Dear Commission Members:

I think we have studied, to death, the water situation in Lexington and it is now time to come to a positive conclusion. My husband and I are grateful for the all the collaboration and hard work done by the Bluegrass Water Supply Commission and Kentucky American Water. It is time for the teasing from the Louisville Water Company to cease. We hope you will support the Central Kentucky Solution proposed by Kentucky American Water and the Bluegrass Water Supply Commission.

Thank you for your service on our behalf.

Sincerely,

Barbara J. Gardner
