troubles, or by actions of the elements, or other regulatory action or for any other cause beyond the reasonable control of JPEC, JPEC shall not be liable. **RULES AND REGULATIONS**

For the purpose of making repairs to or changes in JPEC's facilities, JPEC may without incurring any liability therefore, suspend service for such period as may be required but will not inconvenience the Member unnecessarily. Whenever possible, JPEC will give reasonable notice to the Member prior to such suspension of service. N  
N  
N  
N

(10) EASEMENTS N

Each Member, together with his/her spouse and all other real estate title owners, shall grant or convey to JPEC, without cost, any permanent easements reasonably required by JPEC to provide electric service to that Member for the installation, maintenance, and operation of JPEC's electrical distribution system, both existing and future, with right of ingress and egress for these purposes over the Member's property, provided such electrical distribution system is located on real estate owned, rented or otherwise controlled by the Member. The failure or refusal to convey easements shall constitute grounds for discontinuing service. N  
N  
N  
N  
N  
N  
N

(11) RIGHT OF ACCESS N

Each Member shall, at the time of application provide JPEC with permits or shall sign right of way easements if applicable. JPEC shall at all reasonable hours have access to meters, service connections and other property owned by it and located on the Member's premises for purposes of placing, locating, building, constructing, operating, replacing, rebuilding, relocating, repairing, improving, enlarging, extending and maintaining on, over or under such lands and premises or removing there from its electrical distribution system, new or existing lines, wires, poles, anchors and other necessary parts. N  
N  
N  
N  
N  
N  
N

(12) NO PREJUDICE OF RIGHTS N

Failure by JPEC to enforce any of the terms of these Rules and Regulations shall not be deemed as a waiver of the right to do so. N

**RULES AND REGULATIONS**

(13) NON-STANDARD SERVICE N

The Member shall pay the cost of any special installation necessary to meet his/her requirements for service at other than standard voltage, or for the supply of closer voltage regulation than required by standard practices. N  
N  
N

(14) BILLING N

A bill for electric service is mailed to all Members each month a few days after the meter is read. Normally, the bill is for approximately 30 days of service, but may vary from 27 to 35 days depending on the number of working days in a month, bad weather or holiday schedules. Electric service is billed as per tariffs and/or special agreements as approved by JPEC's Board of Directors and the Kentucky Public Service Commission. Members may also be required to pay school, sales and/or franchise taxes as required by state and/or local governments. N  
N  
N  
N  
N  
N

If JPEC cannot obtain a reading of the Member's meter due to factors beyond JPEC's control, the reading may then be estimated. JPEC will estimate the Member's bill using information available to JPEC. This information may include previous billing information for this Member, billing information from similar services of other Members, weather data, and other applicable information. When the reading is estimated, it will be noted on the bill. After the next actual reading, the bill will be adjusted automatically if the estimated reading was too high or too low. Failure to receive a statement shall not release the Member from payment obligation. N  
N  
N  
N  
N  
N

JPEC shall not be responsible for any payment lost in the mail or for any payment made to any person not an employee of JPEC or to anyone who has not been authorized to accept such payments on behalf of JPEC. The gross rates shall apply to any such lost payments if not received by JPEC on or before the due date. N

**RULES AND REGULATIONS**

- (15) DEPOSITS N
- JPEC may require a minimum deposit to secure payment of bills except for Members qualifying for service connection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. N
- The residential deposit amount shall not exceed 2/12's of the average annual residential usage at the current rates. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the Member's bill, except that no refund or credit will be made if the Member's bill is delinquent on the anniversary date of the deposit. N
- The residential deposit may be waived upon a Member's showing of satisfactory credit, based on the credit information received from a credit bureau as determined by JPEC at the time the service is requested by the Member. If a deposit has been waived and the Member fails to maintain a satisfactory payment record, a deposit may then be required. JPEC may require a deposit in addition to the initial deposit if the Member's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts and any interest earned and owing, will be credited to the final bill with any remainder refunded to the Member. N
- The non-residential deposit shall be based on existing load information or information provided by Member. The deposit will be equal to 2/12's of the existing usage or 2/12's of the anticipated usage based upon information provided by Member. JPEC may require a deposit in addition to the initial deposit if the Member's classification of service changes or if there is a substantial change in usage. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the Member's bill, except that no refund or credit will be made if the Member's bill is delinquent on the anniversary date of the deposit. N
- If a deposit is held longer than eighteen (18) months, the deposit will be recalculated at the Member's request based on the Member's actual usage. If the deposit for the account differs from the recalculated amount ten percent (10%) for a Member, JPEC may collect any underpayment and shall refund any overpayment by check or credit to the Member's bill. No refund shall be made if the Member's bill is delinquent at the time of the recalculation. N

 SHEET NO. \_\_\_\_\_

**RULES AND REGULATIONS**

(16) LEVELIZED BILLING N

JPEC will provide a voluntary levelized billing plan for any residential Member who wishes to reduce variations in monthly electric bills based on the latest twelve (12) months usage. The levelized billing plan will not allow the accumulation of large credit or debit balances on a Member's account. The plan enables members to pay a monthly, levelized amount instead of monthly billings for actual usage. JPEC determines the levelized amount based on the following calculation: N

Average Monthly kWh Usage = 
$$\frac{\text{Current month's kWh usage} + \text{Previous 11 months' kWh usage}}{12}$$
 N

Average Monthly kWh Charge = Average Monthly kWh Usage X Current Rate N

1/12 Previous kWh Charge Balance = 
$$\frac{\text{Previous kWh charge balance}}{12}$$
 N

Current Levelized Amount (round to nearest dollar) = 
$$\text{Average Monthly kWh Charge} \pm \text{1/12 Previous kWh Charge Balance} + \text{Any Additional Fees Due}$$
 N

All current state, federal, and local taxes that are immediately paid by JPEC, service charges, arrears, and any recurring monthly charges such as security lights are added to the monthly levelized amount in order to calculate the current total levelized payment due. N

Payment dates and payment terms remain the same as for normal billing. Participants in levelized billing must pay the full amount of the levelized payment each month by the due date. N

Failure to pay the full levelized amount, failure to pay a collection fee, disconnect for nonpayment, illegal use of service, or theft of service will result in removal of the account from the levelized program. Accounts removed from the levelized program are placed on the normal billing program and any levelized balance is applied to the actual current billing. N

**RULES AND REGULATIONS**

Requirements for levelized billing are: (1) twelve (12) months of service at the location; (2) account is paid up-to-date; (3) satisfactory credit history. N  
N

JPEC may, at its discretion, offer this program to Members with less than twelve (12) months of service at the location with appropriate changes made to the formulas. N  
N

(17) PARTIAL PAYMENT PLAN N

Residential Members who are unable to pay their bills in accordance with JPEC's regular payment terms may come to JPEC's office during normal business hours to make arrangements for a partial payment plan and retention of service. Such arrangements must be made before the scheduled disconnect date as printed on the late notice. The agreement will be mutually agreed upon and be reasonable and in accordance with the provisions set forth in 807 KAR 5:006, Section 14, Refusal or Termination of Service and Section 15, Winter Hardship Reconnection. The agreement shall be in writing and signed by the Member or by verbal agreement as recorded by JPEC equipment. The agreement will state and the Member will be advised that should he/she fail to honor the payment schedule mutually agreed upon, the Member's service may be disconnected without prior additional notice. JPEC shall not be obligated or required to negotiate additional partial payment plans with Members who are currently delinquent under a previous payment plan. N

(18) LOCATION OF METERS N

Meters shall be easily accessible for reading, testing, making necessary adjustments and repairs and shall be located at a site designated by JPEC personnel. N  
N

(19) METER TESTS N

JPEC will, at its own expense, make periodic tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Kentucky Public Service Commission. JPEC will make a test of any meter upon written request of any Member. The Member will be given the opportunity of being present at such a "request test". Should the test made at the Member's request show the meter to be accurate within two percent (2%) slow or fast, no adjustment will be made N

(20) SERVICES PERFORMED FOR MEMBERS

N

JPEC personnel are prohibited from making repairs or performing services to the Member's equipment or property except in cases of emergency or to protect the public or Member's person or property. When such emergency service(s) is/are performed, the Member shall be charged for such service(s) at the rate of time and material(s) used.

N  
N  
N  
N

(21) RESALE OF POWER BY MEMBERS

N

All purchased electric power and energy used on the premises of the Member shall be supplied exclusively by JPEC and the Member shall not directly sell, sublet or otherwise dispose of the electric power and energy or any part thereof.

N  
N  
N

(22) NOTICE OF TROUBLE

N

Member or Member's representative should notify JPEC immediately should service be unsatisfactory for any reason or should there be any defects, trouble or accidents affecting the supply of electricity.

N  
N

(23) POINT OF DELIVERY

N

The point of delivery is the point as designated by JPEC on the Member's premises where electric power and energy is to be delivered to a building or premises, namely, the point of attachment, which is normally the point closest to the utility line. A Member requesting a delivery point different from the one designated by JPEC will be required to pay the additional cost of the special construction. All wiring and

equipment, excluding the metering, beyond this point of delivery shall be supplied and maintained by the Member. N  
N

(24) FAILURE OF METER TO REGISTER N

In the event a Member's meter should fail to register, the Member shall be billed from the date of such failure at the average consumption of the Member, based on the twelve (12) months period immediately preceding the failure and other information as deemed appropriate. N  
N  
N

(25) MEMBER'S WIRING AND INSTALLATION N

- A. The electric system of the Member's premises shall be installed to be in compliance with the standards of the most recent edition of NFPA 70, National Electrical Code, Rules and Regulations of JPEC and with the codes and regulations of any government authority having jurisdiction. Any required inspection by any governmental agency shall be secured by the Member. No connection or hookup shall be made until JPEC has received a certificate of inspection or certificate of exemption from the agency having jurisdiction. N  
N  
N  
N  
N
- B. All wiring, pole lines, equipment and appliances beyond the metering point or delivery point shall be installed, owned and maintained by the Member. JPEC assumes no duty or liability for any appliances or wiring not installed by JPEC or for any injury to persons or property resulting from appliances or wiring installed by the Member on its side of the meter or delivery point. N  
N  
N  
N
- C. JPEC shall have the right, but does not assume the duty, to inspect the Member's entrance equipment installation at any reasonable time. JPEC may refuse to commence or continue service whenever entrance equipment installation could subject any person to imminent harm or result in substantial damage to the property of JPEC or others, but no inspection by JPEC, nor the failure by it to identify deficiencies in the Member's entrance equipment installation shall render JPEC liable or responsible for any loss or damage resulting from defects in installation, wiring or equipment. When a dangerous condition is found to exist on the Applicant/Member's premises, the service shall be refused or discontinued without notice, provided that JPEC notifies the Applicant/Member immediately of the reasons for the refusal or discontinuance and the corrective action to be taken by the Applicant/Member before service can be connected or restored. N  
N
- (27) INSPECTIONS N  
 JPEC shall not connect a new or modified electric service until the required certificate of approval has been issued by a certified electrical inspector, as required by local and/or state laws. N  
N
- (28) PROTECTION OF JPEC EQUIPMENT N  
 The Member shall protect the equipment of JPEC on his/her premises and shall not interfere with or alter or permit interference with or alteration of JPEC's meter or other property except by duly authorized representatives of JPEC. For any loss or damage to the property of JPEC due to or caused by or arising from carelessness, neglect, vandalism or misuses by the Member or other unauthorized persons, the cost of the necessary replacement and repairs shall be paid by the Member. After proper negotiations with JPEC and if unable to reach an agreement, a court of law having jurisdiction over the parties shall determine the cost. N  
N  
N  
N  
N  
N  
N
- (29) RELOCATION OF LINES N  
 When JPEC is requested or required to relocate its facilities for any reason, any expense involved will be paid by the Member, firm, person or persons requesting the relocation, unless one or more of the following conditions are met: N  
N  
N  
N  
N  
N
  - A. The relocation is made for the convenience of JPEC. N
  - B. The relocation will result in a substantial improvement in JPEC's facilities. N
  - C. The relocation is associated with other regularly scheduled conversion or construction work and can be completed at the same time. N

**RULES AND REGULATIONS**

(30) VOLTAGE FLUCTUATIONS CAUSED BY THE MEMBER N

Electric service must not be used in such a manner as to cause unusual fluctuations or disturbances to JPEC's distribution system. JPEC may require the Member, at his/her own expense, to install suitable apparatus which will reasonably limit such fluctuations or disturbances. N  
N  
N

(31) REFUSAL OR TERMINATION OF SERVICE N

JPEC may refuse or terminate service to a Member under the following conditions, except as provided in 807 KAR 5:006: N  
N

- A. For noncompliance with JPEC's tariffed rules or Kentucky Public Service Commission regulations. JPEC may terminate service for failure to comply with applicable tariffed rules or Kentucky Public Service Commission regulations pertaining to that service. However, JPEC shall not terminate or refuse service to any Member for noncompliance with its tariffed rules or commission regulations without first having made a reasonable effort to obtain Member compliance. After such effort by JPEC, service may be terminated or refused only after the Member has been given at least ten (10) days written termination notice pursuant to 807 KAR 5:006. N  
N  
N  
N  
N  
N  
N
- B. For dangerous conditions. If a dangerous condition relating to JPEC's service which could subject any person to imminent harm or result in substantial damage to the property of JPEC or others is found to exist on the Member's premises, the service shall be refused or terminated without advance notice. JPEC shall notify the Member immediately in writing and, if possible, orally of the reasons for the termination or refusal. Such notice shall be recorded by JPEC and shall include the corrective action to be taken by the Member or JPEC before service can be restored or provided. N  
N  
N  
N  
N
- C. For refusal of access. When a Member refuses or neglects to provide reasonable access to the premises for installation, operation, meter reading, maintenance or removal of JPEC property, JPEC may terminate or refuse service. Such action shall be taken only when corrective action negotiated between JPEC and the Member has failed to resolve the situation and after the Member has been given at least ten (10) days written notice of termination pursuant to 807 KAR 5:006. - (33) NEW SERVICE TO BARNES, CAMPS, PUMPS AND MISCELLANEOUS SERVICES NOT CONSIDERED PERMANENT PREMISES N  
N
  - A. This rule shall apply to services where the amount of consumption and/or the permanency of service cannot be reasonably assured as determined by JPEC. N  
N
  - B. All wiring shall be in accordance with JPEC's Rules and Regulations and the most recent edition of NFPA 70, National Electrical Code. N  
N
  - C. A contribution-in-aid of construction shall be required from the Applicant/Member for all facilities installed to provide service under this section . Aid of construction payment shall be estimated and received by JPEC before construction is begun. When construction is completed, the Member shall be billed for the actual cost of construction and credit for advance payment shall be given. N  
N  
N  
N
  - D. The Member requesting service may clear right-of-way, to JPEC specifications, inspection(s) and approval, for initial installation in order to reduce cost. N  
N
  
- (34) DISTRIBUTION LINE EXTENSIONS N
  - A. A single phase extension to a permanent premises of one thousand (1,000) feet or less shall be made by JPEC to its existing distribution line without charge for a prospective Member who shall apply for and agree to use the service for one year or more and provides guarantee for such service. The "service drop" to the structure from the distribution line at the last power pole shall not be included in the foregoing measurements. This distribution line extension shall be limited to service where the installed transformer capacity does not exceed 25 kVA. Any extensions to a Member who may require polyphase service or whose installed transformer capacity will exceed 25 kVA will be required to pay in advance additional cost of construction which exceeds that for a single phase line where the installed transformer capacity does not exceed 25 kVA. **RULES AND REGULATIONS**

- G. All mobile homes not on a foundation and/or not connected to sanitary sewer, septic system or disposal field shall be considered in a readily removable condition and will be considered as a temporary service. N
  - H. Mobile homes which are located in an established Mobile Home park or placed on a permanent foundation, with the transport equipment removed (axel(s) and tongue), and connected to a sanitary sewer system, septic tank or disposal field as required by the Commonwealth of Kentucky, shall be considered as a permanent home. N
- (36) EXTENSION OF UNDERGROUND SERVICE AND PRIMARY N
- JPEC will extend underground electric distribution systems for all new Members and subdivisions in accordance with Kentucky Public Service Commission Regulation 807 KAR 5:041, Section 21 and the following conditions and terms: N
- A. Right of Way and Easements. Applicant/Member shall furnish suitable right of way and easements for JPEC's underground facilities. Applicant/Member shall perform such services as necessary to facilitate construction and accessibility by JPEC to area, including approximation of final grade. N
  - B. Land Rights. Suitable land rights shall be granted to JPEC, obligating the applicant and any subsequent property owners to provide continuing access to JPEC for the operations, maintenance and/or replacement of its facilities and to prevent any encroachments upon JPEC's easement or any substantial change in grade or elevation. N
  - C. Contractual Agreements. Individual contractual agreements may be required with respect to individual service applications, including but not limited to subdivisions, commercial or business services or unusual cases. N
  - D. Underground Cost Differential Charge. Applicants/Members shall not be required to pay a non-refundable "cost differential charge" for underground services when the terms and conditions specified below are met. N
  - E. Primary Extensions. Applicant/Member shall install a suitable conduit system for the installation by JPEC of its primary cables. The conduit system may include: N
    - 1. Electric grade conduit as specified by JPEC. N

**RULES AND REGULATIONS**

- 2. Long radius elbows or bends shall be required. The maximum number of bends in any single run of conduit shall be limited to the equivalent of three (3) ninety degree (90°) bends.
  - 3. JPEC furnished equipment, such as vaults or pull boxes.
  - 4. Pull string of sufficient strength to allow JPEC to install the necessary pulling rope.
  - 5. JPEC will provide the riser and any junction or pull vaults. The conduit system shall be installed to meet all applicable codes and regulations and JPEC specifications. JPEC reserves the right to inspect any conduit system during installation and prior to backfilling of trench(es) by Applicant/Member. JPEC shall not accept an Applicant/Member installed conduit system unless inspection was made by JPEC prior to backfilling any trench.
  - 6. Upon acceptance of the conduit system by JPEC, JPEC shall assume ownership, liability, and future maintenance of the conduit system.
- F. Secondary or Service Extensions. Applicant/Member shall install a suitable conduit system for the installation by JPEC of its secondary/service cables. The conduit system may include:
- 1. Electric grade conduit as specified by JPEC.
  - 2. Standard radius elbows and bends shall be required. The maximum number of bends in any single run of conduit shall be limited to the equivalent of three (3) ninety degree (90°) bends.
  - 3. Pull string of sufficient strength to allow JPEC to install the necessary pulling rope.
  - 4. JPEC will provide the riser and any secondary junction or pull vaults or enclosures. The conduit system shall be installed to meet any applicable codes and regulations and JPEC specifications. JPEC reserves the right to inspect any conduit system during installation and prior to backfilling of trench by Applicant/Member. JPEC shall not accept an Applicant/Member installed conduit system unless inspection was made by JPEC prior to backfilling any trench.
  - 5. Upon acceptance of the conduit system by JPEC, JPEC shall assume ownership, liability, and future maintenance of the conduit system.
- G. Subdivisions – Each subdivision will be evaluated to determine the necessary facilities to be installed. The subdivision developer or Member will be required to comply with the Primary Extension and Secondary or Service Extensions requirements as defined above.
- H. Overhead to Underground – When an existing Member requests underground facilities and is currently served with adequate overhead facilities, the entire cost of the requested change from

overhead to underground shall be borne by the Member as a non-refundable contribution-in-aid of construction prior to the beginning of such conversion. JPEC shall provide an estimate to the Member of the expected cost. The cost shall include:

1. Labor, materials and applicable overhead for the new underground installation.
2. Labor and applicable overhead for the removal of the existing overhead facilities.
3. Less the value of any reusable materials removed.

The total cost of the conversion shall be deposited by the Member based on the estimated cost of the total conversion. When construction is completed, the Member shall be billed for the actual cost of construction based on the average cost per foot of the total conversion, and credit for advance payment shall be given.

All other terms and conditions specifically set forth in Section 36 and any other terms and conditions within these Rules and Regulations shall apply.

(37) CONNECTION OR RECONNECTION OF SERVICE

JPEC shall charge a fee in accordance with the non-recurring fees as approved by JPEC's Board of Directors and Kentucky Public Service Commission to cover costs for a Member to connect or reconnect service during regularly scheduled hours. This charge offsets time spent by JPEC in dispatching personnel to the meter location. If a Member requests to be connected or reconnected at a time outside regularly scheduled hours, an after hours fee in accordance with the non-recurring fees as approved by JPEC's Board of Directors and Kentucky Public Service Commission shall be made. The after hour charge shall be in lieu of the regular scheduled fee.

Should a service disconnected for non-payment require reconnection at the transformer, the Member may be levied actual JPEC incurred costs including overhead charges.

(38) RETURNED CHECKS

Checks returned to JPEC by the bank which are marked "insufficient funds," "no account," etc. will not be regarded as a payment. Postdated checks will not be accepted by JPEC as a payment of any account.

**RULES AND REGULATIONS**

Upon receiving a returned check from the bank, a letter shall be prepared and mailed to the Member stating that such check has been returned to JPEC, and that the account is still due and payable in addition to a returned check charge fee, billed in accordance with the non-recurring fees as approved by JPEC's Board of Directors and the Kentucky Public Service Commission, for handling the returned check. If reimbursement is made by the Member for such check prior to the delinquent date, then the net charge will prevail. However, if reimbursement by the Member to JPEC is made following the delinquent date, the gross charges shall apply. N  
N  
N  
N  
N  
N

In the event a collection agent is dispatched to effect collection of such returned check, then the same charges and procedures listed under Section 31, REFUSAL OR TERMINATION OF SERVICE, shall apply. N  
N

(39) MONITORING OF MEMBER USAGE N

JPEC will monitor the usage of each Member according to the following procedure: N

- A. JPEC will monitor the consumption of its Members each month. N
- B. If the current month's consumption is approximately the same or if any difference is known to unique circumstance, such as unusual weather conditions common to all Members, or if the Member's previous month's consumption has been estimated, no further review will be done. N  
N
- C. If the monthly consumption differs by two hundred percent (200%) higher or fifty percent (50%) lower than the previous month's consumption and cannot be attributed to a readily identified common cause, JPEC will compare the Member's consumption records for the twelve (12) month period with the same months of the preceding year. N  
N
- D. If the cause for the deviation in consumption cannot be determined from analysis of the Member's meter reading and billing records, JPEC will contact the Member to determine whether there have been changes such as different number of household members, additional and different appliances, any problems with the heating or cooling unit(s) or other reasons for the deviation in consumption. N  
N  
N
- E. Where the deviation is not otherwise explained, JPEC will test the Member's meter to determine whether it shows an average error greater than two percent (2%) fast or slow. N  
N
- F. JPEC will notify the Member of the investigation, its findings, and any refunds or back billing in accordance with 807 KAR 5:006, Section 10 (4) and (5). N
