RE: Case No. 2007-00124

We are contacting you because of our concerns of your proposed site for the NTELOS tower you plan to construct. We own 12 acres of land that we are planning to develop with residential housing. Our concerns are the proposed tower site & location will be in view of our housing development, which creates concerns that this may hurt the value and sale of the homes we are preparing to construct. We would appreciate if someone would contact about this issue as soon as possible.
